

7.2 Best Practices:

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

The Institute encourages students and faculty to perform in multiple domains. We have identified the following Best practices as per our strength.

1. Transform student's project into paper publication.

Outcomes: Theem College of Engineering (Theem COE) have initiated a step ahead to conduct International Conferences in the campus under the name of THEEM-2023 (Trends and Herald in Engineering Excellence and Metamorphosis). The conference received various research papers in multiple specializations from the industries and Academic Backgrounds.

2. Awareness campaign for utilization of Open Source Software in higher education.

Outcomes: To identify the awareness of open source software among students and faculties.

3. Industry Institute Interaction.

Outcomes: Theem College of Engineering (Theem COE) had an initiative to organize various activities under Industry Institute Interaction cell for the students and faculties. The Industrial Experts lectures, Alumni talks, Industrial Visits, Internships etc are organized.

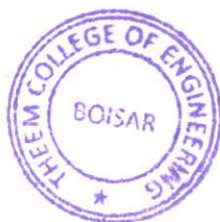

4. "Counselling and Career guidance - for Secondary and Higher Secondary Students".

Outcomes: To teach information of specialized instruction and career alternatives to the school understudies.

5. Junior Scientist Program for local Schools of Boisar region.

Outcomes: To promote interest in science and technology.

Best practices are those which add value to human life and support the main cause of an Institution. Moreover, this is one of the greatest events conducted by Theem College of Engineering which will motivate the students for achieving their future goals.

Best Practice-1

Transform students' project
into paper publication.

Best Practice 1:

1. Title of the Practice: Transform students' project into paper publication.

2. Objectives of the Practice:

Objectives/Outcomes:

- To empower understudies to pick Inquire about and Advancement as a career.
- To take part different occasions like extend competition, paper introductions
- To create mindfulness around cooperation on totally different occasions held at state, national and universal level.
- To empower understudies to the range of Mental Property Rights.
- To conduct valuable courses and specialized workshops & conferences as per the current industry requirement.

2. The Context: -

The purpose of this activity is to motivate Engineering Graduates to opt their career in Research and Development to accelerate the economic development of the country.

3. The Practice:

Theem College of Engineering (Theem COE) has initiated a step ahead to conduct International Conferences in the campus under the name of THEEM-2023. (Trends and Herald in Engineering Excellence and Metamorphosis). Theem COE conducted the first National Conference THEEM-2020 in the year 2020 which had boosted us towards the present two days International conference THEEM - 2023. The conference received various research papers of various areas of specialization from UG and PG students and from industries. Few papers were selected by the publication committee and are accepted to present their papers in the International conference THEEM - 2023. It is an opportunity for showcasing the efforts and expertise in creating innovative solutions to real-world problems by engineering students. There was a selection of the best paper presentation of each track. And selected papers were forwarded for publication in the ICTACT Journals.

5. Evidence of Success:

The conference received more than 200 research papers of various areas of specialization from UG and PG students out of which 101 papers were selected by the publication committee and are accepted to present their papers in International conference THEEM - 2023. The event was inaugurated by Dr. Mohammad Israr, President Maryam Abacha American university, Nigeria. The keynote of the conference was delivered by Dr. K. P. Karunakaran, Professor IIT Bomba and Dr. Pirsab Attar, Asst. Professor, Dept of Production Engineering, VJTI, Matunga Mumbai. After that all session chairs are welcomed and felicitated by college higher authorities and senior staff. Hereafter the beginning of the sessions are announced. Different sessions are simultaneously conducted for each track. And session chairs for respective tracks judged each presentation. Track coordinator monitored and guided the entire session. And ensured their support to conduct each session successfully.

- Various tracks details is given as :

Sr. No.	Track	Streams
01	COIT	Computer Science, Information Technology
02	ELEC	Electrical, Electronics & Telecommunication Engineering
03	MEA	Mechanical, Production, Automobile Engineering
04	CVE	Civil Engineering
05	APSC	Applied Science & Humanities

A Special Session is also organized for industry's participants. Total 04 papers were presented by industry's participants. It was tough to finalize the best paper for each track. The session chair and track coordinator made a hard decision and finalized the best papers for each track. There was a selection of the best paper presentation of each track. And best teams were awarded by certificates and are appreciated.

Selected papers proceed for ICTACT Journal Publication. Total 10 papers are proceeding for Journal publication. Journal publications which were decided for publication are ICTACT Journal on Soft Computing, ICTACT Journal on Image and Video Processing and Indian Journal of Chemical Technology.

6. Problems Encountered and Resources required:

Research confirms that under the right conditions project-based learning, although sometimes difficult to implement, can improve student learning. Students were hesitating to take part in the paper presentation because of lack of confidence and daring. Students were Feeling burden of academics to participate in activities and to motivate students to participate is a challenge.

