Notice

All the faculty members of Automobile Department are hereby informed that department is organizing 6 days Faculty Development Program (FDP) on "Advance in Finite element Analysis".

The FDP program is scheduled from **03/07/2023** to **08/07/2023** in CAD Lab. Advanced applications of FEA to engineering applications, problems and a lot more will be trained.

In response of making this program successful, all the faculties are requested to be present in program.

Permission Letter

Date: 26/06/2023

To,
The Principal,
Theem College of Engineering,
Boisar.

Subject: Seeking permission for Faculty Development Program on "Advance in Finite Element Analysis".

Respected Sir,

I Professor Irshad Shaikh, the HOD of Automobile Engineering Department. My department has arranged one day FDP on "Advance in Finite Element Analysis" for the benefit of our faculties. The main objective of this activity is to enrich faculties about the advance applications of FEA with respect to teaching and academic point of view. Hence promoting their CAE domain practices of real engineering problems and projects. Through this training course faculties will come across the advance applications of FEA to accept and expose challenges in teaching our students. These programs will be conducted from 02/07/2023 to 08/07/2023.

I request you to give us permission for the activity of above said development program.

With best regards

Yours sincerely

Prof. Shubham V. Dhodi

Subject: Request for 6 days training on "Finite Element Analysis"

Dear Sir,

The Theem College of Engineering is a premier engineering institute of the H.J. Thim Trust at Boisar, Taluka Palghar, conducting graduate engineering programmes in computer engineering, information technology engineering, AI&ML engineering, mechanical engineering, civil engineering, automobile engineering, and electrical engineering. We also offer diploma engineering programmes in computer engineering, electrical engineering, mechanical engineering, and civil engineering.

The Theem College of Engineering is organising six days training on finite element analysis from July 3, 2023, to July 8, 2023.

The principal, management, staff, and students of this institute will be grateful for your presence at the above-mentioned activity on July 3, 2023, at 10 a.m.

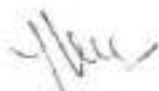

We will be grateful for your gracious acceptance of our invitation.

With best regards!

Report on Faculty Development Programme on Finite Element Analysis

Objectives:

1. To encourage the development of Analysis in mechanical design concepts and ideas.
2. Identifying the challenges in designing and its Analysis.
3. To provide information about advanced mechanical engineering design.

Outcomes:

Participate will be able to...

1. Understand the importance of Finite Element Analysis.
2. To perform structural analysis.
3. Able to grab opportunities in machine design.

On 3rd July 2023, A 6 Days Faculty Development Programme on Finite Element Analysis was started in the Automobile Engineering Department, Theem College of Engineering in collaboration with Shirish Techno solutions. The training had been scheduled from 3rd July 2023 to 8th July 2023 (only working days).

The 6 days training program concentrated on various design analysis aspects that are needed during mechanical design. The various practical analysis examples were discussed through extremely grounded and basic ideas. Numerous examples of finite element analysis of mechanical elements like Gearbox, Floor Structure, Pillow Box, Support Bracket etc. were explained with their basics.

The following mentioned topics were discussed during training:

- Failure criteria of Materials.
- Background of Ansys.
- 2D Simulations- Triangular Plate with slots used in robotics.
- Rack & Pinion Analysis.
- Concept of Stress concentration.
- 3D Simulation- Rail wagon Bracket, Pillow Box.
- Model Analysis of Gearbox, Floor Structure.
- Dynamic Analysis of Gear Meshing & Pulley with Belt.
- Thermal and Transient Analysis.
- Case study on pressure vessel coupling analysis.
- Optimization using DOE Tool
- Case studies on Buckling and stress stiffening of Beam brackets.

THEEM COLLEGE OF ENGINEERING

Success through quality education!

During the question hour session, the enthusiastic participants asked several queries and doubts regarding their personal challenges during various Analysis problems.

Around 10 participants were present in the training from Mechanical & Automobile departments. It was a good learning experience for the faculty as well as the students about advanced design analysis of mechanical elements. The event coordinator of the training was Prof. Shubham V Dhodi and the event convener was Prof. Irshad Shaikh, HOD, Automobile Engineering Dept. The IIC coordinator was Prof. Mubashir from the Computer Engineering department. The program concluded with Vote of thanks delivered by Prof. Mohammed Wasim Khan.

Sir,

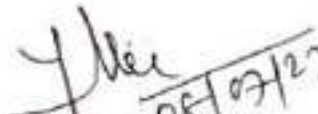

We are very glad to thank you for presenting yourself in the Faculty Development
Program on "Advance in Finite Element Analysis" and being as an expert to enrich our
faculties in the programme. Your speech on Applications of FEA enlightened our faculties.
Each of our faculties were further promoted to solve and expose students the challenges of
complex engineering problems of academics and beyond the academics/ industrial problems
at an advanced level. We always expect the same kind of coordination and cooperation in
the future.

Thanking you.

Notice

All the faculty members of Automobile Department are hereby informed our department is organizing 5 days Faculty Development Program (FDP) on “Solid Works Advanced Practices”. The FDP program is scheduled from 02/01/2023 to 06/01/2023 (Monday to Friday) in CAD Lab 2. Basic to advanced applications of Solid Works to engineering applications, assemblies and a lot more will be trained.

In response of making this program successful, all the faculties are requested to be present in program.

Permission Letter

Date: 29/12/2022

To,
The Principal,
Theem College of Engineering,
Boisar.

Subject: Seeking permission for Faculty Development Program on "Solid Works Advanced Practices"

Respected Sir,

I Professor Irshad Shaikh, the HOD of Automobile Engineering Department. My department has arranged one day FDP on Solid Works Advanced Practices for the benefit of our faculties. The main objective of this activity is to enrich faculties about the advance applications of Solid Works with respect to teaching and academic point of view. Hence promoting their CAE domain practices of real engineering problems and projects. Through this training course faculties will come across the advance applications of Solid Works to accept and expose challenges in teaching our students. These program will be conducted from 02/01/2023 to 06/01/2023.

I request you to give us permission for the activity of above said development program.

With best regards

Yours sincerely

Prof. Equbal Ahmed

Subject: Request to be as our training expert for Faculty Development Program on "Solid Works Advanced Practices".

Dear Sir,

Theem College of Engineering is a premier Engineering Institute of H.J. Thim Trust at Boisar, Taluka Palghar, conducting graduate Engineering Program in Computer Engineering, I.T. Engineering, Computer Science & Engineering (AIML), Mechanical Engineering, Civil Engineering, Automobile Engineering & Electrical Engineering. We also offer Diploma Engineering Program in Computer Engineering, Electrical Engineering, Mechanical Engineering & Civil Engineering.

Theem College of Engineering is organizing Faculty Development Program on Solid Works Advanced Practices from 02/01/2023 to 06/01/2023.

The Principal, Management, Staff and Students of this Institute shall be obliged and grateful with your gracious presence on 02/01/2023 for above said FDP Program.

We will be honoured for your kind consent of accepting our invitation.

THEEM COLLEGE OF ENGINEERING

Success through quality education!

Report on 8 Days Vocational Training on Advance Solid Works Practice

Objectives:

1. To encourage the development of creative mechanical design concepts and ideas.
2. Identifying the challenges in designing.
3. To provide information about advanced mechanical engineering design.

Outcomes:

Participants will be able to...

1. Understand the importance of computer aided design.
2. Frame the ideas into actual prototype development.
3. Able to grab opportunities in machine design.

On 29th December 2022, a **Training on Advance SolidWorks Practices** was started in the Automobile Engineering Department, Theem College of Engineering in collaboration with Shirish Techno solutions. The training had been scheduled from 29th December 2022 to 06th January 2023 (only working days).

The 8 days (40 hours) training program concentrated on various design aspects that are needed during mechanical design. The various practical design examples were discussed through extremely grounded and basic ideas. Numerous examples of computer aided design of mechanical elements like shafts, vessels, welding, etc. were explained with their basics.

The following mentioned topics were discussed during training:

- Advanced assembly making with advanced commands (e.g., advanced mate, mating gear contacts)
- Surfacing
- Sheet Metal Working
- SolidWorks Routing
- Weldments
- Geometric Modelling
- SolidWorks Simulation (assembly animation)
- Simulation interpretation (e.g., results/ report study and interpretation)

During the question hour session, the enthusiastic participants asked several queries and doubts regarding their personal challenges during various design problems.

Around 30 participants were present in the training from Mechanical & Automobile departments. It was a good learning experience for the faculty as well as the students about advanced designing of mechanical elements. The event coordinator of the training was Prof. Shubham V

Dear Sir,

We are very glad to thank you for presenting yourself in the "Faculty Development Program on Solid Works Advanced Practices" in Engineering Applications and being as an expert to enrich our faculties in the programme. Your speech on Applications of Solid Works enlightened our faculties. Our teaching faculties were further promoted to solve and expose students the challenges of complex engineering problems of academics and beyond the academics/ industrial problems upto advanced level.

We always expect the same kind of coordination and cooperation in future.

Thanking you

Department of Computer Science and Engineering (AI & ML)

Report of FDP on "Data Science using Python"

A Five-day Faculty Development Program on "Data Science using Python" was organized by Department of Computer Science and Engineering (AIML) Theem College of Engineering in association with LiveTech India on 2nd Jan 2023 to 6th Jan 2023. Around 30 participants from various branches of Theem College of Engineering registered and participated in the FDP. Inaugural talk was given by Dr. S. Riyazoddin, Principal Theem College of Engineering. The Resource persons Mr. Taral Mehta and Ms. Mamata Choudhary

Introduction: The Python program is a scripting language that can be used for development, coding websites and applications, processing images, scientific data, and more. The program can be found in action on the Google search engine, NASA, Disney, Pinterest, and more. It was built for ease of use and speed and is less complicated than Ruby and other similar object-oriented programming languages. Because it is open-sourced, the program has enjoyed popularity among developers and programmers, and it continues to be the base program for most websites in operation on the internet today.

Course Objectives: The course is designed to provide Basic knowledge of Python. Python programming is intended for software engineers, system analysts, program managers and user support personnel who wish to learn the Python programming language.

