Sub: Proposal for Grant to organize two days workshop on “Quality Assurance in Higher Educational Institutes (HEI’s) by using Open Educational Resources (OER)” at Theem College of Engineering

Dear Sir,

We are interested to organize a two-days workshop on “Quality Assurance in Higher Educational Institutes (HEI’s) by using Open Educational Resources (OER)” at our institute. The workshop will be beneficial to teaching faculty on national level. Kindly find enclosed the detailed grant proposal for your kind consideration.

I request your goodself to accept our proposal and sanction the requested fund for smooth conduction of the workshop.

Thanking You,

Dr. N. K. Rana
Director

DIRECTOR

THEEM COLLEGE OF ENGINEERING

Proposal for financial assistance to organize two days workshop

Introduction

The criterion of "Research and innovation" is one of the major challenges of quality assurance cell of higher educational institutions. Basic objective of this proposed workshop is to motivate faculty and students of undergraduate institutions to spread knowledge and information about research methods through use of various open source software, such as latex, scilab, linux , gimp etc. We propose to provide hands on practice for the same.

We request financial assistance from NAAC to make the proposed workshop a successful event with productive outcome.

Application for Financial Support

1. Name of the Institution: **Theem College of Engineering**
2. Whether the Institution has got earlier seminar Grant sanctioned by NAAC within the period of present accreditation cycle: **No.**
3. In case of affiliated Colleges, name of the University to which the college is affiliated: **Mumbai University**
4. Details of Recognition by UGC: (if recognized): **NA**
5. NAAC Accreditation Status:

Cycles	Validity Period	Grade	CGPA/Percentage
Cycle - 1	28.03.2019 to 27.03.2024	B+	2.61

6. Type of the Institution: **Self-financing**

7. Location of the college: **Rural**

8. Name of the Activity: **Workshop**

9. Theme of the workshop: **Quality Assurance in Higher Educational Institutes (HEI's) by using Open Educational Resources (OER)**

10. Proposed dates: **9. 06. 2023 to 10.6.2023**

(Proposal should be sent five to six months in advance and the proposal need to be sent by the Internal Quality Assurance Cell (IQAC) of the Institution)

11. Venue Seminar/Conference/workshop: **Theem College of Engineering**

12. Name and Communication details of the Organizing Institution

Name of the Head of the Institution: **Dr. N. K. Rana**

Institution's Name: **Theem College of Engineering**

Address: Betegaon, Boisar Chilhar Road, Boisar(east), Taluka: Palghar, District: Palghar, Maharashtra

Brief write-up about the seminar highlighting its importance in the National Context (Separate papers to be attached) *

A. About the Institution: (Maximum 500 words): **Annexure A**

B. Theme: **Annexure B**

C. Objectives (Maximum 300 words) : **Annexure C**

D. Sub Themes: **Annexure D**

E. Expected outcome: (Maximum 500 words) **Annexure E**

F. Participants (nature / categories): **Annexure F**

G. Estimate of expenditure as given below: **Annexure G**

* Annexure Attached

13. Nature (Geographical area covered) of the Seminar: **National Level**

14. Number of participants expected to attend: 70

From same District: 50

From same State: 12

From other States: 08

15. Broad details of the total estimated expenditure: (In Rupees)

a. Pre-conference and venue Arrangements:	Rs 50000.00
b. Resource Persons-TA, Honorarium, etc.:	Rs 40000.00
c. Lunch, tea and hospitality:	Rs 32000.00
d. Publication of proceedings:	Rs 10000.00
e. Miscellaneous:	Rs 10000.00
Grand Total	Rs 142000.00

16. Financial assistance (in Rs.) required from NAAC for this activity.

Specific items in expenditure	Amount(Rs)
Honorarium and TA of Resource Persons	40000
Workshop Kits	40000
Food and Hospitality	32000
Total	112000

CERTIFICATE

This is to certify that

a. Institution has no objection if the workshop on **Quality Assurance in Higher Educational Institutes (HEI's) by using Open Educational Resources (OER)**

is organized in the institution premises

From 9.6.2023 _____ to 10.6.2023 _____

b. Space and other infrastructural facilities would be extended for organizing the aforesaid workshop

c. The funds shall be utilized for the purpose for which they are sanctioned.

