Report of Workshop on Self Defence.

Event: Workshop on Self Defence

Trainer: Mr Akash Bhoye (Fitness Reig, Mix Martial Arts Academy)

Date- 10th March, 2022

Timing: 11 AM onwards

Venue: Gym Hall, above cafeteria

The workshop started with an introductory speech by Prof Sneha Sankhe, Convener, WEGRC. She highlighted the key points why such kinds of workshops are required to sensitize our girl students to self-protect themselves in public places as well as at home. She also pointed out that this is the demand of the hour as we can relate ourselves to the news items of domestic violence, eve-teasing cases and other severe forms of violence against women and children which is pouring in on a day to day basis. Prof

Trainer started with their orientation in which he stated that Prevention Is the Best Self-Defence with that he explained personal security precautions. Training began with five minutes of moderate level warm up and stretching.

How to Get Loud and Push back, how to aim for the parts of the body where you can do the most damage easily: the eyes, nose, ears, neck, groin, knee, and legs were demonstrated by Trainer.

He also explained and demonstrated that how to maximize the damage by the Use of your elbows, knees, and head as well as use of everyday objects and Leveraging your weight (using Jujitsu and other techniques where a smaller person is able to defeat a larger one).

Trainer demonstrated Moves for Getting Out of or Defending against Common Holds or Attacks by Wrist Hold, Front and Back Choke Holds, Bear Hug, Mount Position and Sexual Assault.

About 69 girls and 13 staff attended this workshop and got benefitted. The vote of thanks was given by Prof. Sneha Sankhe convener of WEGRC. Expressing her gratitude she thanked the Mr. Aakash Bhoye and Fitness Reig, Mix Martial Arts Academy team for their support and timely presence at the venue on the date of the workshop.

Dear Sir,

Greetings of the day ...!

With respect to our telephonic discussion with Mr. Vaibhav Jadhav, please find below the proposal for Two Wheeler Defensive Training for employees of respective organization. We can conduct this Female Safety Riding (FSR College Event) & (CRF50) School Event in month of **3rd To 4th -Mar-2020.** (3 Days)

Honda with "Respect for human life" as the basic concept understands this and has positioned Safety as one of its most important themes. As Safety concern is very low amongst the Indian riders & accident rate is high, Honda has taken up this as a Challenge and is committed to improve driving standards of two wheeler riders in India as a social obligation towards society.

As two wheeler riders accounts for second largest victims of accidents & as many of your students & employees use two wheelers for commuting, we need to work together for the safety of them.

Requirement From College :-

- Auditorium for Presentation.
- Projector with screen

Sound system (Mice , speaker , 3.5 sound cable for audio, HDMI cable for projector connectivity)

Ground for practical part (Like basketball court)

Regarding cost of Road Safety Activity - As HMSI promotes Safety Riding as CSR activity, so we will not charging for providing this training.

Kindly Confirm the activity date from your end as soon as possible.

Be A Safe Rider...!

Report of Workshop on "Female Safety Riding Awareness"

Event: Workshop on "Female Safety Riding Awareness" on Occasion of International Women's Day, 2020.

Date: 05/03/2020, Thursday, (1 day)

Venue: Building no. 1, Ground

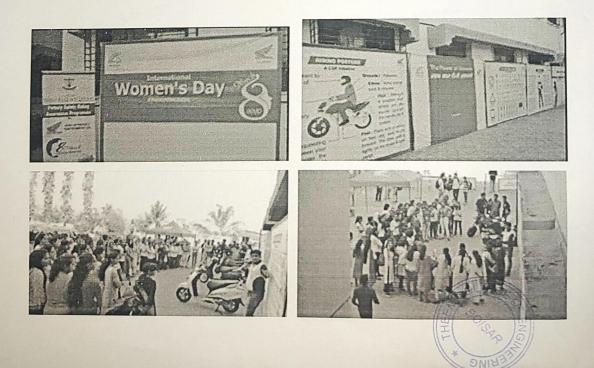

Resource person: Mr. Swapnil Jawharkar (Safety Instructor)

Honda Motorcycle & Scooter India Pvt Ltd (HMSI)

A session on Female Road Safety Awareness was organized as part of the Road Safety week by Honda Motorcycle & Scooter India Pvt Ltd (HMSI) at Theem College of Engineering, Boisar on 5th March, 2020. Honda 2 Wheelers India took a step towards building confident and safe female riders on road through training them on important aspects of road safety.

The session was given by Mr. Swapnil Jawaharkar. Those present for the occasion included Vice Chairman Mr. Sharif Thim, Dr. N. K. Rana, Director, Dr. Aqueel Ahmed Shah Principal, Prof. Sneha Sankhe, Convenor (WEGRC), students and staff of Theem College of Engineering, Boisar.

At the outset, Prof. Sneha Sankhe welcomed the gathering, followed by providing an insight and purpose of the session.

Mr. Swapnil Jawharkar in his session said "Awareness on the road is very important for your safety and safety of others". He discussed the statistics of various types of road accidents in city and explained the reasons that lead to these accidents. He further gave examples of various types of traffic violations and the penalties associated with them. Mr. Swapnil urged the audience to come to the help of road accident victims and stated that those who come forward are protected through the Good Samaritan Law.

The session was very interactive with the students and faculty asking questions while Mr. Swapnil answered promptly. Girls have been trained to become independent, empowered and safe on roads. About 18 teaching and non-teaching staff members as well as 56 girl students attended the session and were benefitted from it. Programme ended with vote of thanks by Prof. Priyanka Patil.

Report of Programme Conducted on "Oral Hygiene"

Event: Seminar On "Oral Hygiene" on Occasion of International Women's Day, 2019.

Date: 08/03/2019

Venue: seminar hall 1

Resource Person: Dr. Shwetambari Patil (Dental Surgeon, Boisar)

To create awareness on Oral hygiene, with special emphasis on dental hygiene management, was organised by WEGRC on 8th March, 2019. The program began with the welcome note by Ms. Humera Gilani. Prof. Sneha Sankhe wished participants on occasion of women's day and presented a bouquet and Memento to guest Ms. Shwetambari Patil, Dental Sugeon. Programme started with seminar on Oral Hygiene.

A Dental Surgeon, Ms. Shwetambari Patil explained the basics as the practice of keeping the mouth clean, and is considered to be the best means of prevention of cavities (dental caries), gingivitis, periodontitis, and other dental measures which also helps to prevent bad breath (halitosis). Regular tooth cleaning by the dentist or dental hygienist is important to remove plaque that may develop even with careful brushing and flossing, especially in areas that are difficult for a us to reach on his own at home. Professional cleaning includes tooth scaling and tooth polishing and debridement if too much tartar has accumulated. She also explained reasons behind several oral diseases including mouth Cancer.

Girl Students shared their experiences and enquired on problems regarding wisdom tooth, braces and need of Root canal. While answering issues related to dental problems, she explained the reason behind costly treatments. Dr. Shwetambari mentioned that the dental treatments are not costly, but the ignorance at early stages makes treatment costlier. About 49 girls and 6 staff attended this seminar and got benefitted.

After the seminar, group of girl students performed dance and skit on "Save Girl Child". The program ended with a vote of thanks by Prof. Sneha Sankhe, Convener, WEGRC.

Report of workshop on Laws of Women Safety

Event: workshop on Laws of Women Safety

Resource Person: Mrs. Shweta Metkari (Advocate, Palghar Court

Date: 15th October, 2018

WEGRC of Theem College of Engineering organized a Workshop on the topic "Laws of Women Safety" on 15th October, 2018 for the girl students and female faculty members. Prof. Sneha Sankhe felicitated an Advocate Mrs. Shweta Metkari by presenting a shawl, bouquet and memento. The guest Advocate Mrs. Shweta Metkari while addressing the students gave very useful information to them regarding various women issues, their rights and explained with respect to its Act.

This workshop had a great interactive session where students of the college asked as many questions as they could in order to get more aware about the rules and help provided by the police as and when needed. About 80 girl students and 7 faculty members attended the workshop and benefited from it. Programme ended with vote of thanks by Prof. Sneha Sankhe.

Report on 3 DAYS WORKSHOP ON "SELF DEFENCE"

As per the directives from Women and Child Welfare Committee of Maharashtra Legislative Assembly and Department of Students' Development, Vidyapeeth Vidyarthi bhavan, Churchgate, Mumbai, GR No: SW/06/ of 2018 University of Mumbai, our Women Empowerment and Grievance Redressal cell (WEGRC) of H. J. Thim Trust's, Theem college of Engineering, Boisar organized 3 days' workshop on 'Self-defence' for girl students.

Rape, molestation, kidnapping and murder are the most common forms of crime against women in India. The women in India are also vulnerable to acid attacks and eve-teasing. The mind-set of the people, including the victim and the spectator, is to ignore and just let it go. But, what we, as the responsible citizens of an independent country, fail to realise is that these instances of harassment can flare up into other bigger heinous crimes against women. And that is when the importance of learning self-defence techniques for women is felt.

Our priority was to design a program that would incorporate orientation, awareness, introduction to defence techniques with their demonstration and group discussion.

Day One, 10th October, 2018:

Topic: Stress Management and Mental health.

Resource Person: Dr Vijay Patil (BAMS)

As per World Health Organization (WHO), World Mental Health Day is observed on 10th October every year, with the overall objective of raising awareness of mental health issues around the world and mobilizing efforts in support of mental health.

Dr. vijay Patil explained how learning self-defence can work wonders in managing stress levels, discipline and social anxieties for people of all ages and skill levels. Yoga and Martial arts helps in controlling your anger at work, or focusing your mind when trying to study. The skills learned in self-defence are highly beneficial in controlling emotions and impulses which impacts everyday life and reflect greatly in overall mental wellbeing.

Day Two, 11th October, 2018:

Topic: Introduction to Self Defence techniques and its Demonstration

Trainer: Mr Akash Bhoye (Mix Martial Arts Academy)

Trainer stared with their orientation in which he stated that Prevention Is the Best Self-Defence with that he explained personal security precautions. Training began with five minutes of moderate level warm up and stretching.

How to Get Loud and Push Back, how to aim for the parts of the body where you can do the most damage easily: the eyes, nose, ears, neck, groin, knee, and legs were demonstrated by Trainer.