About Institute

H. J. Thim Trust established **Theem College of Engineering** in 2009 at Boisar with an objective of "Success... through Quality Education" for the development of youths who plays a decisive role in shaping the destinies of nation. The institute's serene and tranquil surroundings create a carnival atmosphere to develop students' overall growth in technical education as well as humanities.

Theem College of Engineering is approved by AICTE, Government of Maharashtra and DTE, and affiliated to University of Mumbai. The institute is awarded with B+ grade by NAAC. The institute is a remote centre of IITB-NMEICT (MHRD, Govt. of India). The institute is emerged as the only Premier Engineering College in Boisar with an overall intake of 660 students in the following graduate engineering programmes –

- *Computer Engineering*
- *Information Technology Engineering*
- *Mechanical Engineering*
- *Civil Engineering*
- *Computer Science Engg. (AI & ML)*
- *Automobile Engineering*
- *Electrical Engineering*

In addition to this the institute has following diploma engineering programmes –

- *Computer Engineering*
- *Mechanical Engineering*
- *Civil Engineering*
- *Electrical Engineering*

The institute's well-maintained infrastructure, rich academic excellence and teaching-learning ecosystem steer students to achieve their engineering skills and career goals. To enhance multi-tasking growth, the institute equally focuses on co-curricular and extra-curricular activities which yielded university rank holders and winners of various technical and sports events.

About Conference

Technology is a progressive phenomenon where the academic research can bring the rate of transformation critically fast to cater the society needs. To achieve these needs, **Trends n Herald in Engineering Excellence and Metamorphosis-2023** (THEEM-2023) provides the best avenues for the publication of new researches and developments. After success of two national conference we are going ahead with first international conference.

The THEEM-2023 is an initiative to bring academicians, research scholars, industry experts and student community from various domains for knowledge exchange concerning current trends in engineering technology, science and humanities.

The THEEM-2023 facilitates the participants to present, discuss and publish their recent research results and approaches which develops new ideas and collaborations to achieve the needs of emerging industry. The conference also influences to learn the latest innovations and technologies to develop the future system.

Topics for International Conference

(Papers can be submitted on the following but not limited to)

Track 1-Computer Science/Information Technology

- Artificial Intelligence, Machine Learning and Deep Learning
- Big Data Analytics, Business Intelligence
- Block Chain Technology
- Cloud Computing
- Computer Networking and Security
- Database and Data Mining
- Digital India
- Distributed and Parallel Systems
- Grid Computing
- Green IT
- Natural Language Processing
- Recent Trends in IT

Track 2-Electrical/Electronics & Telecommunication Engineering

- Biomedical Engineering
- Digital Signal Processing
- Electric Drives and Control
- Image & Video Processing
- IoT Controlled Devices
- Micro Grid and Smart Grid
- Power Quality
- Power System Protection
- Renewable Energy
- Robotics & Automations
- VLSI & Embedded Systems
- Wireless Sensor & Networking

Track 3-Mechanical/Production/Automobile Engineering

- Advance of Automobile Engineering
- Agro-Farm Equipment
- Commercial Vehicle Technology
- Metallurgy and Manufacturing
- Noise, Vibration and Harshness Control
- Optimization Techniques
- Pollution Control
- Rapid Prototyping and CAE
- Robotics and Industrial Applications
- Recent trends in EV

Track 4- Civil Engineering

- Advance of Structural Engineering
- Disaster Management and Mitigation
- Environmental Engineering
- Geotechnical Engineering
- Highway and Pavement Engineering
- Innovative Concrete and Smart Material
- Remote Sensing and GIS application

Track 5- Applied Science & Humanities

- Applied Chemistry
- Applied Mathematics
- Applied Physics
- Communication Skills
- Library & Information Science

Submission of Full Paper:

The prospective authors are invited to submit full Paper (A4 size up to 6 pages) in the manuscript formats as per templates available at website.

<https://theemcoe.org.in/theem2023/>

OR

Submit your paper by email to: theem2023@theemcoe.org

1. Manuscript must be submitted on the understanding that they have not published this paper elsewhere and is not currently under consideration by any other conference/Journal.
2. All the authors should take care that the research paper should be their original work. If there is any issue of copyright and plagiarism then the author of research paper will be responsible. Before submitting your research paper kindly checks the plagiarism of research paper.
3. After expert view, author may asked to submit camera ready paper in doc & pdf format (should not exceeds 20MB), copyright form, registration form and scan copy of Demand draft/Cash receipt/Invoice copy by email as well as hard copy by post.
4. Faculty, student or any person from Industry & research scholar may participate in the conference.
5. Paper Format: Full paper should not be more than 6 pages and should be in Microsoft word format and PDF Format strictly.

Publications:

In conference proceeding e-book with ISBN. Quality papers will also be referred to Scopus Index ECI/SCI/Springer Journals on extra payment basis.

