Ref. NO:- TCE/EST/2022-23/89/E   Date: 15/10/2022

Adequate Facilities for Central Library

Subject: Library is automated software SOUL 3.0

4.2.1 Library is automated using Integrated Library Management System (ILMS)

With reference to the above cited subject, the library is automated using the Integrated Library Management System (ILMS) SOUL 3.0 of INFLIBNET. The various housekeeping activities of the library, such as data entry, issue and return and renewal of books, member logins, etc., are done through the software. The books are classified according to Dewey decimal classification. An online public access catalogue service is also provided where users can search the collection of books by title, author, publisher, etc. The books are bar coded and the users are given unique barcode IDs. The details are enclosed for your reference.
