## Concept Note by ICHR

### 'Bharat: Loktantra ki Janani'

The idea of Bharat needs to be cherished as there are millions and millions of Indians across the globe since times immemorial. It is so because Bharat and its 'Loktantra' have influenced as well as confluenced civilizations across the world. It made the world to know that the 'Lok' and its 'Tantra' are very symbiotic and complement each other to grant good governance. It is from this land of Bharat, that this spontaneous culture of serving the masses has made its origin.

A distinction needs to be drawn between *Praja-Tantra*, *Jana-Tantra*, and *Loka-Tantra*. One is a straight translation of the political system known as 'Democracy', the second is 'people versus the ruler(s) oriented system', and the third is 'a community-system oriented towards the welfare of the community'.

There are three dimensions of people's polity, a system of governance broadly referred to as 'Democracy': (i) limits on the 'Ruler(s)'; (ii) accountability of the 'Ruler(s)'; (iii) people's direct or indirect participation in governance and/or their rights of self-governance.

In India, from the Vedic times itself, two kinds of states, janapada and rajya have been in existence. The Indian experience evolved its own form of governance at the levels of the village and the central polity: (i) the federal/central political structures were delinked from the life of the community (village communities), and consequently (ii) village communities became self-governing and autonomous, and (iii) developed a hierarchy of self-governing institutions, such as Panchayat and Khaps, that enabled them to remain unaffected by and large by the changing kingdoms/ empires particularly those of the invaders hostile to Hindu culture.

This explains the survival of Hindu culture and civilisation in the face of 2000 years of invasions by alien ethnicities and cultures. This became possible because the Hindu mind from the beginning addressed the central question of how to weld this vast-multiplicity that is India into a single larger community and from ancient times a geo-cultural definition has been given to this entity, *rashtra*, *Bharata* -- The country which lies to the south of the Himalayas and the north of the oceans is called *Bharata* and the *Bharatiyas* are the people of this country.

Democratic system in Bharat has evolved over the ages. There are ample archaeological, literary, numismatic, epigraphical, bhakti, and so on, evidences which emphasis on the Loktantrik tradition of Bharat. The roots of people's self-governance also lie in India's Vedic period going back, vide the recent archaeological excavations at Rakhigarhi and Sanauli, to at least 5000 BCE, if not more.

Vedic literature talks of cosmic cohesion, harmony of existence. The Upanishads stress on fundamental unity, right to life and existence for all beings. Shrimad Bhagavad Gita emphasizes on knowledge, faith, action, virtue all synthesized in human conduct.

The Vedic term for law is *Dharma*. In this age in other parts of the world law meant 'eye for an eye'. A Vedic prayer notes: "If I play false may I lose the merit of all my religious performances, gifts of good deeds -- my life and even my progeny".

*Dharma* was the anchor of society. Compassion, empathy, non-violence were ways of life. Good character and moral action were fundamentals of *Bhartiya* society.

In the *Rigveda* there are several terms which were undoubtedly applied to non-monarchical institutions. The two assemblies called *Sabha* and *Samiti* formed an essential feature of the government. The term *Sabha* denotes "The people in conclave. The *Samiti* in the sense of an assembly of people is mentioned in the *Rigveda*. It appears the *Samiti* was an august assembly of a larger group of people for the discharge of tribal (i.e., political) business and was presided over by the King. Both these Assemblies exercised considerable authority and must have acted as healthy checks on the power of the kings. Great importance was attached, not only to the concord between the king and the assembly but also to a spirit of harmony among members of the Assembly. The last hymn of the *Rigveda* invokes such unity: "Assembly, speak together, let your minds be all of one accord. The place is common, common the assembly, common the mind so be their thought united." (Ghosh: R. C. Majumdar, p 857). It is clear that the importance of these two bodies continued in later period as well.

Also, there is no doubt that the people played an important part in politics. Thus, stress is laid on the necessity of concord between the king and his electors in a passage in the *Atharvaveda*, which is a clear testimony of the prevalence of the system of election of the kings.

Simultaneously, it should be underlined that the *Bhartiya* context of governance had a crucial difference with other ancient political philosophies like say Greece and Rome. In India there was the constant emphasis on inner consciousness and the need to integrate with the totality of the Universe.