He also explained and demonstrated that how to maximize the damage by the Use of your elbows, knees, and head as well as use of everyday objects and Leveraging your weight (using Jujitsu and other techniques where a smaller person is able to defeat a larger one).

Trainer demonstrated Moves for Getting Out of or Defending against Common Holds or Attacks by Wrist Hold, Front and Back Choke Holds, Bear Hug, Mount Position and Sexual Assault.

Day Three, 12th October, 2018:

Session 1:

Topic: Demonstration and practise session of self Defence Techniques

After the long session of self-defence training on 11th October, on next day girl students were presented with scenarios that may potentially amount to either a person-to-person nuisance or hostile environment situation. Students were then asked to use a techniques learned under each scenario, most accurately represented their initial thinking and response.

Session 2:

Topic: Group Discussion on "Teaching women self Defence is the only way to reduce sexual assaults".

Prof. Rosy Bhoi and Prof Sanketi Raut, WEGRC members of diploma were invited to judge the competition. The group discussion was conducted among 13 teams of students. There were three rounds, where the time distribution for each round was 3 min., 5 min and 7 min.. respectively. The students were judged based on some of the parameters that included Language, Body language, Voice Tone and Pitch, Group Behaviour, Fluency, team Spirit. In the first round, there were thirteen groups, among which four groups were shortlisted for round II. Then from round II, two groups were shortlisted for the final round.

Prof. Rosy Bhoi and Prof. Sanketi Raut shared their experience and also guided and highlighted key points that are to be remembered during participating in such kind of events for better progress. They tried to keep the session interactive.

Students were required to share their feelings toward the issues, and encouraged to discuss openly their reasons for making their choices. Feedbacks received from participants after having attended the workshop were mostly positive. Comments received mainly expressed a new sense of ownership of the topic and an appreciation of taking responsibility for the ultimate purpose of the workshop rather than being imposed by a set of imported moral theory.

The College is of the view that our girl students should be given more opportunity to learn about self-defence, as an essential element in their cognitive moral development. We found that women's self-defence workshop significantly affected girl's levels of confidence

Course Objectives	 To review of conventional and non-conventional energy sources. To give the students basic knowledge of solar thermal energy applications To give the students basic knowledge solar photovoltaic system To give the students basic knowledge of wind energy system To give the students basic knowledge of fuel cell system operation To give the students basic knowledge about other renewable energy sources.
Course outcomes	 Upon successful completion of this course, the learner will be able to: 1. Understand different types conventional energy sources and their reserves 2. Identify and analyse the process of power generation through solar thermal energy utilization 3. Identify and analyse the process of power generation through solar photovoltaic energy utilization 4. Identify and describe the various components and types of Wind Energy system 5. Identify and describe the basic operation and types of Fuel cell system 6. Understand different types of other non-conventional energy sources

	Contents	Hours
Module		
1.	Introduction-: World's and India's production and reserves of commercial energy sources, energy alternatives, review of conventional and non-conventional energy sources. Statistic of net potential and current generation status of different energy alternatives.	04
2.	Solar Energy (Thermal Energy applications) : Solar thermal energy storage, Liquid flat plate collector, Solar air heater, concentrating collectors, thermal energy storage, solar pond	04
3.	Solar Energy (Direct Electricity Applications): Solar Photovoltaic- solar cell: characteristics, losses, model of a solar cell, emerging solar cell technologies; Solar PV modules, mismatch in module, hot spots, bypass diode; PV module: I-V and power curve, effect of variation in temperature and solar radiations; MPPT, types, different algorithms for electrical MPPT. Distributed MPPT, MPPT converters. Types of PV systems: standalone, grid connected systems; BOS of PV system, Battery charge controllers, Power Conditioning Unit, Solar PV Micro-inverters Solar Plant design: mounting of PV panels supporting structures, Calculation and Design methodology of standalone PV system and grid connected system.	12
4.	Wind Energy: Review of wind energy system and its components, types of wind turbines, characteristics; general concepts of aerofolls and aerodynamics, Wind data, Energy content of the wind, Power generation and control in wind energy systems, performance calculations of wind	08

Assessment:

Internal Assessment consists of two tests out of which; one should be compulsory class test (on minimum 02 Modules) and the other is either a class test or assignment on live problems or course project.

Theory Examination.

- 1. Question paper will comprise of 6 questions, each carrying 20 marks.
- 2. Total four questions need to be solved.
- 3. Q.1 will be compulsory, based on entire syllabus wherein sub questions of 2 to 5 marks will be asked.
- 4. Remaining questions will be randomly selected from all the modules.

Assessment:

Internal Assessment (IA) for 20 marks:

 IA will consist of Two Compulsory Internal Assessment Tests. Approximately 40% to 50% of syllabus content must be covered in First IA Test and remaining 40% to 50% of syllabus content must be covered in Second IA Test

> Question paper format

- Question Paper will comprise of a total of six questions each carrying 20 marksQ.1 will be compulsory and should cover maximum contents of the syllabus
- Remaining questions will be mixed in nature (part (a) and part (b) of each question must be from different modules. For example, if Q.2 has part (a) from Module 3 then part (b) must be from any other Module randomly selected from all the modules)

Objectives

- 1. To acquaint the students with appropriate language skills with the purpose of improving the existing ones - LSRW
- 2. To make the learners understand the importance and effective use of non-verbal communication
- 3. To make the learner proficient in public speaking and presentation skills
- 4. To guide and teach the students to utilize the principles of professional business and technical writing for effective communication in the global world
- 5. To make the learner capable of creating official content digitally for further communication in the corporate environment

Outcomes: Learner will be able to ...

- Understand and evaluate information they listen to and express their ideas with greater 1. clarity
- Speak and respond effectively along the various channels of communication in a business 2. organization
- Speak convincingly before an audience with the help of an expanded vocabulary and 3. enhanced digital content
- Read and summarize effectively
- Communicate through result oriented writing both within and outside the organization. 4.
- Write a set of effective and easy to understand technical description, instructions and 5. 6. convey the same using global information technology

Assessment:

Internal Assessment Test:

Assessment consists of two class tests of 10 marks each. The first test should be conducted in the form of a three-minute public speech. The second test should be based on theory and application exercises as mentioned in the syllabus.

End Semester Theory Examination:

- 1. Question paper will comprise of total 06 questions, each carrying 10 marks.
- 2. Total 04 questions need to be solved.
- 3. Question No: 01 will be compulsory and based on entire syllabus wherein sub-questions of 3 to 5 marks will be asked.
- 4. Remaining questions will be mixed in nature.(e.g. Suppose Q.2 has part (a) from module 3 then part (b) will be from any module other than module 3)
- 5. In question paper weightage of each module will be proportional to number of respective lecture hrs as mentioned in the syllabus.
- 6. The first module (Communication Theory) will carry 40 % weightage.

Objectives

- 1. To demonstrate the fundamental concepts of interpersonal and professional communication.
- 2. To encourage active listening with focus on content, purpose, ideas and tone.
- 3. To facilitate fluent speaking skills in social, academic and professional situations.
- 4. To train in reading strategies for comprehending academic and business correspondence.
- 5. To promote effective writing skills in business, technology and academic arenas.
- 6. To inculcate confident personality traits along with grooming and social etiquettes.

Outcomes: Learners will be able to understand how to ...

- 1. Eliminate barriers and use verbal/non-verbal cues at social and workplace situations.
- Employ listening strategies to comprehend wide-ranging vocabulary, grammatical structures, tone and pronunciation.
- 3. Prepare effectively for speaking at social, academic and business situations.
- 4. Use reading strategies for faster comprehension, summarization and evaluation of texts.
- Oscillating stategies for drafting academic, business and technical documents.
- Successfully interact in all kinds of settings, displaying refined grooming and social skills.

Assessment:

Internal Assessment Test:

Assessment consists of two class tests of 10 marks each.

TEST I -Public speech on general topics (Maximum 5 mins. per student)

TEST II - Written test covering modules 1 - 6

The second test should be based on theory and application exercises as mentioned in the syllabus. (Note: Summarization should be a compulsory question in Test II and not in the End Semester Theory Examination.)

End Semester Theory Examination:

- 1. Question paper will comprise of total 06 questions, each carrying 15marks.
- 2. Total 04 questions need to be solved.
- Question No: 01 will be compulsory and based on entire syllabus wherein sub-questions of 2 to 5 marks will be asked.
- 4. Remaining questions will be mixed in nature.(e.g. Suppose Q.2 has part (a) from module3 then part (b) will be from any module other than module 3)
- In question paper weightage of each module will be proportional to number of respective lecture hours as mentioned in the syllabus
- 6. The first module (Fundamentals of Communication) will carry 40 % weightage.

IL07018	Energy Audit and Management	03

Objectives:

- To understand the importance energy security for sustainable development and the fundamentals of energy conservation.
- 2. To introduce performance evaluation criteria of various electrical and thermal installations to facilitate the energymanagement
- To relate the data collected during performance evaluation of systems for identification of energy savingopportunities.

Outcomes: Learner will be able to

- 1. To identify and describe present state of energy security and itsimportance.
- 2. To identify and describe the basic principles and methodologies adopted in energy audit of an utility.
- To describe the energy performance evaluation of some common electrical installations and identify the energy savingopportunities.
- 4. To describe the energy performance evaluation of some common thermal installations and identify the energy savingopportunities
- 5. To analyze the data collected during performance evaluation and recommend energy saving measures

Module	Detailed Contents	Hrs

02	Energy Audit Principles: Definition, Energy audit- need, Types of energy audit, Energy management (audit) approach-understanding energy costs, Bench marking, Energy performance, Matching energy use to requirement, Maximizing system efficiencies, Optimizing the input energy requirements, Fuel and energy substitution. Elements of monitoring& targeting; Energy audit Instruments; Data and information-analysis. Financial analysis techniques: Simple payback period, NPV, Return on investment (ROI), Internal rate of seturn (IRR)	08
03	 Energy Management and Energy Conservation in Electrical System: Electricity billing, Electrical load management and maximum demand Control; Power factor improvement, Energy efficient equipments and appliances, star ratings. Energy efficiency measures in lighting system, Lighting control: Occupancy sensors, daylight integration, and use of intelligent controllers. Energy conservation opportunities in: water pumps, industrial drives, induction motors, motor retrofitting, soft starters, variable speed drives. 	10

Assessment consists of two tests out of which; one should be compulsory class test and the other is either a class test or assignment on live problems or course project.