Outcome: Problem-solving and programming capability

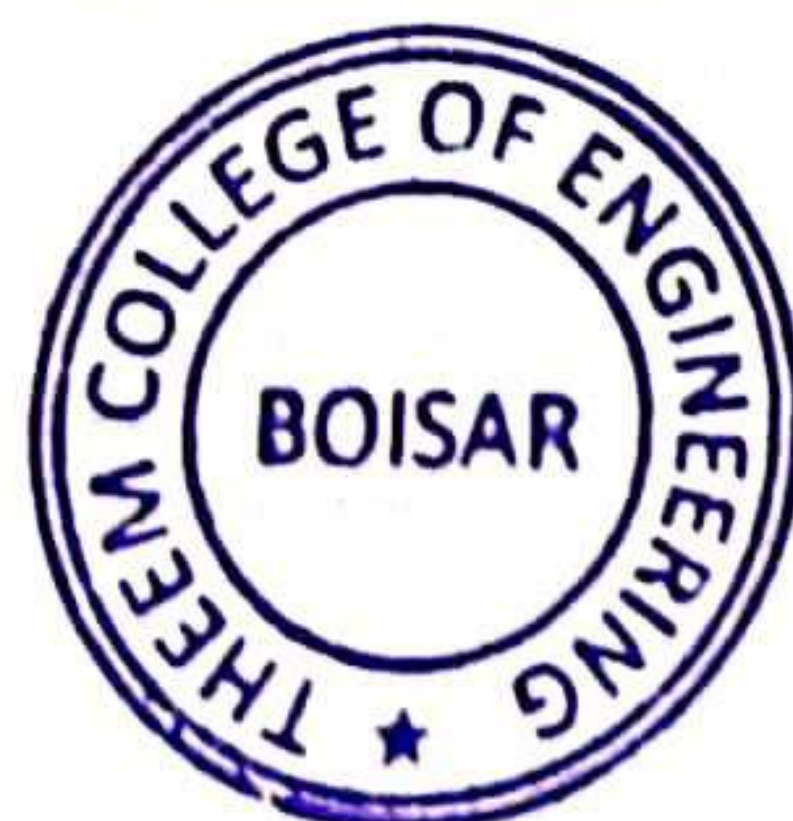

Hardware Requirements: -

- i3 or above Processor is required
- 4 GB or above RAM is recommended
- Good Internet Connectivity
- OS-Windows 10 is Preferable

Contents of Python Programming with Industry Perspective:

S. No.	Module Name	Topics
1.	Introduction & basics of Python Programming	History of Python, Installing Python, Executing Python Programs, Internal Working of Python, Python Implementations. Python Character Set, Token, Python Core Data Type, print () function, Assigning Value to Variable, input () function, eval () function, www.mrcet.com Formatting Number and Strings, Operators and Expressions
2.	Decision Statements	Loop Control Statements; Functions, Strings Boolean Type, Boolean Operators, Using Number and Strings with Boolean Operators, Decision Making Statements and Conditional Expressions While loop, range () Function, For Loop, Nested Loops, Break Statement, Continue Statement Syntax and Basics of a Function, Use of a function, Parameters and Arguments, Local and Global Scope of a Variable, return statement and Recursive Functions. str class, Inbuilt functions for String, index [] operator, traversal of String, String operators, String Operations
3.	Lists and Dictionaries	Tuples and Sets; File Handling; Pandas Creating Lists, Basic list operators, Slicing, Inbuilt functions for Lists, List operator, List Methods, Splitting, Need of Dictionary, creating a Dictionary, Adding and Replacing Values, Retrieving Values; Deleting Items and Traversing Dictionaries. Tuples and Sets: Creating Tuples; Tuple () Function, Inbuilt Functions for Tuples, Indexing and Slicing; Operations on Tuples; Traverse Tuples from a List, set operators; Set class. Object-Oriented Programming: Classes and objects, methods, Operator Overloading, Inheritance, super () and Method Overriding. File Handling: Need of File Handling, Reading/Writing Text and Numbers to/from a File; Directories on a disk. Pandas: Using Pandas, the python data analysis library and data frames

4.	Data Handling and Use Cases	RE Pattern Matching, Parsing Data, Introduction to Regression, Types of Regression, Use Cases, Exploratory data analysis, Correlation Matrix, Visualization using Matplotlib and Implementing linear regression.
5.	Machine Learning	Machine Learning Algorithm, Algorithms-Random Forest, Super vector Machine, Random Forest, Build your own model in python and Comparison between random forest and decision tree.

Report of Event

Topic: India Start-up Day – “Build Your Start-up”

Date and Time: 01/10/2022 from 12:00 Pm to 02:00 Pm

Name of Speaker: Prof. Abdul Majid Ansari

Welcome & Inaugural speech: Prof. Raees Ahmad

It is our privilege to report that Theem College of Engineering, Boisar in association with IQAC, IIC (Institution's Innovation Cell) has organized a seminar On **Build Your Startup** to celebrate **India Start-up Day**. Prof. Abdul Majid Ansari, the speaker of the seminar has delivered seminar in a very interactive way and explained the various important ways to direct their career in the respective field. As speaker himself is the founder and cofounder of multiple start-ups and has gone through all major processes of Start-up. All attendees have been enlightened by the speaker with reference to his own example. The session was very helpful for the students of engineering domains as well as faculty members and it helped them to think in this particular direction. Students learned great things about start-up. They learnt a great deal about how to pitch ideas and convert ideas into product. The session was a joy to attend and more sessions will be much appreciated. The conclusion of the program and vote of thanks presented by IIC coordinator Prof. M.R. Khan.

Objectives

1. To motivate students towards Start-up through guidance and specific day celebration.
2. To inculcate creativity, innovativeness and market analysis in our students

Outcomes (Students should be able to)

1. Interpreting regulation and legal aspects for new Start-up in India.
2. Understand Government policies for Entrepreneurship / Start-ups.
3. Sense the opportunities and able to mobilize resources to make new product/ services.

on 11/05/2023 as Chief Guest and Speaker.

Dear Sir,

On behalf of the management and the organizing committee, we express our sincere appreciation for accepting our invitation for the event "National Technology Day" conducted at our institute on 11th May 2023. Your address was very informative and really contributed to the success of the program. We hope that your guidance will be helpful for our students and faculties to explore incorporation of new technologies into start-up. You have covered all aspect of research and innovation in dynamic technological era. We look forward to your valuable co-operation with our students and faculties in future too.

With best regards

Report of Event

Topic: National Technology Day

Date and Time: 11/05/2023 from 3:00 Pm to 05:00 Pm

Name of Speaker: Dr. Riyazoddin Siddiqui

Welcome & Inaugural speech: Prof. Raees Ahmad

It is our privilege to report that Theem College of Engineering, Boisar in association with IQAC, IIC (Institution's Innovation Cell) has organized a program to celebrate **National Technology Day**. **Dr. Riyazoddin Siddiqui**, the speaker of the program has delivered seminar in a very innovative way and explained the various important paths to direct their career in the respective field. As speaker himself is the technologist and research scholar. He has gone through all major technological shift in past decades. Dr. Riyazoddin has beautifully correlated how technological shift created opportunities for start-up along the transition. All attendees (**41 students & 8 faculties**) have been enlightened by the speaker with reference to some examples. The session was very helpful for the students of engineering domains as well as faculty members and it helped them to think about the importance of research & innovation in the start-ups. They learnt a great deal about how to pitch ideas and convert ideas into product through new technologies. The session was a joy to attend and more sessions will be much appreciated. The conclusion of the program and vote of thanks presented by IIC coordinator **Prof. M.R. Khan**.

Objectives

1. To motivate students towards Start-up through guidance and specific day celebration.
2. To inculcate creativity, innovativeness and market analysis in our students

Outcomes (Students should be able to)

1. Explore opportunities for young innovators, entrepreneurs and Start-ups in India.
2. Understand the importance of incorporating new technologies in start-ups.

Subject: Seeking permission for Guest Lecture on "Entrepreneurship".

Respected Sir,

I Prof. Moin ul Haque Sabri, the Assistant Professor in Mechanical Engineering Department. My department is going to organise a Guest Lecture on the topic of "**Entrepreneurship**" for the benefit of our students. The main objective of this activity is to enrich our students about the entrepreneurship and the functioning of industries. Hence, promoting industrial knowledge and application among the students in order to enhance their curiosity about the entrepreneurship. This will help in motivation and career development of students. The Guest lecture will be deliver by our alumni who is currently a successful Entrepreneur in the field of engineering designing & fabrications.

You are kindly requested to permit for the activity of above said development program.

Report on Webinar on Entrepreneurship

Objectives:

1. To encourage the development of creative business concepts and ideas.
2. Identifying the challenges.
3. To provide information about funding agencies.

Outcomes:

Participants will be able to...

1. Understand the importance of creative ideas.
2. Frame the ideas into actual prototype development.
3. Aware of funding agencies.

On 21st August 2022, a **Webinar on Entrepreneurship** was organized in Mechanical Engineering Department, Theem College of Engineering in collaboration with IIC. It was facilitated with Dr. Divya Padmanabhan, HOD Automobile Engineering from Pillai College of Engineering (Autonomous).

Three distinct sections made up the session. Dr. Divya Padmanabhan inspired students to start their own businesses as soon as feasible in the first portion. The students were motivated to start working with their ideas in early age of their life due to diverse options and better learning abilities.

The presentation's second portion concentrated on various startups that were founded by young people. The startup examples, presented, were motivated through extremely grounded and basic ideas. Numerous examples of startups viz. Paytm, OYO, Ola and Postcard etc. were explained with their motivating journey.

Finally, information regarding different government schemes for funding viz. Seed Fund, Start Up India, Venture Capital Scheme etc. have been shared with the audience.

During question hour session, the enthusiastic participants asked several queries and doubts regarding their personal challenges for the resource allocation and monetary support.

Around 130–150 participants were present in the webinar from different departments. It was a good learning experience for the faculty as well as students about entrepreneurship. The event coordinator of the webinar was Dr. Minhaj Hashim and the event convener was Prof. Mohammed Wasim Khan, HOD,

To,
The Principal,
Theem College of Engineering,
Boisar.