Another key difference that separates *Bharat* from other ancient civilizations is -- there was no concentration of the prestige of birth, influence of wealth and political office which made social organizations autocratic and aristocratic. There was no aristocracy in India like say in Greece. The Hindu state rarely presented that high degree of centralization associated with the Roman empire.

Nevertheless, in Hindu political theory, sovereignty rests in *Dharma* or law in the wider context. One of the most profound ideas in ancient Indian political philosophy is that power or the office of the king is only a trust.

India to the great surprise of the world with all its multiple plurality is today the world's largest successful working democracy is, because Indian people, infused with the spirit of equality, have had since the very Vedic times a *lokatantrika parampara*.

Subject: Thanks Giving letter to Yogesh Haridas Jadhav

Dear Mr. Yogesh Jadhav,

We are very much thankful to you for accepting our invite at a very short notice, and expressing your thought and guiding our NSS Volunteers and all other degree and diploma students of our college during the celebration of National Girl Child Day celebrated on 24<sup>th</sup> Jan 2022 under "Asadi ka Amrit Mahotsava" organized by the NSS Unit of our college at 11:00 AM in online mode.

Your talk on the above topic was thought provoking, and it will go a long way to spread public awareness about inequities that girls face in Indian society and on cyber security, also to **Save the Girl Child**, child sex ratios, and the creation of a healthy, safe environment for girls and Empowering Girls for a Brighter Tomorrow..

Hope for your kind cooperation in the future events.

Thanking you,

**Topic:** Seminar Quiz competition titled "World Earth Day Celebration"

**Date and Time:** 22/04/2022 from 03:00Pm to 05:00pm

**Name of Speaker:** Mr. Harshad Ranadive

It is our privilege to report that Theem College of Engg, Boisar in association with IQAC, IC (Institutions Innovation Cell) has organized a seminar & Quiz competition On "World Earth Day Celebration". The programme was conducted in a very interactive way and explained the various importance of Environmental issues that have posed serious threats to the sustainability of natural earth. On the occasion of Earth Day, the most serious environment related issues such as pollution, global warming, climate change, acid rain, ozone layer depletion are discussed. The whole session was interactive and educative. The session was helpful for the students of engineering domains as well as faculty members and it obviously helped them to think in this particular direction. Students learned great things about the Earth Day movement by making the best use of electricity, saving tap water, throwing waste items in the garbage box, not pouring polluting chemicals in the washroom drains, sharing our vehicles and using electric vehicles. The session was a joy to attend and more sessions will be much appreciated.

**Objectives**

1. To enlighten awareness about environmental issues among the students.
2. To protect the environment from serious threats.

**Outcomes (Students should be able to)**

1. Understand Environmental issues and sustainable development of the earth.
2. Understand how to reduce the pollution and management of hazardous waste.

## REPORT ON ANTI-PLASTIC CAMPAIGN IN BOISAR

Plastic bags harm the environment in numerous ways. Once they enter into soil, they lower its fertility and affect our farmers' production. Besides, when these bags are used up, they litter the streets and block drains and when burned, they release toxic chemicals and contaminate the air.

Hence, with the aim of raising awareness against the use of polythene bags, Theem college of Engineering, Boisar, carried out anti-plastic campaign in Boisar on 08/09/2018.

On this day, we had covered daily market, Bus stand area, railway station area and Ostwal market area where our N.S.S. volunteers visit and distribute environment-friendly cloth bags among the shopkeepers and residents so that plastic bags can be replaced. In these areas, our N.S.S. volunteers are going door to door and requesting peoples to use cloth bags for their daily use like buying Fruits, Vegetables, Bread/ Milk, etc.

Regarding to this campaign our N.S.S. volunteer arranged one rally from Navapur naka to Ostwal gate via Railway station and Bus stop. They also arranged one street play for this Anti-plastic campaign.

Our N.S.S. volunteers are urging people to stop using disposable Plastic Plates/Cups, Glasses and Containers that are very harmful. When the food items stored in plastic containers are re-heated in the microwave, they are likely to get contaminated with plastic chemicals.

In this way, we had successfully convey the message regarding the Anti-plastic to the Boisar peoples.