Annexure A

About the Organizing Institution

Theem College of Engineering was established in 2009 at 10 acres lush green campus with built up area of 2.6 lakh sq. ft. by Haji Jamaluddin Thim Trust. The institute is one of the philanthropic organizations of Thim Group founded by its patron Mr. Anwar Hussain Jamaluddin Thim. The institute is situated in a picturesque location at Boisar (East), Dist. Palghar. It is affiliated to University of Mumbai, approved by AICTE and Directorate of Technical Education, Maharashtra. The institute offers graduate engineering programs such as: Computer Engineering, Computer Science and Engineering (AIML), Civil Engineering, Electrical Engineering, Automobile Engineering and Mechanical Engineering.

Being apt to a centre of higher technical education, the institute's environment provides students marvelous infrastructure, the state-of-art technical workshop, laboratories, well-resourced library and learning centre, spacious ICT enabled classrooms, audio-video lab, English language lab for the development of communication and soft skills, vast playground for sports and extra-curricular activities.

Annexure B

Theme: Quality Assurance in Higher Educational Institutes (HEI's) by using Open Educational Resources (OER)

Annexure C

Objectives

As the educational spectrum of the country has witnessed a transformation with respect to the pandemic situation, the robust paradigm shift towards online education, enhancing uses of software, introduction of modern technologies in teaching learning process have become the need of hour. The pedagogical fraternity needs to be committed to engage students in active, collaborative and technology based learning methodologies. The use of open educational resources helps faculty and students to have access to technologies, books and various other teaching materials that they normally would not be able to afford. The objectives of the workshop are:

- To incorporate effective skills assuring quality enhancement in higher educational institutes.
- To encourage the participants by providing an opportunity to learn effective pedagogical techniques.
- To promote integration of open source technologies for teaching learning process.
- To spread awareness about open educational resources and discuss the role of the same regarding 5 'R's, namely the ability to Retain, Reuse, Revise, Remix and Redistribute contents for educational purposes.
- To introduce various OER software, provide hands on practice and encourage the participants to adopt them in teaching learning.

A handwritten signature in blue ink, consisting of several loops and a long horizontal stroke at the bottom.

Annexure D

Sub Themes

1. Importance of quality education.
2. Enhance of quality education and research by using OER
3. Use of Open Educational Resources (OER)
 - a. Latex b. Scilab c. Gimp d. Linux
4. Practice sessions on OER

Annexure E

Expected Outcome

Aim of the workshop is to explore the applications and implementations of OER in a vast range, hence to enrich the research quality and thus to assure the quality education. After the workshop the participants will be able to

- Integrate the applications of OER with the teaching learning process.
- Apply their knowledge to enrich their research.
- Adopt and incorporate the effective skills in their pedagogical techniques.

Annexure F

Participants (nature/Categories):

University/College Teachers: **Engineering**

University/College Teachers: **Arts, Science, Commerce**

University/College Teachers: **Library Science**

University/College Teachers: **Other Programs**

A handwritten signature in blue ink, consisting of several loops and a horizontal line at the end.

Annexure G

Estimate of Expenditure

Sr. No.	Specific items of expenditure	Amount(Rs.)
1	Brochure, Invitations, Banners Certificates	10000
2	Honorarium of Resource persons	20000
3	TA of Resource persons	20000
4	Workshop kit, file, writing pad, pen for the participants	40000
5	Food and Hospitality	32000
6	Publication of proceedings	10000
7	Miscellaneous	10000
Grand Total		142000

A handwritten signature in blue ink, consisting of several loops and a horizontal line at the end.

Report on “Impact Lecture Series”

Objective:

The objective of these lecture series is to create and cultivate the habit of Innovation in the budding Engineers, make them understand the concept of Design Thinking, Start-up, its benefits, and challenges, and also to provide them the insights of Entrepreneurship, as both are two faces of same coin.