Subject: Seeking permission for 8 days (40 hours) short term training on "SolidWorks Advanced Practices"

Respected Sir,

I am Professor Mohammad Wasim Khan, the HOD of Mechanical Engineering Department. My department has arranged 8 days (40 hours) short term training on "Solid Works Advanced Practices" for the benefit of our Students. The main objective of this activity is to enrich students about the advanced applications of SolidWorks in solid modeling computer-aided design and computer-aided engineering applications. The training has been scheduled during 29th December 2022 to 06th January 2023 (only working days).

I request you to give us permission for the activity of above said training program.

With best regards
Yours sincerely

Prof Noman Bader
Program Coordinator

Prof Mohammad Wasim Khan
Head of Mechanical Engineering Dept.

Duration of the Program: 29/12/2022 to 06/01/2023

Attendees: Students

Branch: Automobile & Mechanical

1) Did the expert emphasize the fundamentals properly?

Yes

2) Did he cover the advanced and complex engineering problems of Design in Solid Works with respect to practical problems and academic point of view?

Yes

4) Did you end up the program with any kind of queries or doubts not cleared by the expert?

No

3) Did you learn something valuable from the prolonged period of this training program?

Yes

5) What benefits have you derived from the training?

from this I ~~learn~~^{learn to} know some new features.

6) Overall rating of the course?

- Excellent
- Very good
- Good
- Satisfactory
- Poor

7) We appreciate any thoughts or suggestions.

Time of this ~~to~~ course is less.
If there is possible to extend
please extend it.

WORKS ADVANCED

ON **SHIRSI** INDIA

Date: **29th Dec 2022**

Report on 8 Days Vocational Training on Advance Solid Works Practice

Objectives:

1. To encourage the development of creative mechanical design concepts and ideas.
2. Identifying the challenges in designing.
3. To provide information about advanced mechanical engineering design.

Outcomes:

Participate will be able to...

1. Understand the importance of computer aided design.
2. Frame the ideas into actual prototype development.
3. Able to grab oppurtunities in machine design.

On 29th Decemeber 2022, a **Training on Advance SolidWorks Practices** was started in Mechanical Engineering Department, Theem College of Engineering in collaboration with Shirsh Technosolutions. The training had been scheduled from 29th December 2022 to 06th January 2023 (only working days).

The 8 days (40 hours) training program concentrated on various design aspects that are needed during mechanical design. The various practical design examples were discussed through extremely grounded and basic ideas. Numerous examples of computer aided design of mechanical elements like shafts, vessels, welding, etc. were explained with their basics.

The following mentioned topics were discussed during training:

- Advanced assembly making with advanced commands (e.g. advanced mate, mating gear contacts)
- Surfacing
- Sheet Metal Working
- SolidWorks Routing
- Weldments
- Geometric Modelling
- SolidWorks Simulation (assembly animation)
- Simulation interpretation (e.g. results/ report study and interpretation)

During question hour session, the enthusiastic participants asked several queries and doubts regarding their personal challenges during various design problems.

Around 30 participants were present in the training from mechanical & automobile departments. It was a good learning experience for the faculty as well as the students about advanced designing of mechanical elements., The event coordinator of the training was Prof. Noman Bader and the event convener was Prof. Mohammed Wasim Khan, HOD, Mechanical Engineering Dept. The IIC coordinator was Prof. Mubashir from Computer Engineering department. The program was concluded with Vote of thanks delivered by Prof. Mohammed Wasim Khan.

Dear Sir,

We are very glad to thank you for presenting yourself in the vocational training on "Solid Works Advanced Practices" in engineering applications and for being an expert to enrich our students in the program. Your presentation on solid works applications enlightened our students. Our students were further promoted to solve the challenges of complex engineering problems in industry at an advanced level.

We always expect the same kind of coordination and cooperation in future.

Thanking you.

With best regards.

Venue	Theem College of Engineering Boisar

The Dept of Information Technology, Theem College of Engineering had organized SDP on "Data Science Using Python" from 30th Jan to 3rd February 2023 for the Students. The SDP was conducted by LiveTech India. The Resource person was Taral Mehta and Mamta Chaudhari from Livetech India, Andheri (W) Mumbai.

Objectives:

The objective of this program is to develop an in-depth understanding of the key technologies in data science and business analytics: data mining, machine learning, visualization techniques, predictive modeling, and statistics. Students can develop relevant programming abilities, demonstrate proficiency with statistical analysis of data, develop the ability to build and assess data-based models and will apply data science concepts and methods to solve problems in real-world contexts and will communicate these solutions effectively.

Number of 70 Students have attended and benefited from this SDP. This SDP was coordinated by Prof. Sharique Shaikh and Prof. Monika Pathare.

Subject: Request for 6 days training on "Finite Element Analysis"

Dear Sir,

The Theem College of Engineering is a premier engineering institute of the H.J. Thim Trust at Boisar, Taluka Palghar, conducting graduate engineering programmes in computer engineering, information technology engineering, AI&ML engineering, mechanical engineering, civil engineering, automobile engineering, and electrical engineering. We also offer diploma engineering programmes in computer engineering, electrical engineering, mechanical engineering, and civil engineering.

The Theem College of Engineering is organising six days training on finite element analysis from July 3, 2023, to July 8, 2023.

The principal, management, staff, and students of this institute will be grateful for your presence at the above-mentioned activity on July 3, 2023, at 10 a.m.

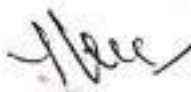

We will be grateful for your gracious acceptance of our invitation.

With best regards!

Dear Sir,

We are very glad to thank you for presenting yourself in the 6 days training on "**Finite Element Analysis**" in engineering applications and for being an expert to enrich our students in the program. Your presentation on FEA applications enlightened our students. Our students were further promoted to solve the challenges of complex engineering problems of industry at an advanced level.

We always expect the same kind of coordination and cooperation in future.

Thanking you

With best regards!

Yours faithfully

Activity Feedback

Name: Six days vocational training on "Finite Element Analysis"

Duration of the Program: 03/07/2023 to 08/07/2023

Attendees: Students

Branch: Automobile & Mechanical

1) Did the expert emphasize the fundamentals properly?

yes he emphasize the fundamentals properly

2) Did he cover the advanced and complex engineering problems of Finite Element Analysis with respect to practical problems and academic point of view?

yes

4) Did you end up the program with any kind of queries or doubts not cleared by the expert?

All doubts are cleared

3) Did you learn something valuable from the prolonged period of this training program?

yes, I'm Capable to Understand Analysis

5) What benefits have you derived from the training?

We came to know about ansys application at Industry level.

6) Overall rating of the course?

- Excellent
- Very good
- Good
- Satisfactory
- Poor

7) We appreciate any thoughts or suggestions.

The duration of the course should be long.

Permission Letter

Date: 03/06/2023

To,
The Principal,
Theem College of Engineering,
Boisar.

Subject: Seeking permission for 6 days "Finite Element Analysis" Training

Respected Sir,

I'm Noman Bader, a professor in the mechanical engineering department. For the benefit of our students, our department has organised a 6-day short-term training course on "Finite Element Analysis". The primary goal of this activity is to educate our students about the sophisticated uses of FEA in computer-aided engineering applications in the industries. As a result, encouraging industrial knowledge and application among the students will heighten their interest in computer-aided design and simulations. The training has been scheduled during 3rd July 2023 to 8th July 2023.

You are kindly requested to permit for the activity of above said training program.

With best regards
Yours sincerely

Notice

All the students of mechanical & automobile department are hereby informed that our department is organizing **6 days of Finite Element Analysis** training for our students. The training has been scheduled from **2nd July 2023 to 7th July 2023** in CAD Lab. Basic to advanced applications of FEA to engineering applications, problems and a lot more will be trained on commercial software.

Note:

1. All the students are informed that the registration charge for this training will be **Rs2000/-** per student (Priority will be to the students on the basis of registration as seats are limited).
2. Students have to pay the registration fees on or before **20th of April, 2023** on the details provided below;
 - a) Online payment can be done on google pay number (9870927885).
 - b) Cash payment can be done to Prof. Noman Bader.

About NAAC:

National Assessment and Accreditation Council (NAAC) is an autonomous body established by UGC of India to assess and accredit institutions of higher education in the country. The main objective of NAAC is to promote quality assurance in higher education institutions through a process of assessment and accreditation.

NAAC conducts the accreditation process based on a set of predefined criteria which include factors such as curriculum design, teaching-learning process, faculty quality, research and innovation, infrastructure, student support systems, governance and leadership, and community engagement. NAAC accreditation is highly regarded in the Indian higher education system and is often considered as a benchmark for quality. It helps institutions to identify their strengths and weaknesses and to work towards improving the quality of education and overall performance.

About College:

H. J. Thim Trust established Theem College of Engineering in 2009 at Boisar with an objective of "Success... through Quality Education" for the development of youths who plays a decisive role in shaping the destinies of nation. The institute's serene and tranquil surroundings create an appropriate atmosphere to develop students' overall growth both in academics and ethics.

Theem College of Engineering is approved by AICTE, Government of Maharashtra and DTE, and affiliated to University of Mumbai. The institute is awarded with B+ grade by NAAC. The institute is a remote center of ITB-NMIECT (Ministry of Education, Govt.

of India). The institute is emerged as the only

Premier Engineering College in Boisar with an overall intake of 660 students in the following graduate engineering programmes- Computer, Information Technology, Mechanical, Civil, Computer Science Engineering (AI & ML), Automobile, Electrical Engineering.

The institute's well-maintained infrastructure, rich academic excellence and teaching-learning ecosystem steer students to achieve their engineering skills and career goals. To enhance multi-tasking growth, the institute equally focuses on co-curricular and extra-curricular activities which yielded university rank holders and winners of various technical and sports events.

IQAC:

Internal Quality Assurance Cell (IQAC) is a part of the institution's system & work towards realization of the goals of quality enhancement & sustenance. The prime task of the IQAC is to develop a system for conscious, consistent & catalytic improvement in the overall performance of institutions. As a part of improving quality of research and education, the IQAC is going to organize this national level workshop sponsored by NAAC.

Vision

To become a Centre of Excellence in Technical and Professional Education.

Mission

1. To commit for high standards in technical and professional education.
2. To impart quality professional education through ICT initiatives and project-based learning.
3. To nurture technocrats and professionals with ethics and human values.