Accommodation:

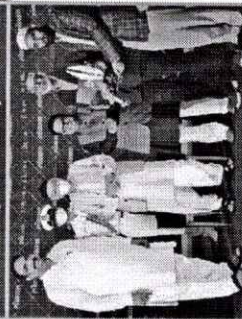

The accommodation will be available on payment basis by sending the request in advance. For more detail contact to:

ICTACT Journal on Soft Computing
An International Publication of ICT Academy

About The Journal

ICTACT Journal on Soft Computing (IJSC) is a peer – reviewed International Journal published quarterly. IJSC welcomes Scientists, Researchers, Academicians and Engineers to submit their original research papers which is neither published nor currently under review by other journals or conferences. Papers should emphasize original results relating to both theoretical and application issues of Soft Computing. Review articles, focusing on multi disciplinary views of Soft Computing, are also welcome.

UGC-CARE- A Quality Mandate for Indian Academia

To match global standards of high quality research, in all academic disciplines under its purview, the University Grants Commission (UGC) aspires to stimulate and empower the Indian academia through its "Quality Mandate". A public notice was issued by the UGC, on the 28th of November, 2018, to announce the establishment of a dedicated Consortium for Academic and Research Ethics (CARE) to carry out this mandate.

Best Practice-2

Awareness campaign for
utilization of Open Source
Software in higher
education.

Best Practice 2:

1. Title of the Practice: Awareness campaign for utilization of Open Source Software in higher education.

2. Objectives of the Practice:

Objectives/Outcomes:

- To be aware of understudies to utilize open source software available in the profession.
- To identify the awareness of open source software among students and faculties
- To identify different open source software available for higher education.
- To identify the use of open source software.
- To identify the barriers in the use of open source software

2. The Context: -

The present study was conducted with the aims to study the awareness and adoption of Free and Open Source Software at higher education level and to study the factors influencing the awareness and adoption of Free and Open Source Software. The purpose of this activity is to motivate Engineering Graduates to utilize open source software available in their career in education, Research and Development.

3. The Practice:

Theem College of Engineering (Theem COE) has initiated a step ahead to conduct an awareness campaign among the understudies for utilization of Open Source Resources at institute level. And make available various open source software lab setup used in higher level education, research and development. So the faculties and students can utilize their leisure time to learn open source software available in the profession. The institute has set up an open source lab under the department of information technology. And the department tools efforts to set up the open source lab. To make available open source software helpful in the profession.

5. Evidence of Success

The department of information technology has set up the open source lab for faculty and students with due permission of higher authorities. The department utilizes their resources and efforts to set up the lab. A research team decided the list of software to be installed in the lab. With 3 days of effort open source software's are installed and the lab is set up. And after successful installation the lab is available for faculty and students. The faculties and students utilize the lab for various purposes like academic experiments, learning , research and development. And record of lab utilization is maintained as lab accession log book.

6. Problems Encountered and Resources required:

While researching for open source software to be installed, it was difficult to decide the software to select for installation. The research team took some suggestions from experts and decided the list of software to be installed with due permission of higher authorities.

Permission letter

To,

The Principal
Theem college of Engineering Boisar.

Sub: Seeking Permission for Set up an open source lab under the Department of Information Technology.

Respected Sir

I am Sneha Sankhe, Head of Department of information technology, asking for permission to **set up an open source lab under the Department of Information Technology**. As we are aware about the importance of open source software. So to encourage students and to make awareness of the open source software we want to make a lab completely with installed open source software. For that we install some open source software in the lab's Computer and make it available to all. It will help students and faculties to use available open source software easily. So I am asking to grant us permission for space utilization and required resources.

I request you to give us the permission to set up the open source LAB.

With best regards,

Yours Sincerely,

Prof. Sneha Sakhe

Best Practice-3

Industry Institute Interaction

Best Practice 3:

1. Title of the Practice: Industry Institute Interaction.

2. Objectives of the Practice:

Objectives/Outcomes:

- Aligning students' ambitions will enable them to adapt their knowledge to the industrial culture.
- To ensure Participation of students and faculties in regular seminars, guest lectures, conferences, corporate meetings, etc. that are industry-related.
- To invite industry experts and alumni to attend institutions for knowledgeable lecturers.
- To develop professionalism, ethical principles, and industry-specific awareness among students and faculties.
- Participation of experts from industries in curriculum development.
- To organize industrial visits for Faculty members and students.

3. The Context: -

The purpose of this activity is to fill the gap between Industry and Academia and to organize industrial training for the students and faculties. To determine the areas in which executive development programs are needed in light of recent technological advancements. The context to give awareness about the industrial process and operations to students and faculties.

4. The Practice:

Theem College of Engineering (Theem COE) has initiated a step ahead to organize various activities under Industry Institute Interaction for the students and faculties. The Industrial Experts lectures, Alumni Experts lectures, Industrial Visits, in-plant Training, Internships, Student & Faculty Training Programs, Workshops, Guest Lectures, Webinars, Expert Talks are arranged for the students and faculties. The Industry Institute Interaction cell will help the Individual departments to arrange/organize such activities on a regular basis.

