Key Indicator - 7.3 Institutional Distinctiveness

7.3.1 – Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words.

Theem Maker's Vector which was started at its own earmarked premise on 31 July 2018 enabled students to carry out their innovative projects with equal attention on safety of self and machines. The workshop's liberty environment made all the projects to obtain tangible products as 'Quality Innovative Products' within the cost-conscious. This approach encouraged the budding engineers to acquire technical and professional skills and motivated to work in team the spirit of competitiveness among groups.
Here are a few of the projects accomplished in TMV (Theem Makers' Vector).

Objectives:
1. To develop problem-solving design skills in Club Competition.
2. To update students about recent technological changes in the industry.
3. To generate revenue through consultancy and enhance employment and entrepreneurial ability.
4. To offer consultancy product development services to external agencies revenue generation.

Outcomes and Achievements:

Thrust: The primary effort to achieve the innovative project goals was a success through the teams of engineering student projects.

1. A Report on 'Internal Hackathon 2022

Internal THEEM Hackathon 2022 Event of Smart India Hackathon (SIH) 2022 was conducted in Theem College of Engineering on 12th April 2022 by. Senior faculties from various department were invited as judge to evaluate the idea solution and its implementation and other parameters to specific problem statements demonstrated by several competing teams of students and selected the top teams to be nominated for SIH 2022 registration for final competition at National level. More than 50 teams and 190 students have participated in the internal Hackathon. Students have participated enthusiastically and presented their solution to the Jury members. The evaluation process was done with solution presentation as per the SIH 2022 format and students demonstrated the basic functionalities of their solutions. The rigorous evaluation process and feedback done by all the jury members were really helpful for the teams to understand their shortcomings and solution improvement. Jury members congratulated all the team members and gave them best wishes for the national level Smart India Hackathon 2022 event.

Tables shows classification of idea/solution category wise submitted at internal THEEM Hackathon 2022.

The criteria for judging the idea/solution is shown in below table

Key Attributes	Description	Score
Idea	How unique or creative is the concept of the project/product/solution?	10
Implementation	How effective is the technical approach and implementation of the project/product/solution?	10
Functionality	How well the project/product/solution in terms of its claimed functionality?	10
Design	How well the project/product/solution is designed and polished?	10
Presentation	Does the presentation clearly define and address the project/product/solution?	10
Total		50

2. 5th Edition Smart India Hackathon (SIH-2022)

WHAT IS SIH?

Smart India Hackathon is a nationwide initiative to provide students with a platform to solve some of the pressing problems. we face in our daily lives, and thus inculcate a culture of product innovation and a mindset of problem-solving The first four editions SIH2017, SIH2018, SIH2019 and SIH2020 proved to be extremely successful in promoting innovation out-of-the-box thinking in young minds, especially engineering students from across India.

WHAT'S NEW IN SMART INDIA HACKATHON 2022

SIH 2022 brings the next generation evolution by inclusion of new methodology to inculcate the culture of startup and innovation ecosystem across different age groups i.e. are as follows: -

A Following team of 36 students had participated in Smart India Hackathon 2022 organized by MHRD Government of India Software Edition grand finale from 25 to 26 August 2022. And Hardware Edition grand finale from 25 August and 29 August 2022.

As the very name suggests in hackathon we try to use tech to hack into real world problem to solve them better. It's a 24–72 hours product making competition where every team needs to develop a product from scratch during those pretty hours. A team size can vary from 2–6 depending on the organization who is organizing it. Hackathons weather internal or external are events that are used to crowd source ideas. Irrespective of how many hours or days it takes, it is a platform that should give participants the freedom to collaborate and work on various hacks on a software or to collect ideas. Hackathons should

1. Foster innovation through collaboration.
2. Inspire participants to present actionable ideas.
3. Help participants to discover talent and creativity.

Notice regarding Smart India Hackathon

An awareness program about Smart India Hackathon (SIH-2022) is organized for the students of MECH/AUTO as per the below mentioned schedule:-

Sr. No.	Date & Time	Department	Venue
01	21-04-2022 at 12:00 PM	MECHANICAL ENGG.	Seminar Hall – 3rd Floor
02.	21-04-2022 at 3:00 PM	AUTOMOBILE ENGG.	

Students of respective branch are requested to attend this session.

For more details about Smart India Hackathon log on to :

3. Best Paper Titled in 2nd National Conference

A Report on National Conference in Engineering Excellence and Metamorphosis (THEEM-2022)
To cope with the new trends and the rate of transformation in the arena of engineering and technology, Theem College of Engineering (Theem COE) have initiated a step ahead to conduct National Conferences in the campus under the name of THEEM (Trends and Herald in Engineering Excellence and Metamorphosis).

Theem COE conducted the first National Conference THEEM-2020 in the year 2020 which had boosted us towards the present two days conference THEEM-2022 which was scheduled on 10 and 11 June 2022. The conference received more than 100 research papers of various areas of specialization from UG and PG students as well as the academician out of which 94 papers were selected by the publication committee and accepted for publication in International Journal of Advance and Innovative Research (IJAIR).

Day-01 Programmes

The conference started with an inaugural function (session-01) on 10 June 2022 at 10.00 a.m. At first. welcome address with Holy Quran recitation happened, after that Dr. N. K. Rana introduced and felicitated the keynote speaker Dr. Suresh Shan. Dr Shan presented his keynote address on the topic "Industry Vision 4.0" in which he discussed the Challenges in Research and Development also he emphasized that students should come out with different innovative ideas for rural area development. The inaugural function concluded with vote of thanks given by Dr. Shah Aqueel Ahmed at 11.15 a.m. Here, you can eye-witness some glimpses of Inaugural Function.

The following Students were awarded the Best Paper Title in 2nd National Conference as per track wise details as follows.

In Track 1 Science and Humanities:

The following Students has Participated & Presented a paper titled on Impact of speech Anxiety on student's public speaking skills (first Prize) in THEEM-2022 held on 10 & 11 June 2022 at Theem College of Engineering,

1.Tanmay Deepak Rale
2.Shruti Rajesh Sankhe
3.Prapti Santosh Patil

In Track 2 Comp./IT :

The following Students has Participated & Presented a paper titled on Organ donation application web service-won the First Prize in THEEM-2022 held on 10 & 11 June 2022 at Theem College of Engineering,
1.Hrishikesh Sankhe
2.Saavankar Biswas
3.Mehtab Ali Chaudhari
