## Report on Teacher's Day Celebration

*"Great teachers have the ability to change lives for the better."*

Knowledge and education are the basis for all things that can be accomplished in life. Teachers provide the power of education to today's youth, thereby giving them the possibility for a better future.

Teachers can act as a support system that is lacking elsewhere in students' lives. They can be a role model and an inspiration to go further and to dream bigger. They hold students accountable for their success and failures and good teachers won't let their talented students get away with not living up to their full potential.

Their day begins before their students are even awake and can carry on long into the evening. They work in front of children, the world's toughest audience with patience and understanding. They do one of the most important jobs in the world. Teachers are our quiet heroes of our communities. It is granted that technology has opened the door of new learning and has also changed the course of education. But a good teacher has the power to change our life, ignite us in the most perfect way.

All over India, Teacher's Day is celebrated on 5th Sep every year for showing due respect to all the teachers in the country. This marks the birth anniversary of our first Vice-President & the second President of India, Dr. Sarvepalli Radhakrishnan.

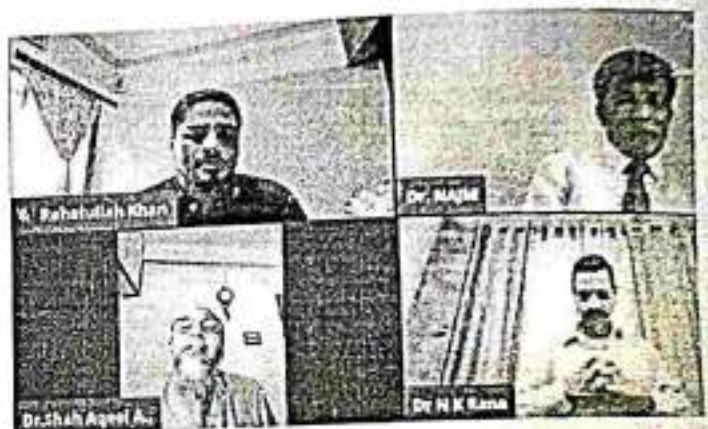

With lockdown restrictions and social distancing norms put in place, Theem family has taken to celebrating Teacher's Day virtually on 5th September 2020. The virtual event was visualized by our honorable Principal Sir Dr. Aqueel Ahmed Shah, our director Dr. N. K. Rana and all the faculty members. It was a great experience for all. There were some noteworthy performances by the students in the form of poetry and songs especially created in honour of the teachers, which had a mesmerizing appeal.

Dr. N. K. Rana, Director of Theem COE gave a motivating speech to the teaching faculty. He stressed much about the importance of interpersonal and intrapersonal intelligence required for a person to become successful. It is the teacher, the only person who can make the students imbibe good things from the society and do good back for the society. All the wishes and inspirations of a teacher

will make a student a renowned person in the society. He also remarked that students are always non-biological children of a teacher.

Dr. Aqueel Ahmed Shah, Principal Them COE also addressed the gathering with his motivative speech. He also listed down the characteristics of a successful teacher and propagated his mantra of teaching the students from known to unknown. He also asked the teachers to inculcate good things in them and to preach the good things that they practice. The program ended with the teacher's pledge headed by the Director of Them College of Engineering. The HOD of the mechanical department delivered the vote of thanks.

## Report on Engineer's Day Celebration.

The Theem College of Engineering celebrated Engineer's Day on 15-09-2020 as a remarkable tribute to the greatest Indian Engineer Bharat Ratna Mokshagundam Visvesvaraya (popularly known as Sir MV). The Engineering Community across India celebrates Engineers Day on 15 September every year. He is held in high regard as a pre-eminent engineer of India. The value of face-to-face interaction will never go away, but there are times when going virtual is a necessary part of your event program. Engineer's day celebration was arranged in online mode at 2.00PM in view of the pandemic crisis using google meet platform.

Dr. Aqueel Ahmed Shah, principal of college gave the inaugural speech with most updated reviews on achievements and visionary thoughts of Sir Visweswaraya, which have great potential even for the ongoing era of engineering. On this occasion all students from various departments were involved in several extracurricular activities, including collection and presentation of several unknown findings, achievements, milestones created by Sir Visweswaraya to establish engineering profession and its deep roots into the society.

"Role of Engineers in developing India" was the theme of the event. This event is planned to create awareness to students and faculties on the role of engineers in the development of our nation. On this day Prof. M. A. Gulbarga, HOD, Mechanical Department, Theem COE gave a lecture on "Role of Engineers in developing India". Many students and faculty members from various departments have attended the programme.

Dr. N. K. Rana, Director of Theem COE urged the students to aim to be great engineers with technical skills as well as personal qualities. He addressed the students and advised them to take Dr M Visvesvarayyagaru as their role model, be

confident in their mission and sharpen their skills to meet the global industrial demands.