Introduction:

THEEM COE IIC Cell in collaboration with EDC Cell and IQAC Cell has organized **Impact lecture series I on 15th July 2022** and **Impact lecture series II on 26th July 2022**. The event was sponsored by MoE's Innovation Cell (MIC) & AICTE, New Delhi. The sessions were conducted on online / offline platform using Microsoft Team and more than 350 students and faculties had registered for the same. Day-1 of the session comprised of webinar on “**Entrepreneurial Project Development**”, conducted by **Prof. K.T.V. Talele**. Talele and a webinar on “**Start-up Culture in Academic Campus**”, conducted by **Mr. Dinesh Israni**. Day-2 of the session comprised of webinar on “**Think Like An Entrepreneur**”, conducted by **Mr. Rahul K. Jain** and a webinar on “**Innovation Driven Entrepreneurship**”, conducted by **Mr. Santosh D. Khawale**.

Day-1

Session 1: Webinar on Entrepreneurial Project Development by Prof.K.T.V. Talele.

The talk contained many live examples to explain the students, importance of innovation in entrepreneurship. Innovation is the instrument of entrepreneurs with the help of which an individual exploits the changes as a chance for a different business. And it very well depicted that an Innovative Entrepreneur is one who has the ability to tackle to produce innovative products to meet the market's demands and trends.

