Annexure A

You shall be governed by the following terms and conditions of service during your internship with Careernova Technologies, and those may be amended from time to time.

- You are being hired as a Software development Intern and Urvi Agrawal would be your Reporting Manager and Mentor during the internship. As a Software Development Intern, you would be responsible for the development of a scalable web application and all additional tasks as directed by your Reporting Manager.
- Your date of joining is 2nd January 2023 and the duration of the internship would be 6 months i.e. upto 2nd July 2023. During this time you are expected to be interning only at Careernova Technologies. You are also required to let your mentor know about forthcoming events (if there are any) in advance so that your work can be planned accordingly.
- You will be working remotely for the duration of the internship. Working hours will be flexible but you are supposed to complete the required working hours. Also, you have to come to the office for monthly or bimonthly meetings.
- All the work that you will produce at or in relation to Careernova Technologies will be the intellectual property of Careernova Technologies. You are not allowed to store, copy, sell, share, or distribute it to a third party under any circumstances. Similarly, you are expected to refrain from talking about your work in public domains (both online such as blogging, social networking site, and offline among your friends, colleagues, etc.) without prior discussion and approval with your mentor.
- We take data privacy and security very seriously and maintaining the confidentiality of any students, customers, clients, and companies' data and contact details that you may get access to during your internship will be your responsibility. Careernova Technologies operates on a zero-tolerance principle with regard to any breach of data security guidelines. At the completion of the internship, you are expected to hand over all Careernova Technologies work/data stored on your Personal Computer to your mentor and delete the same from your machine.

- During the appointment period, you shall not engage yourselves directly or indirectly or in any capacity in any other organization (other than your college). In the event of a breach of this condition, this appointment is liable to be terminated forthwith by the company. In addition, you shall be liable to pay liquidated damages to the Company of an extent estimated by the Company.
- Under normal circumstances, either the company or you may terminate this association by providing a notice of 10 days without assigning any reason. However, the company may terminate this agreement forthwith under situations of in-disciplinary behaviors.
- You are expected to conduct yourself with the utmost professionalism in dealing with your mentor, team members, colleagues, clients, and customers and treat everyone with due respect.
- Careernova Technologies is a start up and we love people who like to go beyond the normal call of duty and can think out of the box. Surprise us with your passion, intelligence, creativity, and hard work, and expect appreciation & rewards to follow.
- Expect constant and continuous objective feedback from your mentor and other team members and we encourage you to ask for and provide feedback at every possible opportunity. It's your right to receive and give feedback this is the ONLY way we all can continuously push ourselves to do better.
- Have fun at what you do and do the right thing both the principles are core of what Careernova Technologies stands for and we expect you to imbibe them in your day-to-day actions and continuously challenge us if we are falling short of expectations on either of them.
- You will be provided Rs 10000 per month as a stipend. Any performance rewards will be announced at the end of the internship duration.

1. Introduction

❖ Organization/Company Profile:

Sunrack Green is a professionally managed company contributing to the green energy revolution specifically in the Solar PV domain. The leadership team has combined experience of setting up more than 1GW of solar power plant across 10 states in India over the last 7 years. We carry the legacy of having worked in fortune 500 companies. We are on a mission to make distributed energy generation ubiquitous.

Our rich experience and leverage on technology partnerships make us uniquely positioned to give the "best-fit" solutions needed. We have the best technology and quality required for systems to give O&M free structures and a diverse portfolio of services ranging from grid-tied captive solar power plants, either on Ground Mount or ground mount or PPA based power plants serving Industrial and Commercial users.

❖ Institute Profile:

Theem College of Engineering is a premier Engineering Institute of H. J. Thim Trust at Boisar, Tal. & Dist. Palghar, conducting graduate Engineering program in Computer Engineering, IT Engineering, Computer Science & Engineering (AI&ML), Mechanical Engineering, Civil Engineering, Electrical Engineering and Automobile Engineering. We also offer Diploma Engineering program in Civil Engineering, Computer Engineering, Electrical Engineering and Mechanical Engineering. It is affiliated to the Mumbai University and approved by AICTE, Govt. of Maharashtra and MSBTE with B+ NAAC Accreditation.

A Both Parties can terminate the MOU with the prior written thirty (30) day notice on default of terms of non-adherence to any condition or responsibilities by their other parties outlined in this MOU in case such default is not rectified within such 30 days

6.) Entirety & Amendment:

This MOU contains the entire understanding between the parties in relation for providing support in said programs. If during the operation of the MOU, circumstances may rise which call for alteration/modification to this MOU, such alteration / modification shall be mutually discussed and agreed upon in writing. Such changes will be formalized in writing as an 'Addendum' to this MOU. Any changes/amendments to this MOU not in conformance to this section shall be deemed to be void ab initio.

7.) Intellectual Proprietary Rights:

All intellectual or property and information, supplied or development by either party shall be and remain the sole and exclusive property of the party who supplied or developed same.

IN WITNESS WHEREOF, the Parties hereto have duly executed this Agreement as on the day, month and year first hereinabove written