About Workshop:

Quality assurance in higher educational institutes is a crucial aspect of ensuring that students receive a high-quality education that meets the required standards. Open Educational Resources (OER) can play a significant role in enhancing the quality of education in higher educational institutes can be used for curriculum design and development, course material development, quality assurance in teaching, assessment and evaluation, and continuous improvement. By using OER, higher educational institutes can ensure that students receive a high-quality education that meets the required standards.

As the educational spectrum of the country has witnessed a transformation with respect to the pandemic situation, the robust paradigm shift towards online education, enhancing use of software, introduction of modern technologies in teaching learning process have become the need of hour. The pedagogical fraternity needs to be committed to engage students in active, collaborative and technology-based learning methodologies. The use of open educational resources helps faculty and students to have access to technologies, books and various other teaching materials that they normally would not be able to afford.

The criterion of "Research and innovation" is one of the major challenges of quality assurance cell of higher educational institutions. Basic objective of this proposed workshop is to motivate faculty to spread knowledge and information about research methods through use of various open-source software, such as latex, scriab, linux etc. It is planned to provide hands on practice for the same during this workshop.

राष्ट्रीय मूल्यांकन एवं प्रत्यायन परिषद
NATIONAL ASSESSMENT AND ACCREDITATION COUNCIL
An Autonomous Institution of the University Grants Commission

NAAC/Seminar/AG/2022/98

04th October 2022

The Director
Therem College of Engineering
Bategaon, Baisar Chillar Road,
Baisar (vair), Palghar-401501, Maharashtra

Respected Sir/Madam,

Greetings from NAAC.

This is with reference to your proposal seeking NAAC financial assistance/academic support for organizing state/national level workshop/seminar/conference in your institution on the topic **Quality Assurance in Higher Educational Institutes by using Open educational resources**. After the consideration your proposal has been accepted for financial assistance of **Rs.30,000/-** (Rupees Thirty-Thousand only) the balance amount required to organize this activity may kindly be mobilized at your end. The financial assistance is subject to the adherence to the enclosed procedures for release of sanctioned grants and settlement of the same. NAAC appreciates the initiative taken by your institution and hope that the institution will continue to strive for quality and excellence in Higher Education.

The seminar/workshop has to be conducted on the scheduled date(s) as mentioned in the seminar proposals sent to NAAC. In case of any change in scheduled date the institution should get an approval from respective regional coordinator of NAAC for the same. The claims have to be received by NAAC on or before a month after seminar/workshop. In case of any delay in submission of the claims the reimbursement will not be made and NAAC will not be liable for the expenditure incurred.

Yours sincerely,

S.C. Sharma

NATIONAL ASSESSMENT AND ACCREDITATION COUNCIL, BANGALORE

Procedure for Release of the Financial Support:

- ⇒ As an important post-accreditation quality sustenance activity, NAAC has requested the institutions to establish Internal Quality Assurance Cell (IQAC) in their institution. Hence organization of the seminar/workshop is mandated to be the activity of IQAC of the Institution.
- ⇒ The programme details of seminar/conference have to be sent to NAAC at least one month prior to the scheduled dates.
- ⇒ The sanctioned amounts should be spent exclusively on the programme for which the assistance is approved by NAAC.
- ⇒ The release of grants will be on completion of the event and submission of the bills/vouchers/Statement of expenditure and Utilizations Certificate within a month to NAAC. In case of any delay in submission of the claims the reimbursement will not be made and NAAC will not be liable for the expenditure incurred.
- ⇒ For better coordination organisers should be in communication with the respective Regional Coordinator at NAAC.
- ⇒ *The seminar/workshop has to be conducted on the scheduled date(s) as mentioned in the seminar proposals sent to NAAC. You have to obtain prior permission from NAAC if there is any change in the scheduled date of the seminar and state the reason for change of dates.*
- ⇒ *The seminar/workshop has to be conducted on same theme/title as mentioned in the seminar proposals sent to NAAC. You have to obtain prior permission from NAAC if there is any change in the scheduled theme/title of the seminar and state the reason for change of theme/title.*
- ⇒ Institutions may write a letter to the Regional Co-ordinators, NAAC seeking nomination for resource persons.
- ⇒ TA and honorarium for NAAC nominated resource persons and others may be paid within the grant sanctioned by NAAC. **Honorarium of Rs. 2,000/- per day may be paid as per NAAC rule.**
- ⇒ If NAAC officer is participating, the TA/DA may be either borne by NAAC or by the institution from the sanctioned grant. However, hospitality needs to be provided by the institution.
- ⇒ For National Level seminar, institution has to invite at least 10% of participants from outside the state and for State Level Seminar institutions have to invite at least 25% of participants from outside the district.
- ⇒ Institution cannot outsource the activity and as already mentioned the IQAC should be responsible for organising the event.
- ⇒ NAAC should be duly acknowledged in all the seminar related publications including proceedings of the Seminar / Conference.
- ⇒ Institution need to conduct one session on online A& A methodology **Be-SAR Accreditation Framework.**
- ⇒ List of Participants with communication details should be sent to NAAC along with the proceedings and bills.

Post Seminar/workshop requirement:

Within a week of the seminar the institution should bring out "The Proceedings" of the seminar/ conference. A half page summary of the proceedings along with one or two photographs of high resolution may be sent to Regional Co-ordinator, NAAC for considering it for NAAC newsletter.

Suggesting format for preparing the proceedings of NAAC Sponsored Seminars / Conference

1. Theme of the seminar / Conference
2. The programme (separate sheet may be enclosed)
3. The keynote address, presentation of invited resource persons and participants (enclose the copies of each one of them)
4. The recommendations/ Suggestions/ Action Points (outcome of the seminar)
5. Follow up actions, the institution proposes to undertake

The NAAC financial assistance may be spent under the broad heads given below:

Heads	Programme
A. Resource Persons-TA, Honorarium, etc.	Rs. 12,000/-
D. Publication of Seminar proceedings	Rs. 15,000/-
E. Miscellaneous	Rs. 3,000/-

Subject: Invitation for **Keynote Speaker** in international conference "Trends n Herald in Engineering Excellence and Metamorphosis-2023" (THEEM-2023) on 28th April, 2023 at 9:30 AM

Sir/Madam

It is our great pleasure to inform you that H. J. Thim Trust's Theem College of Engineering, a decade old institution is going to organize an International Conference on "Trends n Herald in Engineering Excellence and Metamorphosis-2023" (THEEM-2023) on 28th & 29th April, 2023. with an objective to provide a forum for exchanging of new ideas concerning current developments in engineering technology, science and humanities.

The conference offers a great opportunity to bring together academicians, engineers, scientists, research scholars and students from all spheres of engineering and technology including science and humanities. You are cordially invited being as the **Keynote Speaker**. Your presence would be the great pleasure to us. We look forward for your continuous cooperation to make this event a grand success.

Thanks with regards

Dear Sir,

On behalf of our entire team at the 3rd International Conference of THEEM 2023, we would like to express our gratitude to you for the talk on "Urban Drone Ambulance". Your talk was not only extremely informative but also kept everyone glued in their seats. The enthusiasm of the participants during your talk is testimony to how thrilled everyone was to listen to you speak.

We sincerely appreciate your efforts for taking out time from your busy schedule to provide us with such valuable information. The seminar earned a huge positive response. All thanks to your support.

Hope to have similar cooperation in future.

Warmest regards,

Thanking you

Yours faithfully,

Sir/Madam

It is our great pleasure to inform you that H. J. Thim Trust's Theem College of Engineering, a decade old institution is going to organize an International Conference on "Trends n Herald in Engineering Excellence and Metamorphosis-2023" (THEEM-2023) on 28th & 29th April, 2023. with an objective to provide a forum for exchanging of new ideas concerning current developments in engineering technology, science and humanities.

The conference offers a great opportunity to bring together academicians, engineers, scientists, research scholars and students from all spheres of engineering and technology including science and humanities. You are cordially invited being as the session chair. Your presence would be the great pleasure to us. We look forward for your continuous cooperation to make this event a grand success.

About The College

H. J. Thim Trust, established Theem college of Engineering in 2009 at Boisar (E) with an objective of “Success through quality Education” for the development of youth who plays a decisive role in shaping the destinies of nation. The institute’s serene and tranquil surroundings create a carnival atmosphere to develop students overall growth in technical Education as well as humanities.

Theem College of Engineering is approved by AICTE, Government of Maharashtra and DTE, and Affiliated to university of Mumbai. The institute’s is awarded with B+ grade by NAAC. The institute’s is remote centre of IITB-NMEICT (MHRD, Govt. of India). The institute’s is emerged as the only premier Engineering college in Boisar (E) with an intake of 420 students in the following graduate engineering program,

- Computer Engineering
- Information Technology Engineering
- Electronics & Telecom Engineering
- Mechanical Engineering
- Civil Engineering
- Automobile Engineering
- Electrical Engineering
- Computer Science Engg.(AI & ML)

We Also Offer Diploma Engineering Program with 240 Intakes In,

- Computer Engineering
- Electrical Engineering
- Mechanical Engineering
- Civil Engineering

In addition to this the institute has 240 intakes in the diploma engineering programmes of Computer, Mechanical, Civil and Electrical.

The institute's well-maintained infrastructure, rich academic excellence and teaching-learning ecosystem steer students to achieve their engineering skills and career goals. To enhance multi-tasking growth, the institute equally focuses on co-curricular and extra-curricular activities which yielded university rank holders and winners of various technical and sports events.

A Report on International Conference

Trends and Herald in Engineering Excellence and Metamorphosis (THEEM-2023)

To cope with the new trends and the rate of transformation in the arena of engineering and technology, Theem College of Engineering (Theem COE) have initiated a step ahead to conduct International Conferences in the campus under the name of THEEM 2023 (Trends and Herald in Engineering Excellence and Metamorphosis).

Theem COE conducted the first National Conference THEEM-2020 in the year 2020 which had boosted us towards the next conference THEEM-2022 which was scheduled on 10 and 11 June 2022. This year THEEM-2023 was scheduled on 28th and 29th April 2023. The conference received more than 150 research papers of various areas of specialization from UG, PG and PhD students as well as the academicians out of which 101 papers were selected by the publication committee and accepted for publication in 95 papers in preceding by Trends and Herald in Engineering Excellence and Metamorphosis and 6 papers are under review in UGC approved journal.