Date: 10<sup>th</sup> October- 12<sup>th</sup> October, 2018

Name of the Activity: **3 DAYS WORKSHOP ON "SELF DEFENCE"**

**Report on 3 DAYS WORKSHOP ON "SELF DEFENCE"**

As per the directives from Women and Child Welfare Committee of Maharashtra Legislative Assembly and Department of Students' Development, Vidyapeeth Vidyarthi bhavan, Churchgate, Mumbai, GR No: SW/06/ of 2018 University of Mumbai, our Women Empowerment and Grievance Redressal cell (WEGRC) of H. J. Thim Trust's, Theem college of Engineering, Boisar organized 3 days' workshop on 'Self-defence' for girl students.

Rape, molestation, kidnapping and murder are the most common forms of crime against women in India. The women in India are also vulnerable to acid attacks and eve-teasing. The mind-set of the people, including the victim and the spectator, is to ignore and just let it go. But, what we, as the responsible citizens of an independent country, fail to realise is that these instances of harassment can flare up into other bigger heinous crimes against women. And that is when the importance of learning self-defence techniques for women is felt.

Our priority was to design a program that would incorporate orientation, awareness, introduction to defence techniques with their demonstration and group discussion.

**Day One, 10<sup>th</sup> October, 2018:**

**Topic: Stress Management and Mental health.**

**Resource Person: Dr Vijay Patil (BAMS)**

As per World Health Organization (WHO), World Mental Health Day is observed on 10<sup>th</sup> October every year, with the overall objective of raising awareness of mental health issues around the world and mobilizing efforts in support of mental health.

Dr. vijay Patil explained how learning self-defence can work wonders in managing stress levels, discipline and social anxieties for people of all ages and skill levels. Yoga and Martial arts helps in controlling your anger at work, or focusing your mind when trying to study. The skills learned in self-defence are highly beneficial in controlling emotions and impulses which impacts everyday life and reflect greatly in overall mental wellbeing.

Students were required to share their feelings toward the issues, and encouraged to discuss openly their reasons for making their choices. Feedbacks received from participants after having attended the workshop were mostly positive. Comments received mainly expressed a new sense of ownership of the topic and an appreciation of taking responsibility for the ultimate purpose of the workshop rather than being imposed by a set of imported moral theory.

The College is of the view that our girl students should be given more opportunity to learn about self-defence, as an essential element in their cognitive moral development. We found that women's self-defence workshop significantly affected girl's levels of confidence

Report of Programme Conducted on "Oral Hygiene"

**Event:** Seminar On "Oral Hygiene" on Occasion of International Women's Day, 2019.

**Date:** 08/03/2019

**Venue:** seminar hall#1

**Resource Person:** Dr. Shwetambari Patil (Dental Surgeon, Boisar)

To create awareness on Oral hygiene, with special emphasis on dental hygiene management, was organised by WEGRC on 8<sup>th</sup> March, 2019. The program began with the welcome note by Ms. Humera Gilani. Prof. Sneha Sankhe wished participants on occasion of women's day and presented a bouquet and Memento to guest Ms. Shwetambari Patil, Dental Surgeon. Programme started with seminar on Oral Hygiene.

A Dental Surgeon, Ms. Shwetambari Patil explained the basics as the practice of keeping the mouth clean, and is considered to be the best means of prevention of cavities (dental caries), gingivitis, periodontitis, and other dental measures which also helps to prevent bad breath (halitosis). Regular tooth cleaning by the dentist or dental hygienist is important to remove plaque that may develop even with careful brushing and flossing, especially in areas that are difficult for a us to reach on his own at home. Professional cleaning includes tooth scaling and tooth polishing and debridement if too much tartar has accumulated. She also explained reasons behind several oral diseases including mouth Cancer.

Girl Students shared their experiences and enquired on problems regarding wisdom tooth, braces and need of Root canal. While answering issues related to dental problems, she explained the reason behind costly treatments. Dr. Shwetambari mentioned that the dental treatments are not costly, but the ignorance at early stages makes treatment costlier. About 49 girls and 6 staff attended this seminar and got benefitted.

After the seminar, group of girl students performed dance and skit on "Save Girl Child". The program ended with a vote of thanks by Prof. Sneha Sankhe, Convener, WEGRC.