End Semester Theory Examination:

Some guidelines for setting up the question paper. Minimum 80% syllabus should be covered in question papers of end semester examination. In question paper weightage of each module will be proportional to number of respective lecture hours as mention in the syllabus.

- 1. Question paper will comprise of total sixquestion
- 2. All question carry equalmarks
- 3. Questions will be mixed in nature (for example supposed Q.2 has part (a) from module 3 then part (b) will be from any module other than module3)
- 4. Only Four question need to besolved.

Objectives:

- 1. To familiarize the students with the use of a structured methodology/approach for each and every unique project undertaken, including utilizing project management concepts, tools and techniques.
- To appraise the students with the project management life cycle and make them knowledgeable about the various phases from project initiation throughclosure.

Outcomes: Learner will be able to ...

- 1. Apply selection criteria and select an appropriate project from different options.
- 2. Write work break down structure for a project and develop a schedule based onit.
- Identify opportunities and threats to the project and decide an approach to deal with them strategically.
- 4. Use Earned value technique and determine & predict status of theproject.
- 5. Capture lessons learned during project phases and document them for futurereference

- To familiarize the students with the use of a structured methodology/approach for each and every unique project undertaken, including utilizing project management concepts, tools and techniques.
- To appraise the students with the project management life cycle and make them knowledgeable about the various phases from project initiation through closure.

Module	Detailed Contents	Hrs
1	Project Management Foundation: Definition of a project, Project Vs Operations, Necessity of project management, Triple constraints, Project life cycles (typical & atypical) Project phases and stage gate process. Role of project manager. Negotiations and resolving conflicts. Project management in various organization structures. PM knowledge areas as per Project Management Institute (PMI).	5
C. C	Initiating Projects: How to get a project started, Selecting project strategically, Project selection models (Numeric /Scoring Models and Non-numeric models), Project portfolio process, Project sponsor and creating charter; Project proposal. Effective project team, Stages of team development & growth (forming, storming, norming & performing), team dynamics	6
	Project Planning and Scheduling: Work Breakdown structure (WBS) and linear responsibility chart, Interface Co-ordination and concurrent engineering, Project cost estimation and budgeting, Top down and bottoms up budgeting, Networking and Scheduling techniques. PERT, CPM, GANTT chart. Introduction to Project Management Information System (PMIS).	8
IV	Planning Projects: Crashing project time, Resource loading and leveling, Goldratt's critical chain, Project Stakeholders and Communication plan.	6

	Risk Management in projects: Risk management planning, Risk identification and risk register. Qualitative and quantitative risk assessment, Probability and impact matrix. Risk response strategies for positive and negative risks	
V	 5.1 Executing Projects: Planning monitoring and controlling cycle. Information needs and reporting, engaging with all stakeholders of the projects. Team management, communication and project meetings. 5.2 Monitoring and Controlling Projects: Earned Value Management techniques for measuring value of work completed; Using milestones for measurement; change requests and scope creep. Project audit. 5.3 Project Contracting Project procurement management, contracting and outsourcing, 	8
VI	 6.1 Project Leadership and Ethics: Introduction to project leadership, ethics in projects. Multicultural and virtual projects. 6.2 Closing the Project: Customer acceptance: Reasons of project termination, Various types of project terminations (Extinction, Addition, Integration, Starvation), Process of project termination, completing a final report; doing a lessons learned analysis; acknowledging successes and failures; Project management templates and other resources; Managing without authority; Areas of further study. 	6

Outcomes

Students will be able to :

- Apply selection criteria and select an appropriate project from different options.
- Write work break down structure for a project and develop a schedule based on it.
- Identify opportunities and threats to the project and decide an approach to deal with them strategically.
- Use Earned value technique and determine & predict status of the project.
- Capture lessons learned during project phases and document them for future reference

Assessment:

Internal:

Assessment consists of two class tests of 20 marks each. The first class test is to be conducted when approximately 40% syllabus is completed and second class test when additional 40% syllabus is completed. The average marks of both the test will be considered for final Internal Assessment. Duration of each test shall be of one hour.

End Semester Theory Examination:

In question paper, weightage of each module will be approximately proportional to number of respective lecture hours as mentioned in the syllabus.

- Question paper will comprise of total six question carrying 20 marks
- Question no. 1 is compulsory. Attempt any 3 from remaining 5 questions

Remaining question (Q.2 to Q.6) will be selected from all the modules.

• Questions may be mixed in nature (for example supposed Q.2 has part (a) from module 3 then part (b) may be from any module other than module 3)

Objectives

- To understand physics and various types of disaster occurring around the world)
- To identify extent and damaging capacity of a disaster
- To study and understand the means of losses and methods to overcome /minimize it.
- To describe role of individual and various organization during and after disaster
- To explain application of GIS in the field of disaster management
- · To understand the emergency government response structures before, during and after disaster

Module	Detailed Contents	IIrs
I	 Introduction 1.1 Definition of Disaster, hazard, global and Indian scenario, general perspective, importance of study in human life, Direct and indirect effects of disasters, long term effects of disasters. Introduction to global warming and climate change. 	03
IJ	 Natural Disaster and Manmade disasters: 2.1 Natural Disaster: Meaning and nature of natural disaster, Flood, Flash flood, drought, cloud burst, Earthquake, Landslides, Avalanches, Volcanic eruptions, Mudflow, Cyclone, Storm, Storm Surge, climate change, global warming, sea level rise, ozone depletion 2.2 Manmade Disasters: Chemical, Industrial, Nuclear and Fire Hazards. Role of growing population and subsequent industrialization, urbanization and changing lifestyle of human beings in frequent occurrences of manmade disasters. 	09
111	 Disaster Management, Policy and Administration 3.1 Disaster management: meaning, concept, importance, objective of disaster management policy, disaster risks in India, Paradigm shift in disaster management. 3.2 Policy and administration: Importance and principles of disaster management policies, command and co-ordination of in disaster management, rescue operations-how to start with and 	06

	how to proceed in due course of time, study of flowchart showing the entire process.	
IV	 Institutional Framework for Disaster Management in India: 4.1 Importance of public awareness, Preparation and execution of emergency management programme.Scope and responsibilities of National Institute of Disaster Management (NIDM) and National disaster management authority (NDMA) in India.Methods and measures to avoid disasters, Management of casualties, set up of emergency facilities, importance of effective communication amongst different agencies in such situations. 4.2 Use of Internet and software for effective disaster management. Applications of GIS, Remote sensing and GPS in this regard. 	06
v	 Financing Relief Measures: 5.1 Ways to raise finance for relief expenditure, role of government agencies and NGO's in this process, Legal aspects related to finance raising as well as overall management of disasters. Various NGO's and the works they have carried out in the past on the occurrence of various disasters, Ways to approach these teams. 5.2 International relief aid agencies and their role in extreme events. 	09
vı	 Preventive and Mitigation Measures: 6.1 Pre-disaster, during disaster and post-disaster measures in some events in general 6.2 Structural mapping: Risk mapping, assessment and analysis, sea walls and embankments, Bio shield, shelters, early warning and communication 6.3 Non Structural Mitigation: Community based disaster preparedness, risk transfer and risk financing, capacity development and training, awareness and education, contingency plans. 6.4 Do's and Don'ts in case of disasters and effective implementation of relief aids. 	06

Contribution to Outcome

Students will be able to ...

- Get to know natural as well as manmade disaster and their extent and possible effects on the economy.
- Plan of national importance structures based upon the previous history.
- Get acquainted with government policies, acts and various organizational structure associated with an emergency.
- Get to know the simple do's and don'ts in such extreme events and act accordingly.

Rationale

Industrial wastewater is much more polluted than the domestic wastewater and hence has to be treated with the efficient choice of treatment units by preventing pollution of natural streams and rivers Wastewater treatments may not suffice only with primary treatments until they are modified and supplemented by additional techniques because of toxic chemicals. Industries are therefore generally prevented by legal aspects, from discharging their untreated effluents. It becomes mandatory fo industries to treat their wastewater in their individual treatment plant or common effluent treatment plan before discharging their waste on land, lake, river, municipal sewer, streams as the case may be.

Objectives

- 1. To enable the students to understand quality, characteristics, toxicity of industrial wastewater and its effects on streams.
- 2. To enable the students to understand the impact of industrial wastewater on natural streams.
- 3. To enable the students to understand waste minimization techniques for industrial wastewater.
- To enable the students to understand the necessary knowledge and concepts of biological treatment and advanced/emerging techniques.
- To enable the students to understand various industrial manufacturing process, effluents and treatments.
- 6. To enable the students to understand legislative framework for the remediation of industrial wastewater through environmental audit, environmental impact assessment and common effluent treatment plant.

Detailed Syllabus

Module	Course Module / Contents	Periods
I	Introduction to industrial waste and treatments: Sources and types of industrial waste-water, Effects of industrial waste-water on streams and waste-water treatment plants. Population equivalence, generation rates, characterization, important contaminants of concern from industries. Toxicity and Bioassay tests. Regulation for protection of streams. BOD Numericals.	06
II	Stream Protection Measures: Stream and effluent standards, stream sampling, stream sanitation, Procedures for improving stream water quality, zones of pollution, oxygen sag curve, Streeter Phelps Equation and numerical.	06
	Waste minimization: Minimizing effects of industrial waste water: Volume reduction and

VI	6.2	Environmental Audit for industries.	05
	6.3	Common Effluent Treatment Plants (CETPs): Flow chart, Location, Need, Operation & Maintenance Problems and Economical aspects. Case study.	

Contribution to Outcome

Having completed this course, the students shall acquire the knowledge of biological treatment and will be able to decide and select precise treatment for particular waste. The students shall be able to determine and design the treatment facilities and assess the guidelines for disposing of waste. They shall be able to formulate approaches to treat waste water in the most effective manner for contamination removal.

