### Sanitation and Hygiene Committee

The Theem College of engineering is a mini-community where students come for learning. The students have the right to basic amenities, whereas the college must provide essential amenities such as clean and functional toilets, safe drinking water, clean surroundings and necessary information on sanitation and hygiene. Consequently, inculcation of Swachh habits is a responsibility of the educational institutions. Manner inculcation is conceivable through experience and practice.

The basic principles of sanitation and hygiene include accessible infrastructures to suit different types of needs. Specific approaches and sanitation management practices need to be adhered to.

The object of the Sanitation and Hygiene Committee are as follows:

1. To create an enabling environment that secures human dignity, safety, health and overall Well-being.
2. To increase campus awareness about good sanitation practices supported by enabling and reinforcing factors that will lead to desirable campus changes.
3. To combine sanitation and hygiene education and practical implementation of these aspects in our college.

The committee has decided the following sanitation and hygiene initiatives and the methodologies adopted would have long term benefits:

1. Physical Appearance: The committee will work towards visual appearance of campus, cleanliness of admin block, clean pathways, visibility of cleaning staff, and well maintained lawns and gardens.
2. Overall Ambience of Washroom Facilities: To ensure sanitation, the committee will inspect the toilets at the principal office, staffroom, administration block, girls' common room (GCR) and academic block from time to time to keep it clean, neat and odor-free.
3. Gender Balance of Toilets: TCE is a co-ed college, and it has required toilet facilities for boys and girls with water assuming a ratio of 60:40 for males and females.
4. Disabled-Friendly Toilets: The college has separate toilets for differently-abled faculty and students along with ramps and suitable toilets. The committee has decided to put signboards and information on the availability of such toilets.
5. Dedicated Staff/ Teams for Hygiene Maintenance and Inspection. The committee will put respective signboards on the availability of sanitation facilities. Also, adequate teams will be formed for hygiene maintenance and inspection.
6. Canteen and Kitchen Hygiene: The committee would orient the canteen contractor to maintain hygiene standards of chefs, cooks, cook helpers, servers, washing staff and dining halls daily.