5. Evidence of Success:

I) Industry Institute Interaction Cell:

Industry Institute Interaction Cell was formed to make sure each process to be executed smoothly and to be fruitful. The Committee is formed for Industry Institute Interaction Cell for guidance and well organized arrangement of the activities. Mr. Valiyullah Sheriff, "Managing Director" Niton Valves Pvt. Ltd. Navi Mumbai, Mr. Deepak Bhave "Vice-President", Viraj Steel Pvt. Ltd. Boisar, Mr. Samee Siddiqui, Industrialist, Mumbai and Mr. Kashif Shah, Mumbai are the industrial experts in the governing body of Industry Institute Interaction Cell.

Under the Industry Institute Interaction Cell various activities are organized. Few of them are needed to put on canvas.

II) International Conference - THEEM-2023:

Theem College of Engineering (Theem COE) have initiated a step ahead to conduct international Conferences in the campus under the name of THEEM (Trends and Herald in Engineering Excellence and Metamorphosis). Theem COE conducted the first National Conference THEEM-2020 in the year 2020 which had boosted us towards the present two days International conference THEEM - 2023 on 28th and 29th April 2023. The conference received more than 200 research papers of various areas of specialization from academics and industries. 101 papers were selected by the publication committee and are accepted to present their papers in the International conference THEEM - 2023.

Industry Sponsored Special Session was invited from the Industry in the international conference. For this Session various papers were received from the industry experts. Out of which 04 research papers were selected by the publication committee and are accepted to present their papers. Participants from the Viraj Profiles Private Limited Tarapur and JSW SCPL Boisar industries presented their papers in the international conference THEEM - 2023. The Paper **Application Of Industry 4.0 Technologies In The Steel Manufacturing** was selected as best paper by the juries and the team was rewarded by the certificate and best paper award of the Session.

III) Industrial Visit:

Industrial visits will be fruitful to the understudies for having better appreciation of practical experience about learning in academia. It helps to fill the gap between the academia learning and practical experience.

a) Industrial Visit to “Adani Thermal Power Station, Dahanu” on 11/10 /2022:

An Industrial Visit was arranged for the students on the date of 11/10 /2022. Visit to the Adani Thermal Power Station, Dahanu is planned and arranged under the III Cell. Total 59 students and 04 staff members from the institute visited the Adani Thermal Power Station, Dahanu. Prof. Iqbal Mansuri, *Asst. Professor* Department of Mechanical Engineering, Prof. Sami Malik, *Asst. Professor* Department of Mechanical Engineering, Theem COE Boisar and Prof. Yusuf Rahman, *Asst. Professor* Department of Mechanical Engineering, Theem COE Boisar, coordinated this Industrial Visit .

b) Industrial Visit to “Sifar Car Care, MIDC Tarapur” on 25/08 /2022:

An Industrial Visit is organized on 25/8/2022 to **Sifar Car Care, MIDC Tarapur Road**. Total 50 students and 02 staff members from the institute visited the Sifar Car Care, MIDC Tarapur. Prof. Iqbal Mansuri, *Asst. Professor* Department of Mechanical Engineering, Theem COE Boisar and Prof. Abdul Bari, *Asst. Professor* Department of Mechanical Engineering, Theem COE Boisar, coordinated this Industrial Visit. It was a great experience for students and faculty to interact with the industry personnel.

c) Industrial Visit to “RMC Plant, Adhikari Pvt Ltd., Boisar” on 03/04 /2023:

An Industrial Visit was organized on **03/04 /2023** to **RMC Plant, Adhikari Pvt Ltd., Boisar**. Total 43 students and 02 faculties from the institute visited the **RMC Plant, Adhikari Pvt Ltd., Boisar**. Prof. Musfique Reza, Asst. Professor Department of Civil Engineering, Theem COE Boisar this Industrial Visit. It was a great experience for students and faculty to interact with the industry personnel.

d) Industrial Visit to “Water Treatment Plant, MIDC, Tarapur, Boisar” on 03/04 /2023:

An Industrial Visit was organized on 03/04 /2023 to **Water Treatment Plant, MIDC, Tarapur, Boisar** Total 43 students and 02 faculties from the institute visited the RMC Plant, Adhikari Pvt Ltd., Boisar. Prof. Musfique Reza, Asst. Professor Department of Civil Engineering, Theem COE Boisar this Industrial Visit. It was a great experience for students and faculty to interact with the industry personnel.

Industrial visits help students and faculties to understand the industrial environment, operations and processes. Above mentioned industrial visits and many more are organized Under IIC.