After the completion of the course the learner should be able to:

- 1. Explain the impact of industrial wastewater characteristics on natural streams.
- 2. Analyze various stream protections measures to protect the natural streams.
- 3. Summarize waste minimization techniques for industrial wastewater.
- 4. Relate biological treatment concept and summarize various treatments along with advance technologies.
- 5. Describe waste water generated during manufacturing process and decide the suitable treatment for effluents.
- Evaluate legislative framework for the remediation of industrial wastewater through environmental audit, environmental impact assessment and common effluent treatment plant.

Internal Assessment:

Consisting Two Compulsory Class Tests - First test based on approximately 40% of contents and second test based on remaining contents (approximately 40% but excluding contents covered in Test I) Average marks scored in the above two tests will be considered for final assignment of marks which will be out of 20.

End Semester Examination:

Weightage of each module in the end semester examination will be proportional to the number of respective lecture hours mentioned in the curriculum.

I Question paper will comprise of a total six questions, each carrying 20 marks.

Report of One Week F.E. Induction 2022-23

Theem College of Engineering, Boisar has organized the Induction Program from 10th to16th November 2022. This was a six-day program in which they taught how to develop academic interest, various activities were conducted, and created awareness

The Induction was started on 10th November 2022 with a welcome address by Dr.Emily Ghosh, HOD of First year Department.

The Day-1 Session 1 started at 10:00pm with the introduction of all the dignitaries' members. Then Universal Human Values (UHV) guest lecture was conducted by Prof. Balasubramani for all the students at 11:00pm and the lecture continued till 01:00pm. It was very much beneficial for everyone. Before starting with Session2 students were given lunch break from 01:00pm- 02:00pm. Session 2 started with proficiency module (English) by Prof.Balasubramani from 02:00pm- 04:00pm.

The Day-2 Session 1 started with enrolment of students in Mumbai University. Continued with Sports and Cultural Activity/NSS by Prof.Snehal,Apeksha,Ayaz,and Arbiya. Before starting with Session 2 students were given lunch break from 01:00pm- 02:00pm. Session 2 started with Prof. Arbiya Shaikh who explained about Mentor mentee to all the students. And day 2 ended with Bridge Course (BEE).

The Day-3 started with Orientation of the students with Welcome address and Introduction by Vice Chairman Mr. Sharif Thim, Director Dr. N.K.Rana and Principal Dr. Riyazoddin .S and Presentation by Dr.Emily Ghosh, HOD of First year Department. After the Orientation

students were allowed to visit the campus and all the departments so they can get familiar with the institute and their respective department. After visiting the campus, they were sent with refreshment.

The Day-4 Session 1 started with Diagnostic test of Maths, Computer, and English for all the students. After this test Mentoring lecture was conducted by Director Dr. N.K. Rana of Theem College of Engineering. The lecture filled every student with entusiasm. Then before starting with Session 2 students were given lunch break from 01:00pm- 02:00pm. After the lunch break Prof.Saleem gave the guidance lecture about the exam with this session 2 was ended.

The Day -5 The first session was conducted by Principal of Theem College of Engineering Dr. Riyazoddin.S. Principal Sir guided and boosted confidence in each student. After mentoring lecture, guest lecture was conducted for all the students on Universal Human Values (UHV) by Dr. Sameer Joshi. The lecture really motivated to all the students. With this session 1 was completed. Session 2 started after a lunch break. Then a Alumni Interaction session was conducted by Rehman Gujrati with this the day 5 of Induction got completed.

The Day -6 It was the last day of Induction program, so several bridge courses were taken like Bridge Course of (EM), Bridge Course of (EM-I), Bridge Course of (EP-I), and Bridge Course of (EC-I). Bridge Courses were conducted for getting the idea of a student's IQ level. With this the induction program gets completed. Overall, it was very much beneficial to the all participants.

A total of 182 students participated in this program which was conducted from 10th to16th November 2022. Faculty and student mentors from across programs worked extensively to ensure that the induction was well organized. Overall, it was very much beneficial to the all participants.

Subject: Invitation to deliver a lecture on 'Universal Human Values' for Induction Programme.

Dear Sir,

Theem College of Engineering is a premier Engineering Institute of H. J. Thim Trust at Boisar, Taluka Palghar, conducting graduate Engineering Programs in Computer Engineering, I.T. Engineering, Computer Sc. and Engineering (AIML), Mechanical Engineering, Civil Engineering, Automobile Engineering & Electrical Engineering. We also offer Diploma Engineering Programs in Computer Engineering, Mechanical Engineering, Civil Engineering and Electrical Engineering.

Theem College of Engineering is organizing an <u>"Induction Programme"</u> for first year students during 10.11.2022 to 16.11.2022.

I cordially invite you to deliver a lecture discussing "Universal Human Values" on 15.11.2022.

Topic: 'Net Etiquettes for college students' followed by 'Expected Behaviour and Ethics among students'

Timing: 11:00am to 1:00pm

The Principal, Management, Staff and Students of this Institute shall be obliged and grateful for your kind acceptance.

Thanking you, Yours faithfully,

(Dr. Riyazoddin.Siddiqui)

A REPORT ON STUDENT INDUCTION PROGRAMME FOR THE ACADEMIC YEAR 2019-20

INTRODUCTION:

Theem College of Engineering, Boisar organized a Five Days induction program for the fresh candidates to First Year Students in line with the AICTE requirements from 29th July to 2nd August 2019

OBJECTIVE: The objective of the program is to make the students feel comfortable in their new environment, open them up, set a healthy daily routine, create bonding in the batch as well as between faculty and students, develop awareness, sensitivity and understanding of the self, people around them, society at large, and nature. The time during the Induction Program is also used to rectify some critical lacunas and sensitize them towards exploring their academic interest and activities, reducing competition and making them work for excellence, build relations between teachers and students and overall personality development. The induction program contained of interesting activities like motivational speech, activities, expert lectures, and campus orientation sessions etc. The rationale for induction was to ensure a smooth transition for the students into the university system.

The following major activities under the induction program in which the students would be fully engaged throughout the day for the entire duration of program, this includes:

1. Physical activity: This would involve a daily routine of physical activity with games, yoga and sports which will help them to develop team spirit.

2. Proficiency Modules: Lectures on Basic English, Basic Mathematics, and Basic Computer Operation were conducted, and tests were taken to refresh the knowledge of the students.

This lectures and tests were useful to recall and recollect the knowledge of the students.

3. Universal human values: It gets the student to explore on self and allows one to experience the joy of learning stand up to peer pressure, take decisions with courage etc.

4. Cultural: Cultural activities involved Dancing, Singing, drama.

5. Lectures by Eminent People: This period can be utilized for lectures by eminent people to give the exposure to the students in various fields. Outcomes:

A total of 78 students participated in this program which was conducted from 29th July to 2nd August 2019 . Faculty and student mentors from across programs worked extensively to

ensure that the induction was well organized. Overall, it was very much beneficial to the all

A. P. J. Abdul Kalam

Who is Abdul Kalam ? Indian scientist and politician who played a leading role in the development of India's missile and nuclear weapons programs.

APJ Abdul Kalam was a very simple person; he was the youngest sibling of 5 and never even had a television at home. He preferred waking up early at 6:30 or 7:00 am and never was in any controversy because of his personal life. He lived his life as simple as possible. Only personal belongings to him had been a Veena, his books, a laptop, some clothes, and a CD player. When he died, he had no will, and all his possessions went to his brother.

Awards and Honors

- Distinguished Fellow Institute of Directors, India, 1994.

Report of Workshop on Entrepreneurship and Innovation as Career Opportunity

Entrepreneurship and innovation as career opportunity Topic

Date	15 th of February, 2022
	Online mode, MS Teams platform.

The Department of IT in association with IIC and IQAC arranged a workshop on Entrepreneurship and innovation as career opportunity which was held in an online mode on 15th of February, 2022. The session was attended by 280 students and 30 faculties.

Objectives: The aim of the workshop is to make students aware about start-up and entrepreneurship, to encourage and motivate them for entrepreneurship, which will boost their inner urge for becoming self-employed in future, to be job creators rather than job seekers.

Benefits:- Students got knowledge about upcoming Opportunities in various sectors or industry domains for entrepreneurship. Students understood about self-employment.

Workshop was conducted by Ms. Urvi Agrawal, Founder of Careernova Technologies LLP. The workshop was intended to cover:-

- 1. Need of Entrepreneurship
- 2. Searching Market Opportunities.
- 3. Availability of Government Schemes.

The session started with innovative ideas which are demanded in the market, strategies to convert ideas into businesses. She also suggested students make use of the facilities and

improve all other traits of an individual along with the academic knowledge to become a better entrepreneur. The speaker shared her success story and challenges faced during the initial phase of set up. The session explored upcoming Opportunities in various sectors or industry domains for entrepreneurship. It was a good experience for all the students who attended the workshop and gained new knowledge beyond the curriculum. Her speech was followed by a question answer session in which students get their doubts solved. This Workshop was coordinated by Prof. Sneha Sankhe and Prof. Sonali Karthik.

Report of Webinar on Integrated Approach in Science and Technology for a Sustainable Future

Topic Integrated Approach in Science and Technology for a Sustainable Future

Date	28 th of February, 2022
Venue	Online mode, MS Teams platform.

On the occasion of National Science Day, the Department of IT engineering in association with IIC and IQAC arranged a webinar on Integrated Approach in Science and Technology for a Sustainable Future which was held in an online mode on 28th of February, 2022. The session was attended by 240 students. The theme for National Science Day 2022 is Integrated Approach in Science and Technology for a Sustainable Future.

Objectives: The aim of this webinar is to bring awareness to students about the importance of science in our daily life and to encourage students by popularizing science and technology. **Benefits:** It has created interest about Science and technology in students minds. It has ignited the students interest in Science and growing technology and also appreciated the contributions of many scientists to India's growing technology.

Webinar was conducted by the department of IT. The session started with the greetings of International Science Day to the audience. Students gave their presentations on topics such as the invention of Raman effect to how the integration of science and technology can bring a sustainable future. Students also did the poster presentation on the same. Session ended with the vote of thanks.