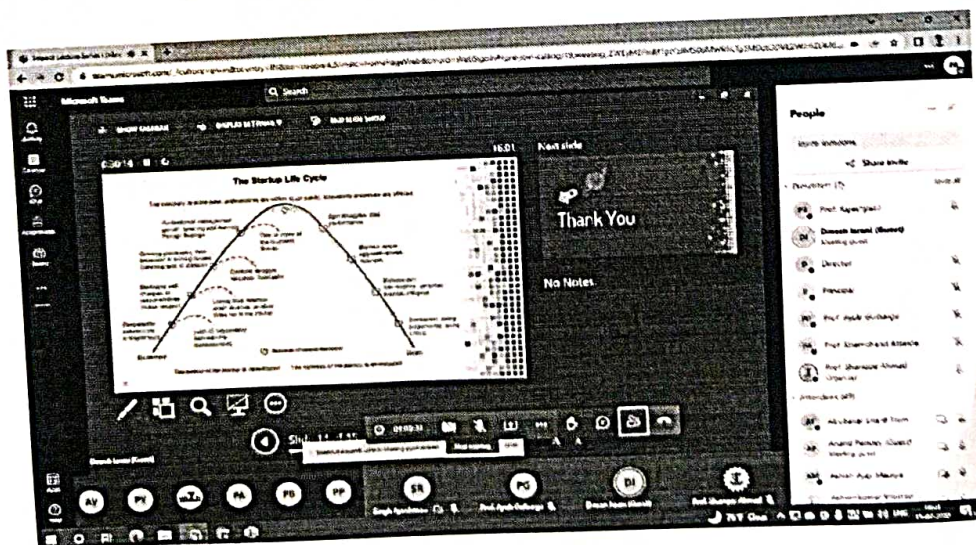

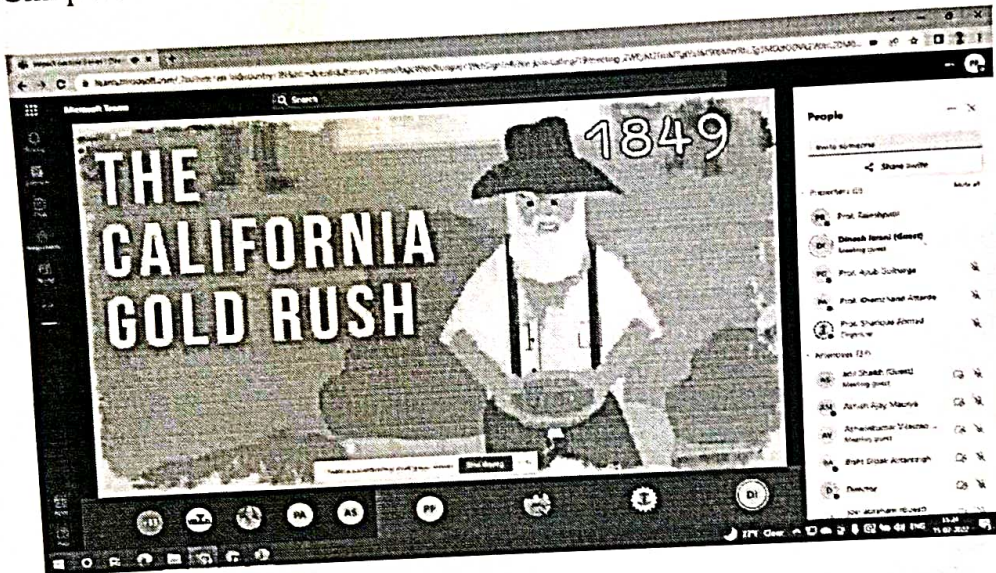

Below are the some of the pictures of the session

Session 2: Webinar on “Startup Culture in Academic Campus” by Mr. Dinesh Isarani.

Mr. Dinesh conveyed an inspirational speech telling the students how Start-ups can be quite stressful, but starting at university allows a student to gain the necessary life skills and confidence to make it in the real world and how startup culture in campus can help the students gain these skills. In his speech Mr. Dinesh said that Startup culture is the shared values, thoughts and beliefs that shape how people work, Startup culture is different from corporate culture because it typically reflects the personalities and passions of the team members. He also talked about different characteristics of Startup culture that included Agility, Teamwork, Passion and Creativity. He also advised the students to keep the politics away from the Startup culture and not to think of it as job but as a mission to contribute to the startup community and the society.

Glimpses of the session are as below

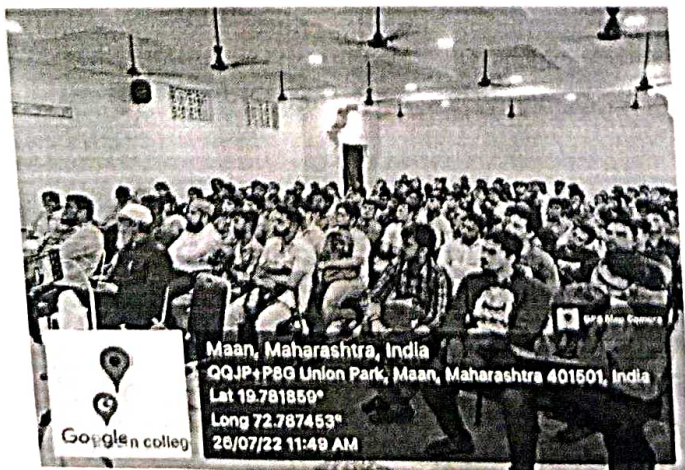

Day-2

Session 1: Seminar on "Think like an Entrepreneur" by Mr. Rahul K. Jain.

This session was more of an interactive session wherein he asked the students first about any of the entrepreneurial experience or activities that they had. The students shared their experience and ideas. The speaker also conducted some fun interactive activities as well wherein he made the students understand that if we don't have much knowledge and experience about a specific thing say Cryptocurrency, we should invest small so that the risk would not be much and the amount of loss won't be much high as well. Through his speech he helped the students to think more like an Entrepreneur by focusing on things like Opportunity Recognition, Comfort with risk, Creativity, Innovation, Critical Thinking and Problem solving.