IV) Expert Talks & Session of Industry Experts:

The objective of **Expert Talks & Session of Industry Experts** is to explore particular subjects with interaction with industry experts. Expert sessions provide a platform to students to enrich their ideas and views. It was a focus to invite Alumni of the institute who are working in industries. The Alumni are working in industries always ready to support and guidance. Under IIC Various Industry Expert Lectures are organized for students and faculties.

a) Expert Talks by Mr. Siraj Shaikh:

The Expert Talks on the topic of “**Entrepreneurship**” on the date **14/02/23** is organized. The main objective of this Expert Talk is to enrich students and faculties about entrepreneurship and the functioning of industries. Hence, promoting industrial knowledge and application among the students in order to enhance the curiosity about Entrepreneurship. **Mr. Siraj Shaikh, Director, Aqua Express, The Aqua Engineers, Navghar, Manikpur** is invited as spokesperson for the Expert talks. More than **50 Students** attended this expert Talk. This expert talk is coordinated by Prof. Moinulhaque Sabri, *Asst. Professor* Mechanical Engineering.

b) Expert Talks by Mr. Aamir Shaikh:

The Expert Talks on the topic of “**Development in grinding machines for foods and chemicals**” on the date **12/10/22** is organized. The main objective of this Expert Talk is to enrich students and faculties about the Engineering knowledge, Design and Development of solution. **Mr. Aamir Shaikh, Director, Grade & Grind Technologies Pvt. Ltd, Vasai(E), Palghar** is invited as spokesperson for the Expert talks. More than **30 Students** attended this expert Talk. This expert talk is coordinated by Dr. Minhaj Hashim, *Asst. Professor* Mechanical Engineering.

c) Expert Talks by Mr. Shahid Merchant :

The Expert Talks on the topic of “**Problem solving and ideation workshop**” on the date **18/11/22** was organized. The main objective of this Expert Talk is to develop entrepreneurial skills and to make them successful future entrepreneurs. **Mr. Shahid Merchant, Managing Director Saftec Auto Mumbai** was invited as spokesperson for the Expert talks. More than **50 Students** and **12 Faculties** attended this expert Talk. This expert talk is coordinated by Prof. Ehtesham Ahmad, *Asst. Professor* of Civil Engineering and Prof. Faiz Mohammad Khan, HOD of Civil Engineering.

d) Expert Talks by Dr. Rajesh Bisane:

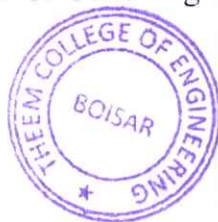

The Expert Talks on the topic of “**Process of innovation, development, Technology readiness level, commercialisation of lab technologies and tech transfer**” on the **28/02/23** is organized. The main objective of this Expert Talk is to enrich students in innovation development and understanding technology readiness level, manufacturing readiness level and investment readiness level. **Dr. Rajesh Bisane, Assistant Professor, St. John College of Engineering and management Palghar** was invited as spokesperson for the Expert talks. More than **60 Students** and **12 faculties** attended this expert Talk. This expert talk is coordinated by Prof. Ehtesham Ahmad, *Asst. Professor* of Civil Engineering and Prof. Faiz Mohammad Khan, HOD of Civil Engineering.

e) Expert Talks by Prof. M. A. Gulbarga:

The Expert Talks on the topic of “**Intellectual Property Rights & IP Management for Startup**” on **12/05/23** was organized. The main objective of this Expert Talk is to enhance the students knowledge about different aspects of Intellectual Property Rights(IPRs), Conversion of the research/project works into patents. It is helpful for the students to make a startup Intellectual Property Management. **Prof. M. A. Gulbarga, Director, Jnanbharti institute of basic education and research, Hubballi Karnataka** was invited as spokesperson for the Expert talks. More than **50 Students** attended this expert Talk. This expert talk is coordinated by Prof. Ehtesham Ahmad, *Asst. Professor* of Civil Engineering and Prof. Faiz Mohammad Khan, HOD of Civil Engineering.

f) Expert Talks by Mr. Jabbar Pathan:

The Expert Talks on the topic of “**World Environment Day**” on **05/06/23** was organized. The main objective of this Expert Talk is to be aware about Global warming and its harmful effect. **Mr. Jabbar Pathan, BRO Pune, Maharashtra.** was invited as spokesperson for the Expert talks. More than **45 Students** attended this expert Talk. This expert talk is coordinated by Prof. Ehtesham Ahmad, *Asst. Professor* of Civil Engineering and Prof. Faiz Mohammad Khan, HOD of Civil Engineering.

V) Internship Program:

Internships provide students with an opportunity to put into practice skills they have learned while in academics. In addition, students should have an opportunity to enhance those skills, obtain the perspective of a work environment and benefit from a mentor or supervisor's experience and advice. Students completed internships from many organizations like. More than **100** students completed internships in different companies.