This Webinar was coordinated by Prof. Sneha Sankhe and Prof. Sonali Karthik.

Report on "World Earth Day Celebration "

Topic: Seminar Quiz competition titled "World Earth Day Celebration" Date and Time: 22/04/2022 from 03:00Pm to 05:00pm

Name of Speaker: Mr. Harshad Ranadive

It is our privilege to report that Theem College of Engg, Boisar in association with IQAC, IIC (Institutions Innovation Cell) has organized a seminar & Quiz competition On "World Earth Day Celebration". The programme was conducted in a very interactive way and explained the various importance of Environmental issues that have posed serious threats to the sustainability of natural earth. On the occasion of Earth Day, the most serious environment related issues such as pollution, global warming, climate change, acid rain, ozone layer depletion are discussed. The whole session was interactive and educative .The session was helpful for the students of engineering domains as well as faculty members and it obviously helped them to think in this particular direction. Students learned great things about the Earth Day movement by making the best use of electricity, saving tap water, throwing waste items in the garbage box, not pouring polluting chemicals in the washroom drains, sharing our vehicles and using electric vehicles. .The session was a joy to attend and more sessions will be much appreciated.

Objectives

- 1. To enlighten awareness about environmental issues among the students.
- 2. To protect the environment from serious threats .

Outcomes (Students should be able to)

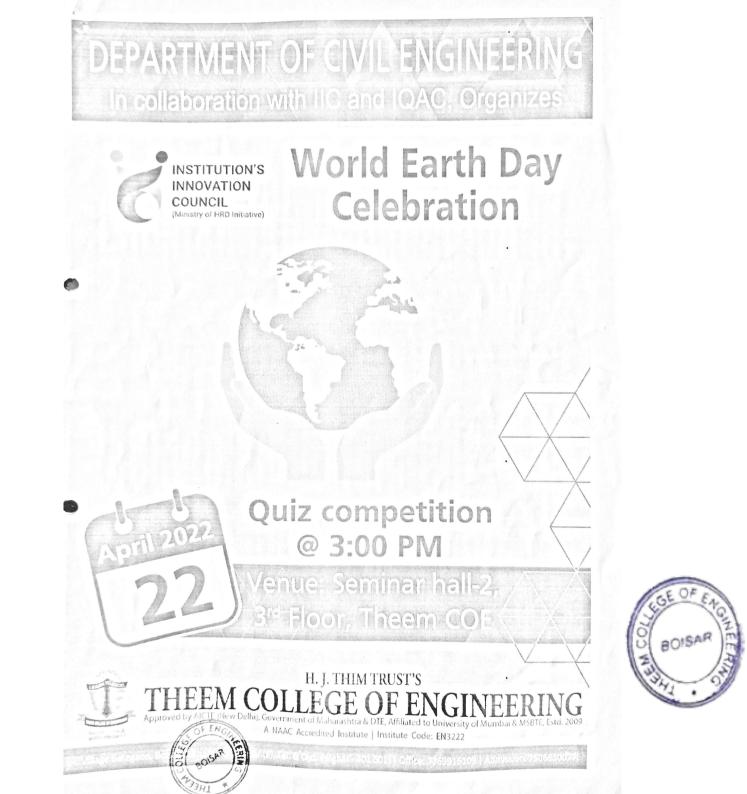

1. Understand Environmental issues and sustainable development of the earth. 2. Understand how to reduce the pollution and management of hazardous waste.

Event Report on

"Process of Innovation Development, Technology Readiness

level, Commercialization of lab Technologies & Tech-Transfer"

Session Details:

- 1. Title of the session: Process of Innovation Development, Technology Readiness level, Commercialization of lab Technologies & Tech-Transfer
- 2. Date: 28 Feb 2023
- 3. Time: 11:00 am to 12:30 pm
- 4. Venue: 3rd Floor Seminar Hall, Building No.1, Theem COE.
- 5. Activity Category: IIC
- 6. Theme: The Expert talk is used to enhance the students knowledge about the process
- of product making, development, marketing and customer needs and satisfaction. This topic is also helpful for the students to make a startup and successful running.

Expert Speaker Details:

- 1. Name: Dr. Rajesh Bisane
- 2. Designation: Assistant Professor
- 3. Organization: St. John College of Engineering and Management, Palghar
- 4. Brief about Expert Speaker: Dr. Rajesh Bisane has Completed his UG,PG and Doctorate degrees under the department of Mechanical Engineering from various reputed colleges. He has vast experience in various positions at various reputed colleges.

He has published 1 Paper in ESCI Journal and 11 Papers in Scopus Indexed Journals. Two Patents are granted and published for 10 years of tenure and 1 patent is published from 20 years of tenure by him.

Objectives of the activity:

The session focused on the:

- Innovation development and understanding technology readiness level, manufacturing readiness level and investment readiness level
- Challenge to be tackled for idea generation from laboratory to commercialization

Outcomes of the activity:

Students gained knowledge in the following areas:

- How Scientific Observations are made and reported in Technology Readiness level
- How Practical application is involved in TRL, MRL and IRL
- Risk analysis and various implications involved in the TRL
- Product management lifecycle which will help students and entrepreneurs to understand the different stages of product development.
- The challenging TRL levels of Product challenges, Business challenges, Innovation challenges and process challenges.

'Highlights of the Activity:

The Civil Engineering Department in association with IQAC, IIC of Theem College of Engineering, organized an Expert Talk on "Process of Innovation Development, Technology Readiness level,Commercialization of lab Technologies & • Tech-Transfer" to enhance the knowledge of students about process development and innovation.

The program started at 11:00 am with the recitation of Holy Quran by Mr. Mohammad Owais Final year student, Civil Engineering. After that Dr. N.K. Rana, Director of Theem College of Engineering has briefed about the achievements of Theem IIC. The speaker was introduced by the host of the event Shaikh Faiz, Final year student of Civil Engineering Department. At valedictory Mr. Vaibhav pandey Third year student of Civil Engineering Department, given vote of thanks.

The following content was discussed by the guest speaker during the session:

- ✤ The process of innovation development and its stages.
- Citing an example of a final year project and keeping users in mind at every stage of the process, elaborated the process of Technology Readiness and commercialisation of the technology.
- Further he explained how the technology transfer from innovator to industry takes place.
- He highlighted the role of Prostyping Lab in Innovation Development & Technology Readiness.
- ,* He requested participants to availation chemes like Virtual Innovation Register, Provisional Patent Scheme, Prototyping Grant Scheme of Maharashtra State Innovation Council and boost their innovation and commercialize their technology.

The Expert talk was very informative and students have been getting the knowledge about process development and innovation. Some participants gave their feedback and expressed their overwhelming response to attend these kinds of programs in the near future. The Management appreciated the organizing team members and all the participants for being present over the program.

Report on "World Earth Day Celebration "

Topic: Seminar Quiz competition titled "World Earth Day Celebration" Date and Time: 22/04/2022 from 03:00Pm to 05:00pm

Name of Speaker: Mr. Harshad Ranadive

It is our privilege to report that Theem College of Engg, Boisar in association with IQAC, IIC (Institutions Innovation Cell) has organized a seminar & Quiz competition On "World Earth Day Celebration". The programme was conducted in a very interactive way and explained the various importance of Environmental issues that have posed serious threats to the sustainability of natural earth. On the occasion of Earth Day, the most serious environment related issues such as pollution, global warming, climate change, acid rain, ozone layer depletion are discussed. The whole session was interactive and educative .The session was helpful for the students of engineering domains as well as faculty members and it obviously helped them to think in this particular direction. Students learned great things about the Earth Day movement by making the best use of electricity, saving tap water, throwing waste items in the garbage box, not pouring polluting chemicals in the washroom drains, sharing our vehicles and using electric vehicles. .The session was a joy to attend and more sessions will be much appreciated.

Objectives

- 1. To enlighten awareness about environmental issues among the students.
- 2. To protect the environment from serious threats .

Outcomes (Students should be able to)

1. Understand Environmental issues and sustainable development of the earth. 2. Understand how to reduce the pollution and management of hazardous waste.

Report of Event

Topic: India Start-up Day – "Build Your Start-up" Date and Time: 01/10/2022 from 12:00 Pm to 02:00 Pm

Name of Speaker: Prof. Abdul Majid Ansari

Welcome & Inaugural speech: Prof. Raees Ahmad

It is our privilege to report that Theem College of Engineering. Boisar in association with IQAC, IIC (Institution's Innovation Cell) has organized a seminar On Build Your Startup to celebrate India Start-up Day. Prof. Abdul Majid Ansari, the speaker of the seminar has delivered seminar in a very interactive way and explained the various important ways to direct their career in the respective field. As speaker himself is the founder and cofounder of multiple start-ups and has gone through all major processes of Start-up. All attendees have been enlightened by the speaker with reference to his own example. The session was very helpful for the students of engineering domains as well as faculty members and it helped them to think in this particular direction. Students learned great things about start-up. They learnt a great deal about how to pitch ideas and convert ideas into product. The session was a joy to attend and more sessions will be much appreciated. The conclusion of the program and vote of thanks presented by IIC coordinator Prof. M.R. Khan.

Objectives

1. To motivate students towards Start-up through guidance and specific day celebration.

2. To inculcate creativity, innovativeness and market analysis in our students

Outcomes (Students should be able to)

- 1. Interpreting regulation and legal aspects for new Start-up in India.
- 2. Understand Government policies for Entrepreneurship / Start-ups.
- 3. Sense the opportunities and able to mobilize resources to make new product/ services.

Report of Event

Topic: How to plan for Startups and Legal & Ethical Steps

Date and Time: 12/05/2023 from 11:00 AM to 05:00 PM

Name of Speaker: Mr. Mallappa Mariyani

Welcome & Inaugural speech: Prof. Mubashir Khan

It is our privilege to report that Theem College of Engineering. Boisar in association with IQAC, IIC (Institution's Innovation Cell) has organized a workshop on "How to plan for Startups and Legal & Ethical Steps", the speaker of the program has delivered seminar in a very innovative way and explained how start-up can be planned. As speaker himself involved in startup working as manager, has presented the case study of same. He has explained various legalities involved in start-up along with the challenges faced at different stages. The role of ethics in whole professional process has been conveyed effectively by the speaker. All attendees (103 students & 15 faculties) have been enlightened by the speaker Mr. Mallappa Mariyani.

