

H. J. Thim Trust's

Theem College of Engineering, Boisar

Date: 01-12-2018.

Circular

All the students of Theem COE are hereby informed that our college has formed '**Institution's Innovation Council (IIC)**' under **Innovation cell** of **Ministry of Human Resource Development (MHRD)**, New Delhi. MHRD has established an "Innovation cell" at AICTE with a purpose to systematically foster the culture of innovation in all Higher Education Institutions (**HEIs**) across the country. The primary mandate of MHRD'S Innovation Cell (**MIC**) is to encourage, inspire and nurture young students by supporting them to work with new ideas while they are in formative years.

We are looking for enthusiastic and dynamic '**Institution's Innovation Council (IIC) student coordinator (Leader)** and members from all the branches who are crazy and passionate about latest technology, and ready to venture into something innovative. Those students having previous record of project activities are highly appreciated in selection of team members. This is a preparatory initiative for MHRD Innovative project exhibition, and selected projects will be funded.

Contact your HOD and Prof MD. Umar Jamadar for further details.