VI) Student Development Program:

The Student Development Programme focuses on the enhancement of the skills of the students apart from regular academic development. It aims at increasing levels of understanding of the concepts and practical implementation of knowledge along with their research aptitude. Theem College of Engineering (Theem COE) has initiated a step ahead to organize Different SDP's.

a) SDP on Python:

The Dept of Information Technology, Theem College of Engineering had organized SDP on "**Data Science Using Python**" from **30th Jan to 3rd February 2023** for the Students. The SDP was conducted by LiveTech India. The Resource person was Mr. Taral Mehta and Mrs. Mamta Chaudhari from Livetech India, Andheri (W) Mumbai.

The objective of this program is to develop an in-depth understanding of the key technologies in data science and business analytics: data mining, machine learning, visualization techniques, predictive modeling, and statistics. Students can develop relevant programming abilities, demonstrate proficiency with statistical analysis of data, develop the ability to build and assess data-based models and will apply data science concepts and methods to solve problems in real-world contexts and will communicate these solutions effectively. Number of **70** Students have attended and benefited from this SDP. This SDP was coordinated by Prof. Sharique Shaikh and Prof. Monika Pathare.

b) Soft Skill Development Program:

Soft Skill Development Program for the students was organized in the duration of 19-06-2023 to 24-06-2023. The Objective of this Soft Skill Development Program is to develop effective communication skills (spoken and written). Develop effective presentation skills and Become self-confident individuals by mastering interpersonal skills, team management skills, and leadership skills. The Soft Skill Development Program was organized in collaboration with campus credentials. 150 Students benefited from this program.

c) Language and Communication Skills Program:

Language and Communication Skills Program for the students was organized in the duration of 19-06-2023 to 24-06-2023. The Objective of this Language and Communication Skills Program is to make the students acquire the skills and knowledge to enable them communicate more confidently and effectively using assertive behavior techniques. The Language and Communication Skills Program was organized in collaboration with campus credentials. 150 Students benefited from this program.

d) ICT/Computing Skills Program:

ICT/Computing Skills Program for the students was organized in the duration of 19-06-2023 to 24-06-2023. ICT skills are abilities that help you understand and operate a wide range of technology software. The Objective of this ICT/Computing Skills Program is, students in equip themselves with computing skills which they need in further education and as an ongoing learning process and provide access to information through external networks. The ICT/Computing Skills Program was organized in collaboration with campus credentials. 150 Students benefited from this program.

VII) The MoUs:

Theem College of Engineering (Theem COE) has initiated a step ahead to collaborate with industry and fill up the gap between academia and industry. Theem College of Engineering signed MoUs with different organizations.

6. Problems Encountered and Resources required:

Planning and organizing an Industrial visit is not easy and simple. It Is difficult to arrange the resources for making arrangements for traveling. The team also faced the arrangement issue. But with the help of Institute management it was resolved. Management makes the arrangement of the buses for industrial visits. Under Industry Institute Interaction Cell Various activities like Industrial Experts lectures, Alumni Experts lectures, Industrial Visits, in-plant Training, Internships, Student & Faculty Training Programs, Workshops, Guest Lectures, Webinars, Expert Talks are organized. Students and faculties are benefited by such activities. It helps students and faculties to fill the gap between institute and academia.

Respected Sir

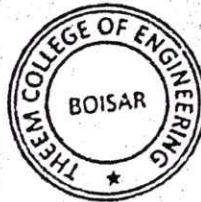

I, the Principal of Theem College of Engineering a premier institution of Mumbai University, request you to permit an Industrial Visit at your esteemed organization for our students of Mechanical and Automobile Engineering department of T.E. Class.

The industrial visit is a part of the curriculum to make students to undertake industrial visit to a few industries of repute. This industrial visit will be fruitful to our students for having a better appreciation of practical application of theory with academic background. In this visit, I seek permission for 59 Students and 04 staff members to visit your organization.

I kindly request you to give us permission for the Industrial Visit. I assure you that my team will observe rules and regulation during the visit which are prescribed by your Industry for the visitors without any disturbance.

With best regards

Thim Trust at Boisar, Taluka Palghar, conducting graduate engineering program in computer engineering, information technology engineering, AL&ML engineering, mechanical engineering, civil engineering, automobile engineering, and electrical engineering. We also offer a diploma engineering program in computer engineering, electrical engineering, mechanical engineering, and civil engineering.

Theem College of Engineering is organizing a Guest Lecture on "Entrepreneurship" on 14/02/2023. You are requested to be our guest of the programme as our alumni and to deliver lecture on the topic mentioned above.

The Principal, Management, Staff, and Students of this Institute will be grateful for your presence at the program on **February 14, 2023, at 10 a.m.**

We will be grateful for your gracious acceptance of our invitation.

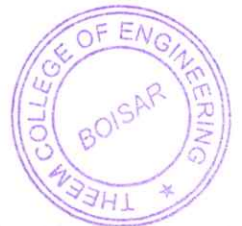

With best regards!