The session was very helpful for the students of engineering domains as well as faculty members and it helped them to think about the planning for the start-ups, pitching ideas and convert ideas into product. The session was a joy to attend and more sessions will be much appreciated. The conclusion of the program and vote of thanks presented by HOD Prof. Raees Ahmad. Objectives

1. To motivate students towards Start-up through innovative thinking and planning.

2. To inculcate legal aspects of building a start-up with ethical approach.

Outcomes (Students should be able to)

1. Bring their ideas into reality and Plan for Start-ups.

2. Understand the importance of legal aspects and ethical approach.

REPORT ON ESSAY WRITING COMPETITION ON "IMPACT OF ENERGY ONSERVATION ON SOCIAL LIFE" ON THE OCCASION OF NATIONAL ENERGY **CONSERVATION DAY 2022**

It is urgent to think over the energy conservation since there is no imagination of life without energy. Due to increasing standards of luxuries of human being, the demand of energy is increasing day by day but the stored energy resources are limited. The limitation enforces the human being to use the available resources (Conventional energy resources like petroleum, wood, etc.) in efficient manner as well to investigate some other resources (Non-conventional energy resources like Solar, Wind, Hydro, chemical etc.). To develop the consciousness about the probable crisis of energy, many programs/events can be organized in forms of Dramas, Poster presentation, Public speech, Essay writing etc.

For the same, On the 14th December 2022, a essay writing competition on "Impact of Energy Conservation on Social life" was organized by Department of Automobile of Theem College of Engineering at 11:00am under IIC (Institution's Innovation Council). The venue of the event was Theem College of Engineering, Boisar, Maharashta-401501. The objectives of the event can be categorized as below:

Objectives: 1) Need of Energy

2) Crisis of Energy

3) Need to conserve Energy

4) Ways to save Energy for future

5) Thinking on alternatives of conventional energy sources

The event was organized under the supervision of Professor Irshad Shaikh, HOD of Automobile Engineering Department with the co-ordination of Prof. Md. Anwar and Prof. Shubham Dhodi. It was successfully executed with appreciable number of participants. The event was very much supported and appreciated by Director (Dr. N. K. Rana) and Principal (Dr. Riyazoddin Siddiqui).

- 2. Frame the ideas into actual prototype development.
- 3. Aware of funding agencies.

On 21st August 2022, a **Webinar on Entrepreneurship** was organized in Mechanical Engineering Department, Theem College of Engineering in collaboration with IIC. It was facilitated with Dr. Divya Padmanabhan, HOD Automobile Engineering from Pillai College of Engineering (Autonomous).

Three distinct sections made up the session. Dr. Divya Padmanabhan inspired students to start their own businesses as soon as feasible in the first portion. The students were motivated to start working with their ideas in early age of their life due to diverse options and better learning abilities.

The presentation's second portion concentrated on various startups that were founded by young people. The startup examples, presented, were motivated through extremely grounded and basic ideas. Numerous examples of startups viz. Paytm, OYO, Ola and Postcard etc. were explained with their motivating journey.

Finally, information regarding different government schemes for funding viz. Seed Fund, Start Up India, Venture Capital Scheme etc. have been shared with the audience.

During question hour session, the enthusiastic participants asked several queries and doubts regarding their personal challenges for the resource allocation and monetary support.

Around 130-150 participants were present in the webinar from different departments. It was a good learning experience for the faculty as well as students about entrepreneurship. The event coordinator of the webinar was Dr. Minhaj Hashim and the event convener was Prof. Mohammed Wasim Khan, HOD,

Mechanical Engineering. The IIC coordinator was Prof. Mubashir from Computer Engineering department. The program was concluded with Vote of thanks delivered by Prof. Mohammed Wasim Khan.

Report on Workshop on Business Model Canvas

Objectives:

- 1. To learn the mapping of proper business model.
- 2. Identifying the challenges.
- 3. To understand the customer requirement and fulfilling it with optimized monetary policies.

Outcomes:

T

Participate will be able to ...

- 1. Understand the business model canvas development.
- 2. Analyzing the market challenges.
- 3. Develop a healthy relationship between the customer and entrepreneur.

On 10th April 2023, a workshop on **Business Model Canvas** was organized by Mechanical Engineering Department, Theem College of Engineering. It was facilitated with Mr. Rajkumar Devkar, Managing Director, Manish Fasteners & Vikram Industries. The program was held in Auditorium, 3rd Floor Building no. 1, Theem COE.

The program was started with the felicitation of our guest from HOD Prof. Mohammed Wasim Khan. **Mr. Rajkumar Devkar** open his discussion with the requirement of proper business model required in current era. He primarily described the nine basic building blocks of Business Canvas Model. Customer segments, Value prepositions, Channel to reach customers, Relationship, revenue streams, key resources, activities, partners and cost structures were the basis of the presentation.

The presentation clearly elaborated how important the canvas development is for any startup entrepreneur as well as senior executive. Finally, the guest discussed about fulfilling the customer need based on Maslow's Hierarchy of Needs.

During question hour session, the enthusiastic participants asked several queries and doubts regarding unconventional public relation and monetary support for the operation. The speaker very patiently answered the queries of participants and motivated them for any future consultancy.

Around 65 students of from Mechanical and Automobile Engg. Department were present in the workshop. It was a good learning experience for the faculty as well as students about entrepreneurship. The event coordinator of the webinar was Dr. Minhaj Hashim and the event convener was Prof. Mohammed Wasim Khan, HOD, Mechanical Engineering. The program was concluded with Vote of thanks delivered by Prof. Mohammed Wasim Khan.

Report on "Impact Lecture Series"

Objective:

The objective of these lecture series is to create and cultivate the habit of Innovation in the budding Engineers, make them understand the concept of Design Thinking, Start-up, its benefits, and challenges, and also to provide them the insights of Entrepreneurship, as both are two faces of same coin.

Introduction:

THEEM COE IIC Cell in collaboration with EDC Cell and IQAC Cell has organized Impact lecture series I on 15th July 2022 and Impact lecture series II on 26th July 2022. The event was sponsored by MoE's Innovation Cell (MIC) & AICTE, New Delhi. The sessions were conducted on online / offline platform using Microsoft Team and more than 350 students and faculties had registered for the same. Day-1 of the session comprised of webinar on "Entrepreneurial Project Development", conducted by Prof. K.T.V. Talele. Talele and a webinar on "Start-up Culture in Academic Campus", conducted by Mr. Dinesh Israni. Day-2 of the session comprised of webinar on "Think Like An Entrepreneur", conducted by Mr. Rahul K. Jain and a webinar on "Innovation Driven Entrepreneurship", conducted by Mr. Santosh D. Khawale.

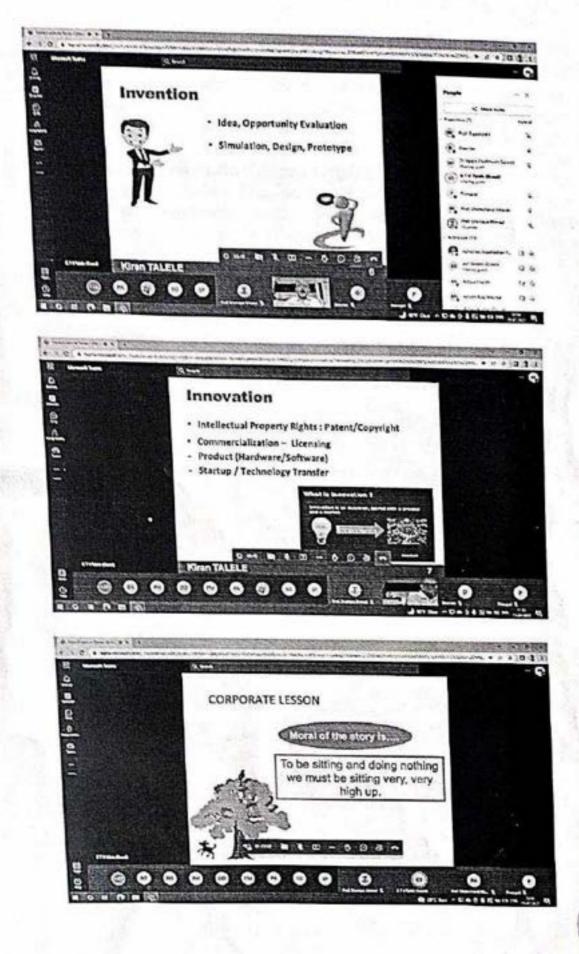

Day-1

11 AT. MILLION

Session 1: Webinar on Entrepreneurial Project Development by Prof.K.T.V. Talele. The talk contained many live examples to explain the students, importance of innovation in entrepreneurship. Innovation is the instrument of entrepreneurs with the help of which an individual exploits the changes as a chance for a different business. And it very well depicted that an Innovative Entrepreneur is one who has the ability to tackle to produce innovative products to meet the market's demands and trends.

Below are the some of the pictures of the session

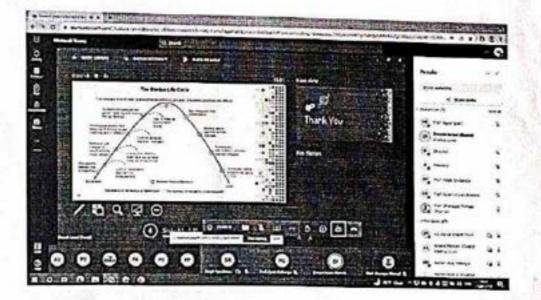

Session 2: Webinar on "Startup Culture in Academic Campus" by Mr. Dinesh Isarani. Mr. Dinesh conveyed an inspirational speech telling the students how Start-ups can be quite stressful, but starting at university allows a student to gain the necessary life skills and confidence to make it in the real world and how startup culture in campus can help the students gain these skills. In his speech Mr. Dinesh said that Startup culture is the shared values, thoughts and beliefs that shape how people work, Startup culture is different from corporate culture because it typically reflects the personalities and passions of the team members. He also talked about different characteristics of Startup culture that included Agility, Teamwork, Passion and Creativity. He also advised the students to keep the politics away from the Startup culture and not to think of it as job but as a mission to contribute to the startup community and

Day-2

Session 1: Seminar on "Think like an Entrepreneur" by Mr. Rahul K. Jain.