Day-01 Program

The conference started with an inaugural function (session-01) on 28 April 2023 at 10.00 a.m. At first, welcome address with Holy Quran recitation happened, after that Dr. N. K. Rana introduced and felicitated the keynote speaker Dr. Mohammed Israr and Dr. K. P. Karunakaran. Dr. Karunakaran presented his keynote address on the topic "Drone Ambulance" in which he discussed the Challenges in Research and Development also he emphasized that students should come out with different innovative ideas for rural area development. The inaugural function concluded with vote of thanks given by Dr. S. Riyazuddin at 11.15 a.m. Here, you can eye-witness some glimpses of Inaugural Function.

After the inauguration,

Session-02 was started with three parallel sessions at different venues from 11.30 a.m. to 01.00 p.m. The details are as follows:

1. IT/Comp Track started at Auditorium-01 chaired by Session Chair Dr Mohammad Ahmed and Dr Yogita Mane.
2. Automobile/Mechanical Track started at Auditorium-02 chaired by Session Chair Dr. Shaikh Ibrahim
3. Civil Track started at Seminar Hall-1 chaired by Session Chair Dr Mahabub Sahab.

Session 3 started at different venues from 2.00 p.m. to 03.30 p. m. and its details are as follows:

1. IT/Comp Track started at Auditorium-01 chaired by Session Chair Dr Zainab Mirza.
2. Electrical Track started at Auditorium-02 chaired by Session Chair Dr Pandharinath Ghonge.
3. Civil Track started at Seminar Hall-1 chaired by Session Chair Prof Mrundini Deshmukh.

The Day-01 program was successfully concluded at 3.30 p.m.

Session 4 started at different venues from 3.45 p.m. to 05.15 p. m. and its details are as follows:

1. IT/Comp Track started at Auditorium-01 chaired by Session Chair Dr Zainab Mirza.

Day-02 program

The second day of the International Conference THEEM-2023 has started with

Session 01 which was from 10.00 a.m. to 11.15 a.m. as follow;

1. IT/Comp Track started at Auditorium-01 chaired by Session Chair Dr Yogita
The session-01 was concluded at 11.15 a.m.

Session-02 which was from 11.15 a.m. to 01.00 p.m. as follow:

- 1.IT/Comp Track started at Auditorium-01 chaired by Session Chair Dr Yogita Mane

The session-2 was concluded at 01.00 pm

The Session-03 was Valedictory which was started in the Auditorium at 02.00 p.m.

The valedictory started with welcome address and recitation of Holy Quran which continued with felicitation of the delegates. Dr. S. Riyazoddin, principal of Theem COE presented THEEM-2023 Conference Report. Like every year, this year also there was a selection of the best paper presentation of each track. **Prize Distribution** was held where the selected teams were awarded with certificate. After that, Prof. Priyanka Patil introduced the Keynote Speaker Dr Manzoor Husain and invited him for his Keynote Address. Dr Manzoor discussed on "**Digital manufacturing**" in which he highlighted the different manufacturing strategy. Dr N. K. Rana proposed the vote of thanks and the valedictory was closed down with the national Anthem.

The second day of program was got over at 3.30 p. m.

A Report on National Conference

Trends and Herald in Engineering Excellence and Metamorphosis (THEEM-2022)

To cope with the new trends and the rate of transformation in the arena of engineering and technology, Theem College of Engineering (Theem COE) have initiated a step ahead to conduct National Conferences in the campus under the name of THEEM (Trends and Herald in Engineering Excellence and Metamorphosis).

Theem COE conducted the first National Conference THEEM-2020 in the year 2020 which had boosted us towards the present two days conference THEEM-2022 which was scheduled on 10 and 11 June 2022. The conference received more than 100 research papers of various areas of specialization from UG and PG students as well as the academicians out of which 94 papers were selected by the publication committee and accepted for publication in International Journal of Advance and Innovative Research (IJAIR).

Day-01 Programmes

The conference started with an inaugural function (session-01) on 10 June 2022 at 10.00 a.m. At first, welcome address with Holy Quran recitation happened, after that Dr. N. K. Rana introduced and felicitated the keynote speaker Dr. Suresh Shan. Dr. Shan presented his keynote address on the topic "Industry Vision 4.0" in which he discussed the Challenges in Research and Development also he emphasized that students should come out with different innovative ideas for rural area development. The inaugural function concluded with vote of thanks given by Dr. Shah Aqueel Ahmed at 11.15 a.m. Here, you can eye-witness some glimpses of Inaugural Function.

After the inauguration, Session-02 was started with three parallel sessions at different venues from 11.30 a.m. to 01.00 p.m. The details are as follows:

1. IT/Comp Track started at Auditorium-01 chaired by Session Chair Dr Yogita Mane.
2. Automobile/Mechanical Track started at Auditorium-02 chaired by Session Chair Dr Rajesh Jaware.
3. Civil Track started at Seminar Hall-1 chaired by Session Chair Dr J. B. Godbole.

Session 3 started at different venues from 2.00 p.m. to 04.00 p.m. and its details are as follows:

1. IT/Comp Track started at Auditorium-01 chaired by Session Chair Dr Yogita Mane.
2. Automobile/Mechanical Track started at Auditorium-02 chaired by Session Chair Dr Rajesh Jaware.
3. Science and Humanities Track started at Seminar Hall-1 chaired by Session Chair Dr N. K. Rana.

The Day-01 program was successfully concluded at 4.00 p.m.

Day-02 Programmes

The second day of the National Conference THEEM-2022 has started with Session 01 which also had three parallel sessions at different venues from 10.00 a.m. to 11.30 a.m. as follows:

1. IT/Comp Track started at Auditorium-01 chaired by Session Chair Dr Altaf C.
2. Automobile/Mechanical Track started at Auditorium-02 chaired by Session Chair Dr Ahrar Ahmad.
3. EXTC/Electrical Track started at Seminar Hall-1 chaired by Session Chair Dr Mahammad Rasool.

The session-01 was concluded at 11.30 a.m.

The Session-02 was Valedictory which was started in the Auditorium at 11.30 a.m.

The valedictory started with welcome address and recitation of Holy Quran which continued with felicitation of the delegates. Dr. Shah Aqueel Ahmed, principal of Theem COE presented THEEM-2022 Conference Report. Like every year, this year also there was a selection of the best paper presentation of each track. Prize Distribution was held where the selected teams were awarded with certificate. After that, Prof. M. S. Balasubramani introduced the Keynote

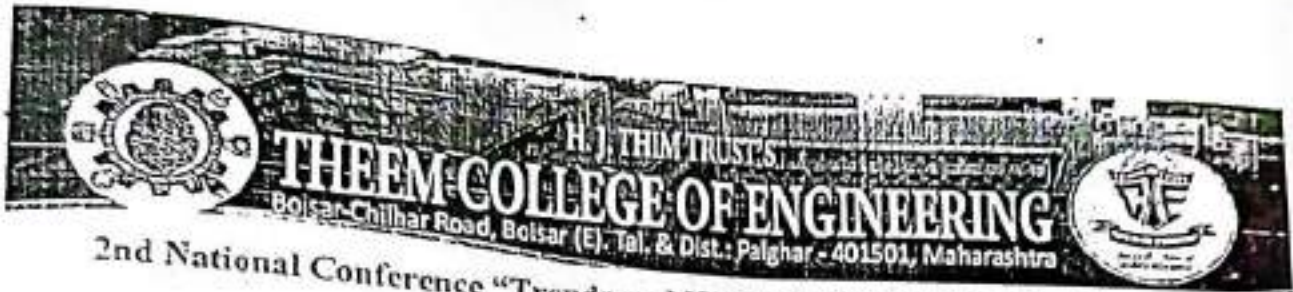

Speaker Dr Abdul Wasay Mudasser and invited him for his Keynote Address. Dr Mudasser discussed on "Research and Publications" in which he highlighted the ethics of research and publication. Dr N. K. Rana proposed the vote of thanks and the valedictory was closed down with the National Anthem.

The second day of programme was got over at 1.30 p. m.

Report of Event

Topic: Webinar titled "Intellectual Property Rights Day"

Date and Time: 26/04/2022 from 11:00am to 01:00pm

Name of Speaker: Prof M A Gulbarga

It is our privilege to report that Theem College of Engg, Boisar in association with IQAC, IIC (Institutions Innovation Cell) has organized a webinar On "Intellectual Property Rights Day" and the webinar was successful.

The session started with why 26th April is celebrated as Intellectual property day all over the world. The session was very interactive and explained the various aspects of Intellectual properties and their importance and was very educational. The session included types of intellectual properties and their legal stature of rights, and was very helpful for the students of engineering domains. The case examples created curiosity among students for patenting their ideas. Faculty members also took interest and it obviously helped them to think in this particular direction. Students learned great things about IPR and entrepreneurship. They learnt how one can go for patenting their idea and becoming a patent holder. The session was full of amazing things to know while going through patenting examples. the sessions will be much appreciated.

Objectives

1. To create awareness about Intellectual property and its significance .
2. To inculcate design thinking and creativity about innovation in our students.

Outcomes (Students should be able to)

1. Able to Interpret regulation and legal aspects of their Idea and innovation.
2. Able to Understand Intellectual property Rights and legal framework of patenting.
3. Sense the opportunities and be able to apply design thinking for new product design.

Subject: Request to conduct Alumni Talk on "Study in Abroad" on 15-04-2022.

Dear Akshay,

Theem College of Engineering is a premier Engineering Institute of H.J. Thim Trust at Boisar, Taluka Palghar, conducting graduate Engineering Program in Computer Engineering, I.T. Engineering, Electronics & Telecommunication Engineering, Mechanical Engineering, Civil Engineering, Automobile Engineering, AI-ML Engineering & Electrical Engineering. We also offer Diploma Engineering Program in Computer Engineering, Mechanical Engineering, Civil Engineering & Electrical Engineering.

Theem College of Engineering is organizing Alumni Talk "Study in Abroad" on 15-04-2022 at 09:30 am through online mode on Microsoft Team under IIC (Institution's Innovation Council) and IQAC.