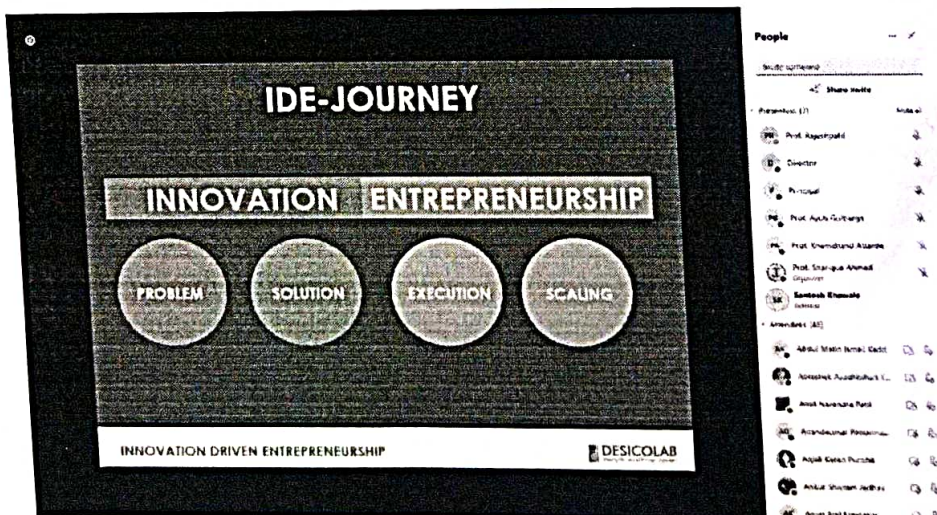

Below are the some of the pictures of the session

Session 2: Webinar on “Innovation Driven Entrepreneurship” by Mr. Santosh Khawale.

Mr. Santosh D. Khawale, the speaker gave a wonderful session where he shared what entrepreneurship is and how innovation can play a magical role in entrepreneurship. He mentioned entrepreneurship is thought to be a key driver of economic growth. While there are myriad forms of entrepreneurship, ranging from self-employment to small and medium size enterprises to technology- and innovation-driven startups, recent research provides evidence that the relationship between entrepreneurship and economic growth is driven not by overall quantity of new firm entry, but rather by a small subset of high growth startups that are primarily categorized as innovation-driven. He defined Innovation Driven Entrepreneurship (IDE) as the pursuit of opportunities focused on products or repeatable services beyond the local market. Making a bold statement Mr. Santosh D. Khawale said we need more than just more start-ups who create low paying jobs. We need businesses that brings innovations to market that deliver such high value that customers are willing to pay a margin premium. This is what he was calling innovation driven entrepreneurship or innovation driven start-ups. These start-ups don't have to follow in the model of Silicon Valley and be focused on technology. Innovations can cover a wide range of areas. He gave example of innovating education and how students can be prepared with STEM skills that will prepare them to compete in the emerging creative economy.

Dear Sir/madam,

Greetings of the day!

Thank you for the patience, coordination and support.

As on the subject cited above, it is informed that the release of reimbursements to institutions have been made as per the guidelines of the Impact Lecture Series scheme, IIC calendar year 2021-22.

You are requested to check the reimbursement amount credited to your institute's account details provided in the application. Sanction letter (hard copy) of the same will be sent to your institute address shortly and soon, a soft copy of it also available for download in the IIC portal.

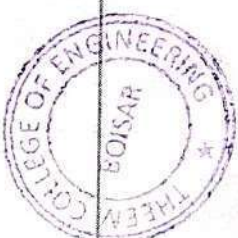

For any query related to above, please revert to us in this email and can reach to your zonal in-charge.

Thank you,

Institution's Innovation Council
MOE's Innovation Cell
AICTE, New Delhi

Department of Automobile Engineering

15-July-2022

Principal,

Theem College of Engineering,

Boisar, Maharashtra, India – 401501.

Subject: Regarding the grant for the B.E. Project

Respected Principal

The Automobile engineering department, Theem college of Engineering, Boisar is pleased to inform you that a project group of 10 students are keen interested in doing project on '**Design and Fabrication of All Terrain Vehicle (ATV)**' for the academic year 2022-2023. It is a mega project which utilizes the whole concepts of designing and manufacturing and will be guided by Professor Mohammed Wasim Khan.

Previously, our students have worked on the design and analysis of suspension and knuckle joints of an ATV. Now these students are willing to fabricate the vehicle. We are sure that this it will be completed within the specified time.

This is major project which may cost around 260k (2.6 lakhs). For the smooth fabrication and proper execution of the project, the Principal Investigator (PI), Professor Mohammed Wasim khan is requesting you to arrange grant of mentioned amount.