Subject: Seeking permission for Guest Lecture on "Entrepreneurship".

Respected Sir,

I **Prof. Moin ul Haque Sabri**, the Assistant Professor in Mechanical Engineering Department. My department is going to organise a Guest Lecture on the topic of "**Entrepreneurship**" for the benefit of our students. The main objective of this activity is to enrich our students about the entrepreneurship and the functioning of industries. Hence, promoting industrial knowledge and application among the students in order to enhance their curiosity about the entrepreneurship. This will help in motivation and career development of students. The Guest lecture will be deliver by our alumni who is currently a successful Entrepreneur in the field of engineering designing & fabrications.

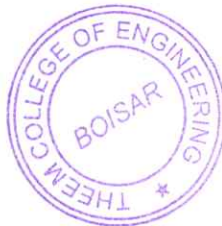

You are kindly requested to permit for the activity of above said development program.

With best regards

Yours sincerely

Report on Alumni Guest Lecture

Event: Alumni Guest Lecture on “Development in Grinding Machines for Foods and Chemicals

Speaker: **Mr. Aamir Shaikh** (Director, Grade & Grind Technologies Pvt. Ltd.)

Date: 12th Oct 2022

Timing: 10 AM to 12 Noon

Venue: Seminar Hall, 3rd Floor, Mechanical Engineering Department

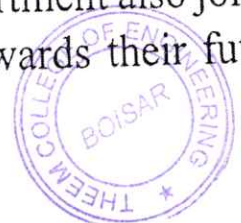

On 12th October 2022, **Alumni guest lecture** was organized in Mechanical Engineering Department, Theem College of Engineering. It was facilitated with **Mr. Aamir Shaikh**, Director of Grade & Grind Technologies Pvt. Ltd. It is a quality and customer oriented manufacturer and exporter of size reduction equipment for food industry, flour industry, spice, pharmaceutical, mineral and plastic industries. Apart from the size reduction, it is also a manufacturer of cleaning, drying, roasting, blending and sieving system.

Mr. Aamir Shaikh is an alumnus of 2015 Batch from Mechanical Engineering, Theem College of Engineering, Boisar. The lecture was organized to motivate and discuss the challenges of program was introduced with Mr. Aamir and his journey in establishing an entrepreneur company with innovative idea of designing the grinding machines

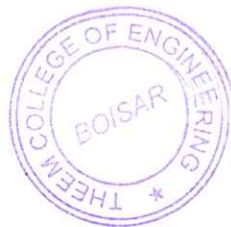

During question hour session, the enthusiastic participants asked several queries and doubts regarding their personal challenges for the resource allocation and monetary support.

The program ended with the signing of MoU between Theem College of Engineering and Grade & Grind Technologies Pvt. Ltd for five years (12th Oct 2022 to 11th Oct 2027). The keys agreements of MoU were that G&G Pvt. Ltd. will cooperate for students for further training and learning skills.

Around 40 B.E. students from mechanical department attended the program. Apart from this, around 30 to 40 students from civil and automobile department also joined the program for their interest. Students get highly motivated towards their future

Mohammed Wasim Khan, HOD, Mechanical Engineering. The program was concluded with Vote of thanks delivered by Prof. Mohammed Wasim Khan.

Letter of Appreciation

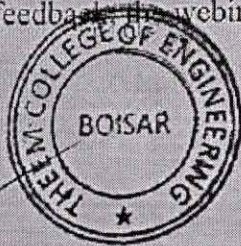

To,
Mr. Shahid Merchant
Managing Director,
Safetec Auto, Mumbai

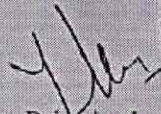

Subject: Letter of Appreciation for being chief guest and speaker in a Webinar titled "Problem Solving and Ideation Workshop"

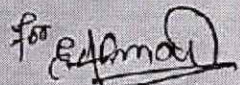

Dear Sir,

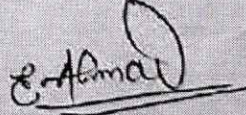

It gives us immense pleasure and delight in introducing "Theem College of Engineering" located at Boisar which has grown at fast pace and gained respectful standing among the contemporary institutes. Theem College of Engineering was established under the umbrella of "H.J. Thim Trust" The College was started with the core objective to impart quality education to students in the field of Technology and it is approved by AICTE, MSBTE and DTE (Govt. of Maharashtra). We have well facilitated libraries and laboratories..

We appreciate your broad view and interests in inspiring and giving technical knowledge to students and faculty members. We are very much thankful to you for your helpful and cooperative nature. As per feedback the webinar was appreciative and helpful.