The Principal, Management, Staff and Students of this Institute shall be obliged and grateful with your gracious presence.

We will be honoured for your kind consent of accepting our invitation.

Thanking You.

A Report on 'Internal Hackathon 2022'

Internal THEEM Hackathon 2022 Event of Smart India Hackathon (SIH) 2022 was conducted in Theem College of Engineering on 12th April 2022. Senior faculties from various department were invited as judge to evaluate the idea solution and its implementation and other parameters to specific problem statements demonstrated by several competing teams of students and selected the top teams to be nominated for SIH 2022 registration for final competition at National level. More than 50 teams and 190 students have participated in the internal Hackathon. Students have participated enthusiastically and presented their solution to the Jury members. The evaluation process was done with solution presentation as per the SIH 2022 format and students demonstrated the basic functionalities of their solutions. The rigorous evaluation process and feedback done by all the jury members were really helpful for the teams to understand their shortcomings and solution improvement. Jury members congratulated all the team members and gave them best wishes for the national level Smart India Hackathon 2022 event.

Tables shows classification of idea/solution category wise submitted at internal THEEM Hackathon 2022.

Category	No.of Idea / Solution
Hardware	39
Software	13

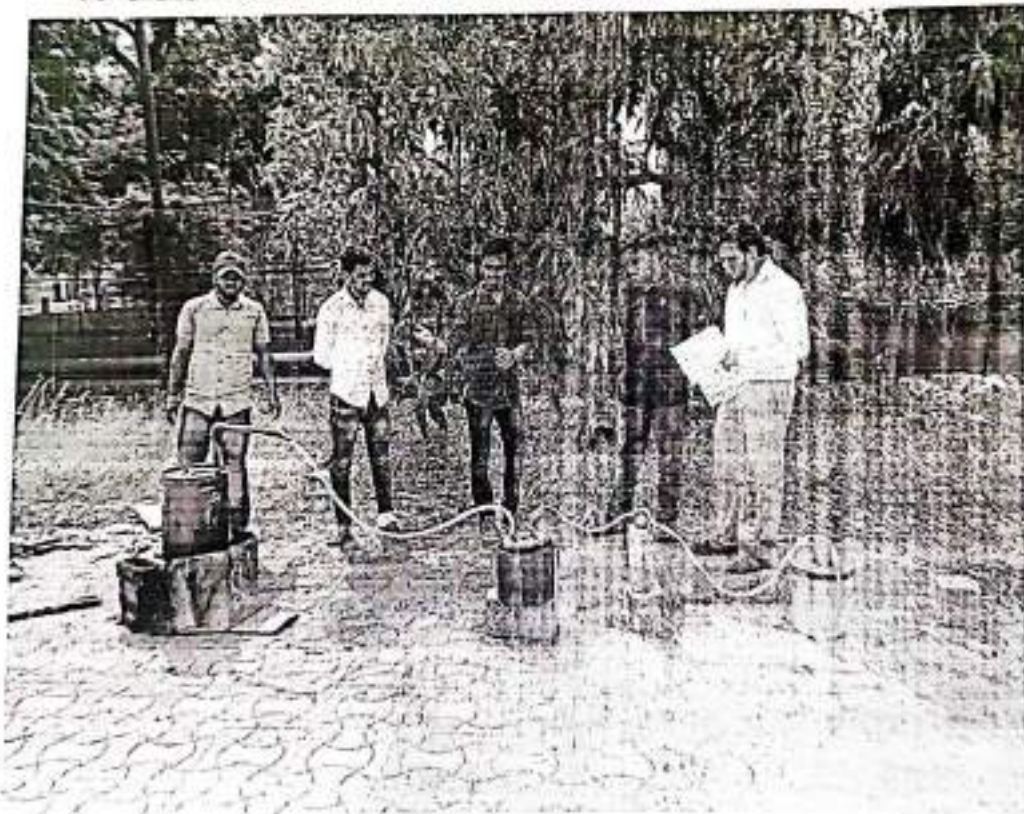

Jury Panel :-

Name of the Jury	Designation of Jury	Department
M.A.Gulberga	Associate Professor	Mechanical Engg.
Wasim Khan	Assistant Professor	Automobile Engg.
Harshal Ahire	Assistant Professor	Mechanical Engg.
Iqbal Mansuri	Assistant Professor	Mechanical Engg.
Dr.Najmuddin Aamer	Professor	Computer Engg.
Sneha Sankhe	Assistant Professor	IT Engg.
K.N.Attarde	Associate Professor	Computer Engg.
Rahatullah Khan	Assistant Professor	Electrical Engg.
Faiz Mohd.Khan	Assistant Professor	Civil Engg.
Ansar Sheikh	Assistant Professor	Civil Engg.

The criteria for judging the idea/solution is shown in below table

Key Attributes	Description	Score
Idea	How unique or creative is the concept of the project/product/solution?	10
Implementation	How effective is the technical approach and implementation of the project/product/solution?	10
Functionality	How well the project/product/solution in terms of its claimed functionality?	10
Design	How well the project/product/solution is designed and polished?	10
Presentation	Does the presentation clearly define and address the project/product/solution?	10
Total		50

Report on "How to plan for Start-up and legal & Ethical Steps"

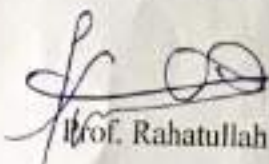

Objective: To know various ideas for innovation and facilitate the students to become an entrepreneur and a researcher.

Outcome: Understood various ideas for innovation and ethical steps required students to become an entrepreneur and a researcher.

Institution innovation council of Theem College of Engineering organized a one-day webinar on **March 30, 2022**, titled "**How to plan for Start-up and legal & Ethical Steps**" in online mode". It was well-received by more than 960 participants from students. Dr.N.K. Rana started the session with a warm welcome to all the attendees and also introduced the guest speaker. The session was taken over by the guest speaker **Dr. Vivek Bindra CEO & Founder of Bada Business Pvt Ltd**. The entire session was extremely interactive session.

He initially started off by defining the words entrepreneurship, campuspreneur and gave a clear idea of the same. "Entrepreneurship is not a career" he quoted and explained in detail how an individual can launch his/her start-up. Mr. Bindra boosted the confidence of all the attendees with his interactive presentation and encouraged them all to believe in themselves. He stressed that Entrepreneurship cannot be viewed as a business purely, but as a rich legacy for generations to prosper.

The workshop ended with a question-and-answer session. This event was a huge success with over 960 participants. The vote of thanks was delivered by Prof. Rajesh Patil.

Letter of Appreciation

To,
Mr. Gautam Umashankar
Career Counselor
Mission Career,Thane(W).

Subject: Letter of Appreciation for being chief guest and speaker in a Webinar titled "Higher Education in Abroad".

Dear Sir,

It gives us immense pleasure and delight in introducing "Theem College of Engineering" located at Boisar which has grown at fast pace and gained respectful standing among the contemporary institutes. Theem College of Engineering was established under the umbrella of "H.J. Thim Trust" The College was started with the core objective to impart quality education to students in the field of Technology and it is approved by AICTE, MSBTE and DTE (Govt. of Maharashtra). We have well facilitated library and laboratories.

We appreciate your broad view and interests in inspiring and giving technical knowledge to the students and faculty members. We are very much thankful to you for your helpful and cooperative nature. As per feedback, the webinar was appreciative and helpful.

Letter of Appreciation

To,
Mr. Ibrahim Shah
Center Head
CADD Center, Vasai (W)

Subject: Letter of Appreciation for being chief guest and speaker in a seminar titled "Introduction to Designing Software in Engineering"

Dear Sir,

It gives us immense pleasure and delight in introducing "Theem College of Engineering" located at Boisar which has grown at fast pace and gained respectful standing among the contemporary institutes. Theem College of Engineering was established under the umbrella of "H.J. Thim Trust" The College was started with the core objective to impart quality education to students in the field of Technology and it is approved by AICTE, MSBTE and DTE (Govt. of Maharashtra). We have well facilitated libraries and laboratories..

We appreciate your broad view and interests in inspiring and giving technical knowledge to students and faculty members. We are very much thankful to you for your helpful and cooperative nature. As per feedback, the seminar was appreciative and helpful.

A Report on "Process of Innovation Development & Technology Readiness Level (TRL)"

Objectives:

1. The main objective of this webinar was to discuss –Generating Ideas, capturing ideas, beginning innovation, developing a business- effectiveness strategy, Applying Business Improvement, and Decline.
2. To inculcate creativity and innovativeness in our students.

Outcomes:

1. Students were able to understand importance of "Process of Innovation Development & Technology Readiness Level (TRL)", and its advantages.
2. Students were able to understand the importance of technology assessment.

A webinar on "Process of Innovation Development & Technology Readiness Level (TRL)" was held on 3rd March 2022. Mr. Yogesh Karunakar, Head EDC, IAR Labs K. C. College of Engineering was the guest speaker.

In his address Mr. Yogesh Karunakar explained the process of the innovation development and its stages. Citing an example of final year project and keeping users in mind at every stage of process. Mr. Yogesh Karunakar, elaborated the process of technology readiness and commercialisation of the technology. Technology Readiness Levels (TRLs) are a method for understanding the technical maturity of a technology during its acquisition phase. TRLs allow engineers to have a consistent datum of reference for understanding technology evolution, regardless of their technical background.

Further, Mr. Yogesh Karunakar explained how the technology transfer from innovator to industry takes place.

The session focussed on the innovation development and understanding technology readiness level, manufacturing readiness level and investment readiness level. A technology assessment is needed to determine the technology is ready or not to be commercialized. An approach has been used to assess the readiness of technology, namely Technology Readiness Level (TRL) adopted from NASA.

Prof. Nirajsingh Yeotikar, welcomed and introduced the speaker while Prof. K. N. Attarde proposed the vote of thanks.

New conditions for innovation

- Small start-up entrepreneurs increasingly depend on large firms:
 - as suppliers or customers
 - for venture finance,
 - for exit opportunities,
 - for knowledge (production, markets and R&D)
 - and for opening new markets.