The department and the team will be thankful to you for kind support.

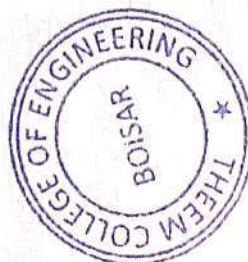

Principal Investigator: Professor Mohammed Wasim Khan

Thanking you

Professor Mohammed Wasim khan

HOD, Automobile Engineering

Theem CoE, Boisar Maharashtra-401501

Head of Department

Dept. of Automobile Engg.

Theem College of Engineering, Boisar 401 501

A brief summary of the proposal

Project Title: Design and fabrication of All Terrain Vehicle (ATV)

Principal Investigator: Professor Mohammed Wasim Khan

Department: Automobile Engineering

Objectives of the project:

- (a) To manufacture ATV at low cost for the commercialization
- (b) To make use of the knowledge in fabrication of a vehicle
- (c) To make available a vehicle for the further studies by future students

Abstract: An all-terrain vehicle (ATV) is a motorized off-highway vehicle designed to travel on four low-pressure or non-pneumatic tires. It has seat designed to be straddled by the operator and handlebars for steering control. ATVs are subdivided into two types as designated by the manufacturer. ATV can be subdivided into two categories such as (i) ATV for single operator with no passenger, (ii) ATV for an operator with a passenger. ATVs range over the age group of operators. Youth model ATVs are designed for smaller hands and feet, and travel at slower speeds appropriate for their age. The ATV in this project is based on the youth model which is comprised of smaller hands and feet, and travel at slower speeds. The project vehicle is targeted to minimize the cost as compared to the commercially available in the market.

Budget of the project:

Billing is as follows:

S.N.	Part name	Cost (INR)
1.	Chassis and Body	40000
2.	Suspension	60000
3.	Engine	100000
4.	Tyres	50000
5.	Miscellaneous	10000
Total estimated cost		260000

Sub: Sponsorship for Project on "Design and Fabrication of All Terrain Vehicle" to be implemented for participation in International Competition.

Respected Sir,

A group of Students from Mechanical Engineering has submitted a proposal for development of **Design and Fabrication of All Terrain Vehicle (ATV)** to be used for Mega ATV competition to be held under agies of SAE society. The project proposal is enclosed for your ready reference.

You are kindly requested to accept their proposal for sponsorship and sanction the budged for Rs.260000/- (Rs. Two Laks Sixty thousands). The student will implement the proposed plan and develop the machine in college and subsequently will take part in competition and bring laurels to college.

Kindly accept the proposal for the betterment of student's technical performance.

Thanking you

Sub: Sponsorship for Project on “Design and Fabrication of All Terrain Vehicle (ATV)” to be implemented for participation in International Competition to be held in Hyderabad.

Dear Sir,

Project proposal submitted by Students from Mechanical Engineering for development of **Design and Fabrication of All Terrain Vehicle (ATV)** to be used for Mega ATV competition to be held under aegis of SAE society is looked into and after review, we have decided to support this project.

We are pleased to inform you that your request is accepted and their proposal for sponsorship for a budget of Rs.260000/- (Rs. Two Laks Sixty thousands only) is sanctioned. The student should implement the proposed plan and develop the machine in college and there after they should take part in competition and bring laurels to college.

Wish you good luck for completion of the project and hope this will improve student's technical performance.

Thanking you

Department of Mechanical Engineering

16-August-2022

Principal,

Theem College of Engineering,

Boisar, Maharashtra, India – 401501

Subject: Regarding the grant for the B.E. Project

Respected Principal

The Department of Mechanical engineering is feeling proud to announce that we are planning to fabricate a commercial Forklift for heavy load lifting. It is subjected to a B.E project of final year students. The team is of 4 students. The project title is '**Design and Fabrication of Electric Forklift**' for the academic year 2022-2023. The project will be guided by Professor Iqbal Mansoori, Assistant professor at ME department.