Best Practice-4
Counseling and Career
guidance - for Secondary
and Higher Secondary
Students

Best Practice 4:

1. Title of the Practice: "Counseling and Career guidance - for Secondary and Higher Secondary Students".

2. Objectives of the Practice:

Objectives/Outcomes:

- To teach information of specialized instruction and career alternatives to the school understudies.
- To create a positive state of mind towards specialized instruction after direction and proposal.
- To improve the certainty among understudies to seize every possible employability opportunity within the specialized field.
- To arrange their career by giving in-depth understanding of openings at the key move.
- Point and interpret these viably into fitting choice and activity

3. The Context

Advising and Career Direction may be a major movement of an scholarly institution that helps understudies to receive their proficient objectives. This action is for auxiliary understudies and building understudies to allow total mindfulness of almost all the work alternatives around the world.

4. The Practice

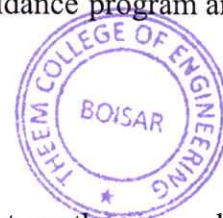

This action is done to the 10th and 12th standard understudies to build-up their mindfulness on science and specialized instruction. Our educating and non-teaching workforce conduct career direction on specialized instruction in different schools and junior colleges. They direct them how to do career arranging and direct them how to get ready for entrance exams to induce affirmation in a specialized establishment of their choice. They moreover provide information approximately the accessibility of distinctive designing branches at different schools.

5. Evidence of Success

Through the career direction, understudies boosted their certainty to select their appropriate career alternatives. The career direction has built-up a solid bond between the workforce and understudies which in turn has made a difference in their careers. The staff team is decided from Theem college of engineering. The staff Team visited approx 4 nearby schools & junior colleges and conducted career direction programs. And guided the school students. They also discussed various career path programs and the career opportunities after intermediate with the school students. More than 275 school students from different schools have attended the career guidance program and benefited from this practice.

6. Problems Encountered and Resources required:

As each student is unique and has their own set of challenges and strengths, counselors must consider individual student factors when providing support. These may include academic performance, learning style, cultural background, family dynamics, mental health history, and career goals.

Best Practice-5
Junior Scientist Program
for local Schools of Boisart
region

Best Practice 5:

1. Title of the Practice: Junior Scientist Program for local Schools of Boisar region.

2. Objectives of the Practice:

Objectives/Outcomes:

- To promote interest in science and technology.
- To Engage students in learning new facts and inventions with a zeal of interest. Explore the creative talent of the students and force them to think outside of the box.
- Develops a scientific attitude towards his problems.
- To Avail the opportunity of practical learning. Helps to develop communication skills. Enhance presentation skills of students.

2. The Context: -

The purpose of this activity is to motivate and Enhance the thinking power of the student. Opportunity for students to showcase their talent. Develop a scientific spirit and curiosity in a student. To empower understudies to pick Inquire about and Advancement as a career. So, to grade the students on practical skills, provide an opportunity to students to compete with others, and objectives of organizing science exhibitions enhance their academic performance.

3. The Practice:

Theem College of Engineering was started in the Academic year 2009-10, with an objective to impart quality education to students in the field of Technology; Theem College of Engineering has Awarded by the Following Rank The "Lokmat Trend Setters" Award 2020, "Zee 24Tas Appreciation" Award 2022, "Asia Today" Awarded Best Emerging Engineering College in Maharashtra 2022. Theem College of Engineering organized a Junior Scientist Program for local Schools of Boisar region to motivate and Enhance the thinking power of the student. Various categories are there in science exhibitions for different ages of participants. There was a selection of the best team from participants of each category. Selected teams were felicitated and awarded.

5. Evidence of Success

Theem College of Engineering is organizing an Annual College function in Sports, Cultural and Technical activities from the 13th of March to 18th of March 2023. JUNIOR SCIENTIST is the technical event conducted by Theem College of Engineering every year for primary, secondary and higher secondary schools for motivation & creating interest in technical education. The program was conducted on 16th March 2023 at 10:00 a.m. Candidates from different schools participated in this science exhibition. Total 25 teams participated in the Junior Scientist exhibition for different categories.

The categories details in the Junior Scientist exhibition are as below.

Sr. No	Category	Class
01	Category A	Std. 9th to 12th
02	Category B	Std. 5th to 8th
03	Category C	Std. 1st to 4th

Various Models related to space satellites, different satellites of the planets, the various galaxies, and many more things were on display. The members of the committee were impressed by the efforts of the students. The juries selected the best 3 teams for each category.

06		Sambhavi Pradhan and Team	3rd Rank
07	Category C	Durgesh Rakjput and Team	1st Rank
08		Paras Bharat and Team	2nd Rank

All the selected teams were felicitated and awarded.

6. Problems Encountered and Resources required:

Problems Encountered: The students from various nearby schools are invited to attend this event. So making arrangements for their traveling from Boisar railway station to college building is an issue.

Resources Required: The administration had adjusted date and timings according to the student's comfort and provided bus facility from Boisar Railway Station to the college for both students who were attending for this event. This was one of the major events conducted by Theem College of Engineering that inspired the student for achieving their future goals.