Report of Webinar on Integrated Approach in Science and Technology for a Sustainable Future

Topic Integrated Approach in Science and Technology for a Sustainable Future

Date 28th of February, 2022

Venue Online mode, MS Teams platform.

On the occasion of National Science Day, the Department of IT engineering in association with IIC and IQAC arranged a webinar on Integrated Approach in Science and Technology for a Sustainable Future which was held in an online mode on 28th of February, 2022. The session was attended by 240 students. The theme for National Science Day 2022 is Integrated Approach in Science and Technology for a Sustainable Future.

Objectives: The aim of this webinar is to bring awareness to students about the importance of science in our daily life and to encourage students by popularizing science and technology.

Benefits: It has created interest about Science and technology in students minds. It has ignited the students interest in Science and growing technology and also appreciated the contributions of many scientists to India's growing technology.

Webinar was conducted by the department of IT. The session started with the greetings of International Science Day to the audience. Students gave their presentations on topics such as the invention of Raman effect to how the integration of science and technology can bring a sustainable future. Students also did the poster presentation on the same. Session ended with the vote of thanks.

This Webinar was coordinated by Prof. Sneha Sankhe and Prof. Sonali Karthik.

Report of Workshop on Entrepreneurship and Innovation as Career Opportunity

Topic	Entrepreneurship and innovation as career opportunity
Date	15 th of February, 2022
Venue	Online mode, MS Teams platform.

The Department of IT in association with IIC and IQAC arranged a workshop on Entrepreneurship and innovation as career opportunity which was held in an online mode on 15th of February, 2022. The session was attended by 280 students and 30 faculties.

Objectives: The aim of the workshop is to make students aware about start-up and entrepreneurship, to encourage and motivate them for entrepreneurship, which will boost their inner urge for becoming self-employed in future, to be job creators rather than job seekers.

Benefits:- Students got knowledge about upcoming Opportunities in various sectors or industry domains for entrepreneurship. Students understood about self-employment.

Workshop was conducted by Ms. Urvi Agrawal, Founder of Careernova Technologies LLP.

The workshop was intended to cover:-

1. Need of Entrepreneurship
2. Searching Market Opportunities.
3. Availability of Government Schemes.

The session started with innovative ideas which are demanded in the market, strategies to convert ideas into businesses. She also suggested students make use of the facilities and

improve all other traits of an individual along with the academic knowledge to become a better entrepreneur. The speaker shared her success story and challenges faced during the initial phase of set up. The session explored upcoming Opportunities in various sectors or industry domains for entrepreneurship. It was a good experience for all the students who attended the workshop and gained new knowledge beyond the curriculum. Her speech was followed by a question answer session in which students get their doubts solved. This Workshop was coordinated by Prof. Sneha Sankhe and Prof. Sonali Karthik.

REPORT ON ONE DAY WORKSHOP ON DESIGN THINKING, CRITICAL THINKING AND INNOVATION DESIGN

Objectives:

- 1) To provide broad information of design thinking.
- 2) To provide a comprehensive overview about design thinking, Critical thinking and Innovation design.
- 3) Identify the phases of Design thinking.

Outcomes:

Participant will be able to....

- 1) Understand the design thinking concept.
- 2) Understand the need for design thinking.
- 3) Understand the design thinking phases.
- 4) Remember objectives, activities, tools and deliverables.

On the 12th of February 2022, a One-day workshop on "Design Thinking, Critical Thinking and Innovation Design" was organized by Theem college of Engineering at 11:00am under IIC (Institution's Innovation Council) and facilitated by Dr. Ibrahim Shaikh from M.H. Saboo Siddik College of Engineering for students and faculties of Theem College of Engineering. Dr. Ibrahim Shaikh was the resource person for this workshop.

The workshop was divided into 4 sections. In the first section Dr. Ibrahim Shaikh introduces the key concept on Design Thinking, Critical Thinking and Innovation Design, defining critical terms, capabilities as well as current limitations of it. The second section consisted of need for Design Thinking. For better understanding of the concept, he admirably took the help of multi-media resources which made the topic even clearer. There were various examples given in the presentation as well as by him while explaining the topic as to make the students in a better way.

The third section was focused about understanding the design thinking process. The plan of action was discussed which consisted of Empathize (Understanding your customers need), Define (Define business objectives), Ideate (explores ideas and solutions), Prototype (build and visual ideas and solution), and finally test (Review and decide). The key concepts were introduced from the absolute basics as this workshop was designed to cater to participants with any skill level in designing. The fourth and the last section spoke about the thing to be remember such objectives, activities, tools and deliverables.

The students showed keen interest in the workshop and have gained a hands-on experience in the topics of "Design Thinking, Critical Thinking and Innovation Design".

Overall, 250-280 members participated from different departments. This workshop was a good learning experience for the participants. They had the opportunity to familiarize themselves to Design Thinking and also had the opportunity to interact with some of the best resource person in the country. The workshop coordinator was Prof. Irshad Shaikh and was assisted by Prof. Musatque Mohd. The workshop convener was Prof. Wasim Khan, Head of the Department of Automobile Engineering. Programme has been concluded by the Vote of Thanks given by our Director Dr. N.K.Rana.

Report of Event

Topic: Webinar titled "My Story- Successful Entrepreneur/Startup founder"

Date and Time: 11/02/2022 from 03:00Pm to 05:00pm

Name of Speaker: Mr. Abdul Rehman Gujrati

It is our privilege to report that Theem College of Engg, Boisar in association with IQAC, IIC (Institutions Innovation Cell) has organized a webinar On My Story- Successful Entrepreneur/Startup founder in a very interactive way and explained the various important ways to direct their career in the respective field. Whole session was very interactive and educative. The session was very helpful for the students of engineering domains as well as faculty members and it obviously helped them to think in this particular direction. Students learned great things about entrepreneurship. They learnt a great deal about becoming a founder. The session was a joy to attend and more sessions will be much appreciated.

Objectives

1. To showcase the successful Entrepreneur to motivate students towards entrepreneurship.
2. To inculcate creativity and innovativeness in our students.

Outcomes (Students should be able to)

1. Interpreting regulation and legal aspects of Entrepreneurship in India.
2. Understand Government policies for Entrepreneurship.
3. Sense the opportunities and able to mobilize resources to make new good and services

Subject: Letter of Appreciation for being chief guest and speaker in a Webinar titled "My Story- Successful Entrepreneur/Startup founder"

Dear Sir,

It gives us immense pleasure and delight in introducing "Theem College of Engineering" located at Boisar which has grown at fast pace and gained respectful standing among the contemporary institutes. Theem College of Engineering was established under the umbrella of "H.J. Thim Trust". The College was started with the core objective to impart quality education to students in the field of Technology and it is approved by AICTE, MSBTE and DTE (Govt. of Maharashtra). We have well facilitated library and laboratories..

We appreciate your broad view and interests in inspiring and giving technical knowledge to students and faculty members. We are very much thankful to you for your helpful and cooperative nature. As per feedback, the webinar was appreciative and helpful.

Subject: Invitation to conduct Seminar on "Latest Trends in Automobiles" on
14/08/2018 for Automobile and Mechanical Department

Dear Sir,

Theem College of Engineering is one of the prime institutes amongst Mumbai University, which was established in academic year 2009-10 with a laudable objective of providing good opportunities to students for learning international quality Technical Education with contemporary global requirements. The institute was initially started with four branches of Engineering - EXTC, Electronics, IT and Computer, then subsequently added four more branches of Mechanical, Civil, Electrical, and Automobile. We also started diploma program in Computer, Mechanical and Civil Engineering from 2013.

You are cordially invited to conduct Seminar on "Latest Trends in Automobiles".

Your presence on this occasion would be solicited.

Thanking You,

1. **Objective of Activity:** To expose students; latest technical innovations in modern vehicles and Automatic Advanced Safety Programs. Functioning of sensor technology and latest technical gadgets used in today's smart cars.
2. **Intended Audience:** The team of Safetec Auto Security Solutions explained their technically innovated and modified program & accessories of automatic Tyre Pressure Monitoring System (TPMS), the display of all wheels tyre pressure on the panel device screen and explained how the monitoring sensors work as integral part of the TPMS program. The expert also taught about the implementation of automobile tracking system through GPS and how actual tracking is done to prevent from accidents and vehicle theft. For all the students he also conducted the session of virtual and real exposure of his latest technical gadgets used in modern smart cars. Students came to learn a lot of valuable things under the specified topic of Latest Safety Trends and Alarming Techniques of Automobiles. They planned their future achievements under this domain and some of them planed their future goal with valuable potential and enthusiasm during the workshop session.

Dear Sir,

Theem College of Engineering is one of the prime institutes amongst Mumbai University, which was established in academic year 2009-10 with a laudable objective of providing good opportunities to students for learning international quality Technical Education with contemporary global requirements. The institute was initially started with four branches of Engineering - EXTC, Electronics, IT and Computer, then subsequently added four more branches of Mechanical, Civil, Electrical, and Automobile. We also started diploma program in Computer, Mechanical and Civil Engineering from 2013.

You are cordially invited to conduct Seminar on "Service Operations – Service Quality Standards".

Your presence on this occasion would be solicited.

Subject: Seeking permission for the workshop on Service Operations – Service Quality Standard

Respected Sir,

I Professor **Wasim Khan**, am the HOD of Automobile Department. Our department is organizing the workshop on "Service Operations – Service Quality Standards" for the benefit of student of BE and faculty. The main objective of this activity is to expose students; the number of Industrial Course Standards, relevant and meaningful Quality Operations and maintenance of the performance of their standards. Through this workshop students will learn a lot of valuable things about Quality Control, Maintenance of long lasting excellent Service Quality of product at industrial level and techniques of best customer interactive service in technical background. We request you to give us permission for the activity of above said workshop.

Respected Sir,

I Professor Wasim Khan, the HOD of Automobile Engineering Department. My department's Professor Mr. Nadeem Ansari have arranged 5 days (40 hours) FEA Training in ANSYS for the benefit of BE students. The main objective of this activity is to enrich and teach students about the CAE (Computer Aided Engineering) domain activities of real engineering industries. Hence promoting the basics and applications of Finite Element Methods to solve different types of engineering problems. Through this training course students will come across the step by step applications of software principles and instruction to solve and challenge the real world engineering problems.