This is major project which may cost around 43000 INR which is a tough task for students to expend so huge amount. For the smooth fabrication and execution of the project, the Principal Investigator (PI), Professor Iqbal Mansoori is requesting you to arrange grant of mentioned amount.

The department and the team will be thankful to you for kind support.

Principal Investigator: Professor Iqbal Mansoori

Thanking you

Professor Mohammed Wasim Khan

HOD, Mechanical Engineering

Theem CoE, Boisar Maharashtra-401501

H.O.D.
Department of Mechanical Engineering
Theem College of Engineering, Boisar

A brief summary of the proposal

Project Title: Design and fabrication of electric forklift

Principal Investigator: Professor Iqbal Mansoori

Department: Mechanical Engineering

The main objective of this project:

- (a) Replacement of IC engine with Motor drive
- (b) Make the equipment emission free for green environment.

Abstract: In today's life, there is wide range of fork lift varieties such as from the large heavy loadings trucks to the one that works among narrow aisles. Forklifts have become one of basics transportation tools we use in our lives. In all existing forklifts, we find that there is need for improvement to bring forklifts to the better performance. In this project, we describe forklift powered by an electric motor instead of the IC engine using rechargeable batteries. The new design offers two features such as (a) the forklift's Lifting Mechanism. i.e. Pulley Mechanism which works on Compound Pulley and 4 ropes to transfer and distribute loads. It reduces the loads on motor by $1/4^{\text{th}}$, and (b) It gives better integrated body design which Provides more balance and smooth sliding mechanism.

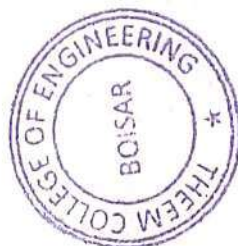

Budget of the project:

Billing is as follows

S.N.	Part name	Material	Quantity	Cost (INR)
1.	C-channel	Steel	100 kg	6000
2.	Square tube	Steel	1 piece	1000
3.	Steel plates	Steel	2 Pieces	1000
4.	Electric motor		1 piece	11000
5.	Controller		1 piece	17000
6.	Miscellaneous			7000
Total estimated cost				43000

Dear Sir,

We have reviewed the project proposal submitted by Students through HOD from Mechanical Engineering on **Design and Fabrication of Electric Forklift** to be implemented and used in Theem College of Engineering premises. The project proposal seems to be encouraging and we appreciate it.

We are happy to accept their proposal for sponsorship and sanction approximate budgeted for Rs.43000/- (Rs. Forty Three Thousands). You are now directed to communicate it to the students and the project investigator for implementation. The students can implement the proposed plan of Design and Fabrication and amount shall be released in phases as asked. We appreciate that the project will save lots of manual work and is a very good green initiative.

Wish you good luck for completion of this project.

Thanking you

Department of Electrical Engineering

01-Aug-2022

Principal,

Theem College of Engineering

Boisar, Maharashtra, India – 401501.

Subject: Regarding the grant for B.E. Project

Respected Principal

The Department of Electrical engineering is pleased to inform you that we are planning to design a system to meet the requirement of high voltage applications. For this, we are intending to develop a Tesla coil to produce 500,000 Volts. The work is entitled as '**Design and Fabrication of Tesla Coil for High Voltage Applications**' for the academic year 2022-2023. The project will be carried by a group of 4 students under the guidance of Professor Raees Ahmad, faculty of Electrical Engineering.

This project budget may go up to around 53000 INR which is a huge amount for students to expend. For the smooth fabrication and execution of the project, the Principal Investigator (PI)/Guide, Professor Raees Ahmad is requesting you to arrange a financial support.

The department and the team will be thankful to you for kind support.

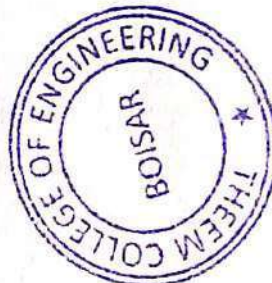

Principal Investigator: Professor Raees Ahmad

Thanking you

Professor Raees Ahmad

HOD, Electrical Engineering

Theem CoE, Boisar Maharashtra-401501

A brief summary of the proposal

Project Title: Design and fabrication of tesla coil for high voltage applications

Principal Investigator: Professor Raees Ahmad

Department: Electrical Engineering

Objectives of this project:

- To make a machine that can transmit the electrical power wirelessly
- To provide a setup to the institute for the high voltage applications and further studies.
- To reduce the cost of Tesla coil.