This session was more of an interactive session wherein he asked the students first about any of the entrepreneurial experience or activities that they had. The students shared their experience and ideas. The speaker also conducted some fun interactive activities as well wherein he made the students understand that if we don't have much knowledge and experience about a specific thing say Cryptocurrency, we should invest small so that the risk would not be much and the amount of loss won't be much high as well. Through his speech he helped the students to think more like an Entrepreneur by focusing on things like Opportunity Recognition, Comfort with risk, Creativity, Innovation, Critical Thinking and Problem solving.

Below are the some of the pictures of the session

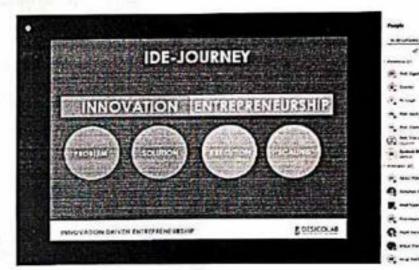

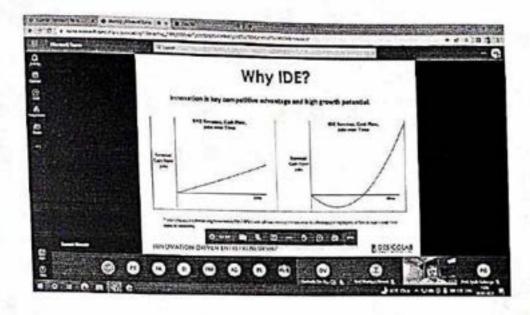

Session 2: Webinar on "Innovation Driven Entrepreneurship" by Mr. Santosh Khawale. Mr. Santosh D. Khawale, the speaker gave a wonderful session where he shared what entrepreneurship is and how innovation can play a magical role in entrepreneurship. He mentioned entrepreneurship is thought to be a key driver of economic growth. While there are myriad forms of entrepreneurship, ranging from self-employment to small and medium size enterprises to technology- and innovation-driven startups, recent research provides evidence that the relationship between entrepreneurship and economic growth is driven not by overall quantity of new firm entry, but rather by a small subset of high growth startups that are primarily categorized as innovation-driven. He defined Innovation Driven Entrepreneurship (IDE) as the pursuit of opportunities focused on products or repeatable services beyond the local market. Making a bold statement Mr. Santosh D. Khawale said we need more than just more start-ups who create low paying jobs. We need businesses that brings innovations to market that deliver such high value that customers are willing to pay a margin premium. This is what he was calling innovation driven entrepreneurship or innovation driven start-ups. These start-ups don't have to follow in the model of Silicon Valley and be focused on technology. Innovations can cover a wide range of areas. He gave example of innovating education and how students can be prepared with STEM skills that will prepare them to compete in the emerging creative economy.

During the presentation, the speaker gives the brief chronological about the achievements of the scientists who were involved in the mission of Pokhran-I and Pokhran-II, Hansa-3, Trishul missile testing and how India got its elite membership of being the sixth nuclear capabilities nation. Speaker also explains about the how one can get the funding for research and development from Technology Development Board under Government of India. The

National Technology Day is symbolic of our quest in scientific inquiry and technological excellence, and a translation of that quest into an integrated scientific, societal and industrial approach. It marks not only our technological innovations but their successful commercialization making the fruits of painstaking research available to the people at large. The speaker called upon all technocrats & scientists in various institutes to come together to do brainstorming for finding solutions in the coming days in the context of 'Make in India' & 'Startups India' programme a success.

The Chief Guest Mr. Azeem Mohammed Iqbal, (B. Tech Electrical Engg., IIT, Kharagpur, MBA IIM Lucknow) Founder and CEO, MilliAmps Energy Solutions, Sunrack Technologies (Solar Power System) was introduced by Prof. K.N. Attarde, HOD, Computer Engineering Dept. with his brief profile. During the presentation, the chief guest explains about the different technologies available today and how one can harness the benefits out of it. He stressed on research and the usage, future prospects of nonconventional energy resources specially solar power and wind energy.

Some participants gave their feedback and expressed their overwhelming response to attend these kinds of program in near future. At valedictory Prof. K. N. Attarde has given vote of thanks.

A Report on "Process of Innovation Development & Technology Readiness Level (TRL)"

Objectives:

- 1. The main objective of this webinar was to discuss -Generating Ideas, capturing ideas, beginning innovation, developing a business- effectiveness strategy, Applying Business Improvement, and Decline.
- To inculcate creativity and innovativeness in our students.

Outcomes:

- 1. Students were able to understand importance of "Process of Innovation Development & Technology Readiness Level (TRL)", and its advantages.
- Students were able to understand the importance of technology assessment.

A webinar on "Process of Innovation Development & Technology Readiness Level (TRL)" was held on 3rd March 2022. Mr. Yogesh Karunakar, Head EDC, IIAR Labs K. C. College of Engineering was the guest speaker.

In his address Mr. Yogesh Karunakar explained the process of the innovation development and its stages. Citing an example of final year project and keeping users in mind at every stage of process. Mr. Yogesh Karunakar, elaborated the process of technology readiness and commercialisation of the technology. Technology Readiness Levels (TRLs) are a method for understanding the technical maturity of a technology during its acquisition phase. TRLs allow engineers to have a consistent datum of reference for understanding technology evolution, regardless of their technical background.

Concept Note by ICHR

'Bharat: Loktantra ki Janani'

The idea of Bharat needs to be cherished as there are tuillions and millions of Indians across the globe since times immemorial. It is so because Bharat and its 'Loktantra' have influenced as well as confluenced civilizations across the world. It made the world to know that the 'Lok' and its 'Tantra' are very symbiotic and complement each other to grant good governance. It is from this land of Bharat, that this spontaneous culture of serving the masses has made its origin.

A distinction needs to be drawn between *Pruja-Tantra*, *Jana-Tantra*, and *Loka-Tantra*. One is a straight translation of the political system known as 'Democracy', the second is 'people versus the tuler(s) oriented system', and the third is 'a community-system oriented towards the welfare of the community.

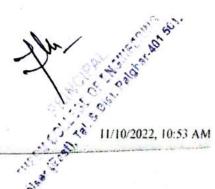

There are three dimensions of people's polity, a system of governance broadly referred to as 'Democracy': (i) limits on the 'Ruler(s)'; (ii) accountability of the 'Ruler(s)'; (iii) people's direct or indirect participation in governance and/or their rights of self-governance.

In India, from the Vedic times itself, two kinds of states, janapada and rajya have been in existence. The Indian experience evolved its own form of governance at the levels of the village and the central polity: (i) the federal/central political structures were delinked from the life of the community (village communities), and consequently (ii) village communities became self-governing and autonomous, and (iii) developed a hierarchy of self-governing institutions, such as Panchayat and Khaps, that enabled them to remain unaffected by and large by the changing kingdoms/ empires particularly those of the invaders hostile to Hindu culture.

This explains the survival of Hindu culture and civilisation in the face of 2000 years of invasions by alien ethnicities and cultures. This became possible because the Hindu mind from the beginning addressed the central question of how to weld this vast multiplicity that is India into a single larger community and from ancient times a geo-cultural definition has been given to this entity, rashtra, Bharata -- The country which lies to the south of the Himalayas and the north of the oceans is called Bharata and the Bharatiyas are the people of this country.

Democratic system in Bharat has evolved over the ages. There are ample archaeological, literary, numismatic, epigraphical, bhakti, and so on, evidences which emphasis on the Loktantrik tradition of Bharat. The roots of people's self-governance also lie in India's Vedic period going back, vide the recent archaeological excavations at Rakhigarhi and Sanauli, to at least 5000 BCE, if not more.

Vedic literature talks of cosmic cohesion, harmony of existence. The Upanishads stress on fundamental unity, right to life and existence for all beings. Shrimad Bhagavad Gita emphasizes on knowledge, faith, action, virtue all synthesized in human conduct.

The Vedic term for law is *Dharman*. In this age in other parts of the world law meant 'eye for an eye'. A Vedic prayer notes "If I play false may I lose the merit of all my religions performances, give of good deeds — my life and even my progeny".

Obarman was the anchor of society. Compassion, empathy, non-violence were ways of life. Good character and moral action were fundamentals of Bhartiya society.

In the Registral there are several terms which were undoubtedly applied to non-monarchial instantists, the two assembles called Sabha and Samiti formed an essential feature of the government, the term Sabha denotes "The people in conclave. The Samiti in the sense of an assembly of people is mentioned in the Rigveda Itappears the Samiti was an august assembly of a larger group of people for the discharge of tribal (i.e., political) business and was presided over by the King. Both these Assemblies exercised considerable authority and must have acted as healthy checks on the power of the kings. Great importance was attached, not only to the concord between the king and the assembly but also to a spirit of harmony among members of the Assembly. The last hymn of the Rigveda invokes such unity. "Assembly, speak together, let your turnes he all of the accord - the place is common, common the assembly, common the mind so be their thought united..." (Chosh, R. C. Majundar, p.357551 is clear that the importance of these two bodies continued in later period as well.

Also, there is no doubt that the people played an important part in politics. Thus, stress is laid on the necessity of concord between the king and his electors in a passage in the Atharvaveda, which is a clear restance of the prevalence of the system of election of the kings.

Simultaneously, it should be underlined that the Bhartiya context of governance had a crucial difference with other ancient political philosophies like say Greece and Rome. In India there was the constant emphasis on inner consciousness and the need to integrate with the totality of the Universe.

Another key difference that separates Bharat from other ancient civilizations is -- there was no concentration of the prestige of birth, influence of wealth and political office which made social organizations autocratic and aristocratic. There was no aristocracy in India like say in Greece. The Hindu state rarely presented that high degree of centralization associated with the Roman empire.

Nevertheless, in Hindu political theory, sovereignty rests in *Dharma* or law in the wider context. One of the most profound ideas in ancient Indian political philosophy is that power or the office of the king is only a trust.