I request you to give us permission for the activity of FEA Training.

Dear Sir,

We are very glad to thank you for presenting yourself in the Training Program of Finite Element Analysis in ANSYS and being as a Trainer to enrich our students in the programme. Your speech enlightened our faculties and students on applications of Finite Element Methods and different types of solutions to the engineering problems of FEA in ANSYS.

We always expect the same kind of coordination and cooperation in future.

Thanking you

With best regards

Type of Activity: Training

Title: Finite Element Analysis for Engineering Applications using ANSYS Software

Name of Resource Person: Mr. Ashish Vajir

Description:

1. **Objective of Activity:**

To enrich and manifest students the CAE domain activities of real engineering industries. Through this training course students will come across the applicability of the method and different types of the formulation procedures of real world engineering problems.

2. **Intended Audience:**

Students were exposed to advanced level analysis techniques of ANSYS software beyond their academics syllabus. Improvement in their skills of software analysis and prediction of desirable output of model under applied working conditions. From now on students can easily work in ANSYS software, they were promoted in the basics and applications of Finite Element Methods to solve different types of engineering problems. They have gone through various types of modes of analysis performed on engineering models and some real world practical applications. They became capable to perform analysis and get approximate results, mechanical properties. They were also benefitted in defining extended limits of applied working conditions of different engineering specimens, engineering mechanisms and machine components. Also they got exposure of using ANSYS software for automobile designing and testing of different components as like engine, chassis and gearbox etc.

Subject: Letter of Appreciation for conducting an expert lecture on **Risk Assessment in Construction** for all **BE Final Year** Civil Students.

Dear Sir,

It gives us immense pleasure and delight in introducing "Theem College of Engineering" located at Boisar which has grown at fast pace and gained respectful standing among the contemporary institutes. Theem College of Engineering was established under the umbrella of "H.J. Thim Trust". The College was started with the core objective to impart quality education to students in the field of Technology and it is approved by AICTE, MSBTE and DTE (Govt. of Maharashtra). We have well facilitated library and laboratories.

As per telephonic conversation with Prof Zulfikar Ahmad, we are very much thankful to you for your positive response for conducting an expert lecture on **Risk Assessment in Construction** for all **BE Final Year** Civil Students.

We appreciate your broad view and interests in inspiring and giving technical knowledge to our students. We are very much thankful to you for your helpful and cooperative nature. As per student's feedback, the seminar was appreciative and helpful.

Thanking you,

Topic: Risk Assessment in Construction

Date and Time: 29/08/2018 from 11:00am to 01:00pm

Name of Expert: Mr.Abhishek Panchal

Mr.Abhishek Panchal has conducted the Expert lecture on "Risk Assessment in Construction" for the students of BE final year civil engineering in a very interactive way and explained the various important ways to direct their career in the respective field .whole session was very interactive and educative ,the session was very helpful for the students of civil engineering and it obviously helped them to think in this particular direction.

Subject: Letter of Appreciation for conducting Software Training Program on Estimating & Costing for all BE Final Year Civil Students.

Dear Sir,

It gives us immense pleasure and delight in introducing "Theem College of Engineering" located at Boisar which has grown at fast pace and gained respectful standing among the contemporary institutes. Theem College of Engineering was established under the umbrella of "H.J. Thim Trust". The College was started with the core objective to impart quality education to students in the field of Technology and it is approved by AICTE, MSBTE and DTE (Govt. of Maharashtra). We have well facilitated library and laboratories..

As per telephonic conversation with Prof Zulfiquar Ahmad, we are very much thankful to you for your positive response for conducting Software Training Program on Estimating & Costing for all BE Final Year Civil Students.

We appreciate your broad view and interests in inspiring and giving technical knowledge to our students. We are very much thankful to you for your helpful and cooperative nature. As per student's feedback, the seminar was appreciative and helpful for gaining the software knowledge on estimating and costing.

Thanking you,

Patade

Date and Time: 23/07/2018 from 11:00am to 01:00pm

Name of Expert: Mr. Shivraj Patade

Mr. Shivraj Patade has conducted the Expert lecture on "Software Training Program on Estimating & Costing" for the students of BE final year civil engineering in a very interactive way and explained the various important ways to direct their career in the respective field. Whole session was very interactive and educative. The session was very helpful for the students of civil engineering and it obviously helped them to think in this particular direction. Students learned a great things about various estimating and costing methods via use of different softwares. The session was a joy to attend and more sessions will be much appreciated.

Dear Team Leader,

Congratulations for being shortlisted as a team for Grand Finale of Smart India Hackathon 2019 (Software Edition) scheduled on 2nd and 3rd March 2019!!

Please visit <https://www.sih.gov.in/WinnerList> to know the Problem Statement and idea that you have been selected for. More importantly, you need to confirm your participation in the Smart India Hackathon 2019 (Software Edition) Grand Finale on the www.sih.gov.in web portal between 15th February 2019 to 18th February 2019. (Currently this module is under testing and will be open soon. Questions regarding the confirmation link would not be addressed before 15th February 2019).

In case no confirmation is received from your end till 18th February 2019, the wait listed teams would be given an opportunity to participate.

Please download the Smart India Hackathon 2019 mobile application from Google Play to stay connected for updates on Grand Finale

Smart India Hackathon 2019 (Software Edition) guidelines:

1. Shortlisted teams traveling for the grand finale (6 students and 2 mentors) will be eligible to receive reimbursement for to & fro journey via 2S (2nd Class Sleeper) railway fare. The reimbursement amount will be transferred to the Team Leader's account at the Grand Finale Nodal Centers upon producing copies of train tickets and completing relevant forms. The arrangement for booking of train tickets is responsibility of teams themselves or their institutes.
2. Students should arrive at the venue one day prior (1st march 2019) and should plan return journey the day after the Smart India Hackathon 2019 (Software Edition) Grand Finale (4th march 2019). Students should avoid reaching venue on 2nd morning as it will be difficult for them to operationalize their setup in short span.
3. College faculty members traveling with teams for the grand finale are not eligible for any reimbursement of travel expenses.
4. Nodal Centres (<https://www.sih.gov.in/nodalCenterList>) would be making necessary arrangements for the food and accommodation in hostels of teams participating during Grand Finale
5. Each team has to carry an authorization letter from their institution mentioning the names of team leader, team members and mentors participating in the Grand Finale on their institution letter head, duly stamped by the head of the institution during the Grand Finale.
6. The same team registered at the time of idea submission has to be present at time of Smart India Hackathon 2019 (Software Edition) Grand Finale (except in the following cases)
 - a. Maximum 3 team members could change at the time of Grand Finale, but their names have to be mentioned on the letter stated in point 4 above
 - b. No change in Team Leader would be permitted for any team
7. Students should not leave the premises until the Hackathon completes
8. Use of intoxicants is prohibited within premises during hackathon
9. Students participating in the Grand Finale should abide by the rules and regulations of organizing body for Smart India Hackathon 2019 (Software Edition)

We would soon share the Nodal Centre SPOC (Single point of contact for students) details with you.

Regards,
Smart India Hackathon 2019 Team

Software Industry
 Software Development
 and Services

Product Based

- These type companies have their own software product
- They may sell or rent their software product
- They might require their support department
- Eg for mail job in product based company
- Examples - Microsoft, Oracle etc

Service Based

- Service based companies do not have their own product
- They build the product for their customers and provide warranty
- They tend to hire and train their staff in software
- Examples - Infosys, Wipro etc

Roles in IT Companies

- Project Analyst
- Software Developer
- Software Tester
- Quality Assurance
- Network Management
- Support Mobile System
- Software Trainer
- Sales

Phases of Software Development

- Requirement gathering.
- Analysis of the requirement.
- Sign off on the Requirement.
- Development of the module or Product starts.
- Testing.
- Quality check.
- Release Engineer checking.
- Product deployed.

Software development

- For Enterprise Software :
- Module is divided among software developer.
- Every developer has to follow guidelines to develop software.
- Meeting is conducted every day and issues are raised.
- Once all the modules are built, they are integrated.

Thank You

Type of Activity: Guest lecture on Industry Perspective of .NET

Title: Approval for Website Updation

Name of Resource Person: Mr. Sukhsagar Tiwari

Description:

Industry Perspective of .NET

1. **Objective of Activity:** The .NET Framework is a technology that supports building and running the next generation of apps and XML Web services. The .NET Framework is designed to fulfill the following objectives:

- To provide a consistent object-oriented programming environment whether object code is stored and executed locally, executed locally but Internet-distributed, or executed remotely.
- To provide a code-execution environment that promotes safe execution of code, including code created by an unknown or semi-trusted third party.
- To provide a code-execution environment that eliminates the performance problems of scripted or interpreted environments.
- To make the developer experience consistent across widely varying types of apps, such as Windows-based apps and Web-based apps.
- To build all communication on industry standards to ensure that code based on the .NET Framework integrates with any other code.

2. **Intended Audience:** All the students of Information Technology Branch.

Dear Sir

Theem College of Engineering is one of the prime institutes among Mumbai University, which was established in academic year 2009-10 with a laudable objective of providing good opportunities to students for learning international quality Technical Education with contemporary global requirements. The institute was initially started with four branches of Engineering - EXTC, Electronics, IT and Computer, then subsequently added four more branches of Mechanical, Civil, Electrical, and Automobile. We also started diploma program in Computer, Mechanical and Civil Engineering from 2013.

You are cordially invited to conduct FDP on "Internal Evaluation- NAAC

Subject: Invitation to conduct Seminar on "Latest Trends in Automobiles" on
14/08/2018 for Automobile and Mechanical Department

Dear Sir,

Theem College of Engineering is one of the prime institutes amongst Mumbai University, which was established in academic year 2009-10 with a laudable objective of providing good opportunities to students for learning international quality Technical Education with contemporary global requirements. The institute was initially started with four branches of Engineering - EXTC, Electronics, IT and Computer, then subsequently added four more branches of Mechanical, Civil, Electrical, and Automobile. We also started diploma program in Computer, Mechanical and Civil Engineering from 2013.

You are cordially invited to conduct Seminar on "Latest Trends in Automobiles".

Your presence on this occasion would be solicited.

Thanking You,

Accepted