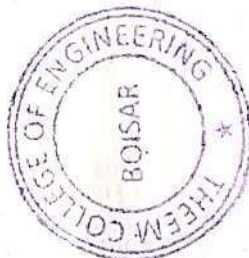

Abstract: A Tesla coil is a machine for generating extremely high voltages. It is like the Van de Graff generator. When it is fired up, the toroid transmits more than 500,000 volts of high frequency current. Huge sparks shoot out from it which are visible with a deafening noise. It releases ozone gas in the surrounding. The Tesla coil uses high frequency transformer action together with resonant voltage amplification to generate potentials in the range of tens, hundreds or even thousands of kilovolts. The machine consists of two coupled resonant circuits. The primary circuit is a spark gap oscillator that can be charged from a high voltage power supply. When the voltage across the capacitor is sufficient to turn on the spark gap, the primary circuit begins to oscillate and transfer its energy to the secondary resonator. After complete transfer, the spark gap turns off so that the primary circuit can recharge for the next cycle. In this manner, each cycle adds energy to the secondary circuit. It has ability to generate high voltages across the secondary circuit load.

Budget of the project:

Billing is as follows:

S.N.	Part name	Quantity	Cost (INR)
1.	Neon Signtransformer	1 P	28000
2.	Winding	2 P	6000
3.	Chasis	1 P	10000
4.	Transformer Wax&Varnish	1 P	3000
5.	Miscellaneous		6000
Total estimated cost			53000

To,
The Chairman
H.J. Thim Trust,
310- Yusuf Building,
Fort, Mumbai.

Sub: Sponsorship for Project on "Design and Fabrication of Tesla Coil for High Voltage Application" to be implemented in Theem College of Engineering".

Respected Sir,

A batch of Students from Electrical Engineering has submitted a proposal for **Design and Fabrication of Tesla Coil for High Voltage Application** to be implemented and used in Theem College of Engineering premises. The project proposal is enclosed for your ready reference.

You are therefore, kindly requested to accept their proposal for sponsorship and sanction the budged for Rs.53000/- (Rs. Fifty Three thousands). The student will implement the proposed design in Lab of Electrical Engineering Department for testing and implementation purpose. This project is highly useful for very high voltage generation and purely a research project.

Kindly accept the proposal for the improvement of campus look.

Thanking you

(Dr. Riyazoddin S)

To,
The Principal
Theem College of Engineering,
Boisar Chilhar Road,
Boisar (E), Dist-Palghar,

Sub: Acceptance of Proposal for Project on “Design and Fabrication of Tesla Coil for High Voltage Application” to be implemented in Theem College of Engineering”.

Dear Sir,

Project proposal submitted by a batch of Students from Electrical Engineering for **Design and Fabrication of Tesla Coil for High Voltage Application** to be implemented and used in Theem College of Engineering premises was reviewed by us and it was found that the project proposal is nice and should be completed by the students.

We are therefore, pleased to inform you that their proposal for sponsorship and sanction the budged for Rs.53000/- (Rs. Fifty Three thousands only) is accepted. You are informed to communicate this to concern students and proceed with implementation. These students should be encouraged to go for a publication based on the outcome of this research.

Wish you and your team good luck for the improvement of research capabilities of students and faculty investigator.

Thanking you

(Anwar H. J. Thim)
Chairman

The summary of expenditure for the project, **Design and Fabrication of Tesla Coil for High Voltage Applications** is given as below.

S.N.	Part name	Quantity	Cost (INR)
1.	Neon Signtransformer	1 P	27420
2.	Winding	2 P	6580
3.	Chasis	1 P	8575
4.	Transformer Wax&Varnish	1 P	3425
5.	Miscellaneous		7863
Total			53863