India to the great surprise of the world with all its multiple plurality is today the world's largest successful working democracy is, because Indian people, infused with the spirit of equality, have had since the very Vedic times a *lokatantrika-parampara*.

REPORT ON INDEPENDENCE DAY

Theem college of Engineering, Boisar, celebrated Independence Day with unprecedented patriotic fervour on Aug 15, 2018. The gamut of celebration activities held on the campus consisted of special morning assembly, poetry recitation and impressive parade. The entire college assembled at the ground. Our Chief guest Mr. Nasir Pathan (Ex. ACP Mumbai) hoisted the Tricolor. The national anthem echoed in the entire campus.

After the anthem there was March past by the N.S.S. students. Students marched in contingents to the beat of commands while the principal presided over it. After the march past, one patriotic speech by Mr. Arsalan shaikh student of Mechanical department and Miss. Nikhat Shaikh student of computer department delivered a wonderful speech which highlighting the hanging of Bhagat Singh, Rajguru, and Sukhdev brought tears to everyone's eyes. The group song 'Ai Mere Vatan Ke Logo' filled everyone with pure patriotism.

At the end, the Secretory Dr. Shaukat Ali Shah and Principal Dr. N. K. Rana gave a speech reminding the students and the teachers of the sacrifices made by our great freedom fighters and made us take pledge that we would serve our motherland, India with heart, body, and soul to bring it glory and laurels with our dignified deeds. At the end the students were distributed sweets.

REORT ON TREE PLANTATION

On 15^{th} August, 2018, Theem College of Engineering, Boisar, successfully completed the event of Tree Plantation under the National Service Scheme at college campus. Trees are the foremost source for producing the oxygen in environment, they helps to reduce the level of CO₂. As we all know that the whole world is facing the problem of global warming and to recover from such problem planting the trees is become one of the most important aspects today.

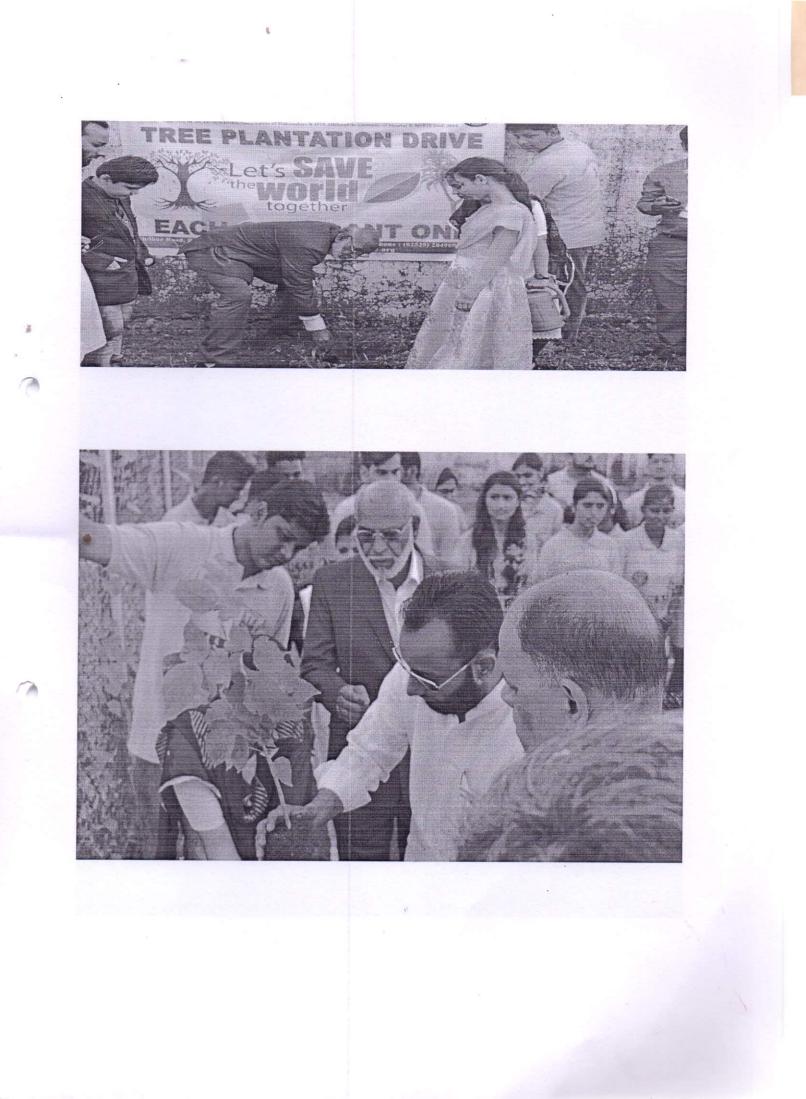

The event was began with the welcoming of guest Honorable Mr. Nasir Pathan (Ex-ACP, Mumbai) and Mrs. Sadhana Chauhan, Talathi of Boisar, Principal Dr. N. K. Rana, Secretory Dr. Shaukat Ali Shah, Director Mr. Sharif Thim Sir. Welcome speech has been given by the Principal Dr. N.K.Rana . At that time Principal advice to volunteers to think differently for the Society to make positive changes and to make improvement, Principal introduced guest at the time. After that NSS Volunteers sung a NSS song followed by the felicitation of guest.

Mr. Atik khan orients the NSS volunteers by notifying the importance of NSS for them as well as society.. He said that "In society all the human beings are comprise equal importance, no matter with the Men or Women." He also said that the dedication is must to accomplish the goals and dreams in life. Mr. Nasir Pathan also address the volunteers and passed a message of kindness & being helpful to the needy people.

After the inspirational words of guests and Principal we all move towards the place where tree plantation took place. A very first tree plant by Mr. Nasir Pathan Sir in college premises and then Principal Dr. N.K.Rana also plant a tree. Total tree planted by all others including teachers, volunteers and guest was more than 70 on the day.

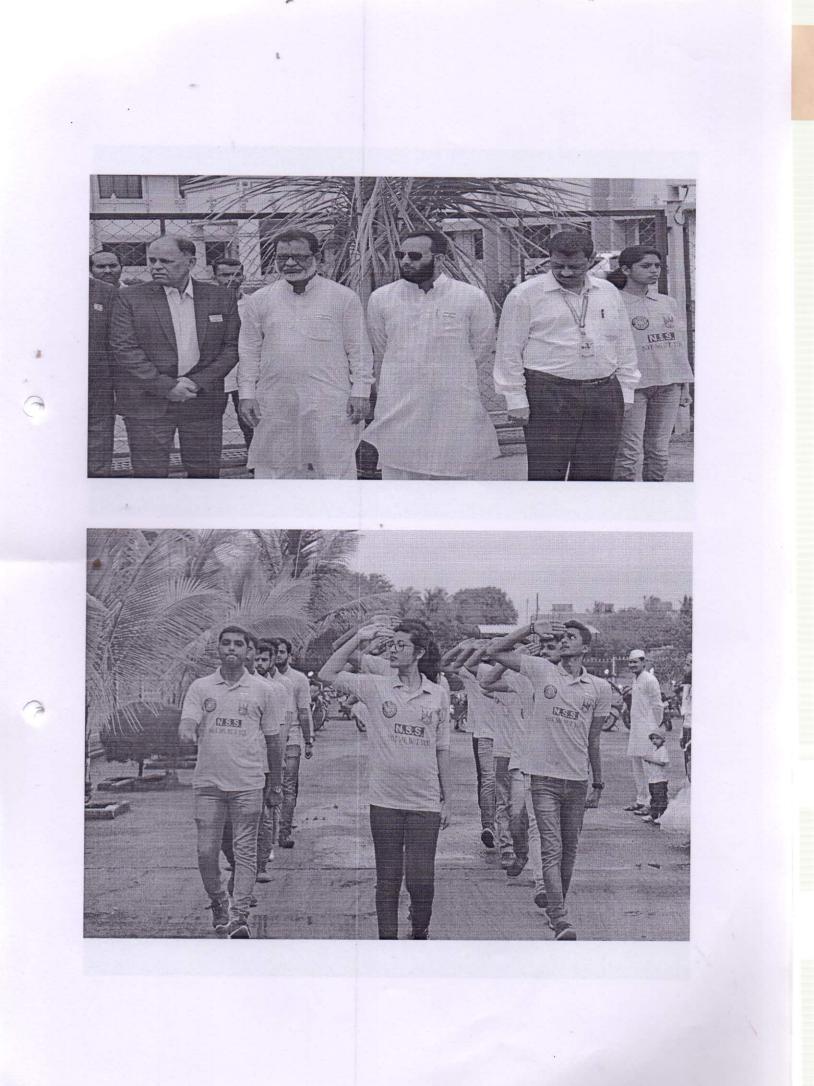

All were happy and experience proud after the tree plantation event was finished, because it really feels great to do positive for the nature.

REPORT ON ANTI-PLASTIC COMPAIGN IN BOISAR

Plastic bags harm the environment in numerous ways. Once they enter into soil, they lower its fertility and affect our farmers' production. Besides, when these bags are used up, they litter the streets and block drains and when burned, they release toxic chemicals and contaminate the air.

Hence, with the aim of raising awareness against the use of polythene bags, Theem college of Engineering, Boisar, carried out anti-plastic campaign in Boisar on 08/09/2018.

On this day, we had covered daily market, Bus stand area, railway station area and Ostwal market area where our N.S.S. volunteers visit and distribute environment-friendly cloth bags among the shopkeepers and residents so that plastic bags can be replaced. In these areas, our N.S.S. volunteers are going door to door and requesting peoples to use cloth bags for their daily use like buying Fruits, Vegetables, Bread/ Milk, etc.

Regarding to this campaign our N.S.S. volunteer arranged one rally from Navapur naka to Ostwal gate via Railway station and Bus stop. They also arranged one street play for this Anti-plastic campaign.

Our N.S.S. volunteers are urging people to stop using disposable Plastic Plates/Cups, Glasses and Containers that are very harmful. When the food items stored in plastic containers are re-heated in the microwave, they are likely to get contaminated with plastic chemicals.

In this way, we had successfully convey the massage regarding the Anti-plastic to the Boisar peoples.
