NAAC Sponsored

I wo-Day's Workshop on
"Quality Assurance in Higher
Educational Institutes (HEI's) by using
Open Educational Resources (OER)"

09th & 10th June, 2023

Organized By:

IQAC

Theory College of Engineering

Theem College of Engineering
Betegaon, Boisar Chilhar Road, Boisar (E), Tal. &

Dist. Palghar 401501, Maharashtra 7769916109/7506830077

web: www.theemcoc.org

(In Hybrid Mode)

About NAAC:

National Assessment and Accreditation Council (NAAC) is an autonomous body established by UGC of India to assess and accredit institutions of higher education in the country. The main objective of NAAC is to promote quality assurance in higher education institutions through a process of assessment and accreditation.

NAAC conducts the accreditation process based on a set of predefined criteria which include factors such as curriculum design, teaching-learning process, faculty quality, research and innovation, infrastructure, student support systems, governance and leadership, and community engagement.

NAAC accreditation is highly regarded in the Indian higher education system and is often considered as a benchmark for quality. It helps institutions to identify their strengths and weaknesses and to work towards improving the quality of education and overall performance.

About College:

H. J. Thim Trust established Theem College of Engineering in 2009 at Boisar with an objective of "Success... through Quality Education" for the development of youths who plays a decisive role in shaping the destinies of nation. The institute's serene and tranquil surroundings create an appropriate atmosphere to develop students' overall growth both in academics and ethics.

Theem College of Engineering is approved by AICTE, Government of Maharashtra and DTE, and affiliated to University of Mumbai. The institute is awarded with B+ grade by NAAC. The institute is a remote center of IITB-NMEICT (Ministry of Education, Govt.

of India). The institute is emerged as the only Premier Engineering College in Boisar with an overall intake of 660 students in the following graduate engineering programmes- Computer, Information Technology, Mechanical, Civil, Computer Science Engineering (Al & ML), Automobile, Electrical Engineering

The institute's well-maintained infrastructure, rich academic excellence and teaching-learning ecosystem steer students to achieve their engineering skills and career goals. To enhance multi-tasking growth, the institute equally focuses on co-curricular and extracurricular activities which yielded university rank holders and winners of various technical and sports events.

IQAC:

Internal Quality Assurance Cell (IQAC) is a part of the institution's system & work towards realization of the goals of quality enhancement & sustenance. The prime task of the IQAC is to develop a system for conscious, consistent & catalytic improvement in the overall performance of institutions. As a part of improving quality of research and education, the IQAC is going to organize this national level workshop sponsored by NAAC.

Vision

To become a Centre of Excellence in Technical and Professional Education.

Mission

- To commit for high standards in technical and professional education.
- To impart quality professional education through ICT initiatives and project-based learning.
- 3. To nurture technocrats and professionals with ethics and human values

About Workshop:

Quality assurance in higher educational institutes is a crucial aspect of ensuring that students receive a high-quality education that meets the required standarda Open Educational Resources (OER) can play a significant role in enhancing the quality of education in higher educational institutes can be used for curriculum design and development, course material development, quality assurance in teaching, assessment and evaluation, and continuous improvement. By using OER, higher educational institutes can ensure that students receive a high-quality education that meets the required standards.

As the educational spectrum of the country has witnessed a transformation with respect to the pandemic situation, the robust paradigm shift towards online education, enhancing use of software, introduction of modern technologies in teaching learning process have become the need of hour. The pedagogical fraternity needs to be committed to engage students in active, collaborative and technology-based learning methodologies. The use of open educational resources helps faculty and students to have access to technologies, books and various other teaching materials that they normally would not be able to afford.

The criterion of "Research and innovation" is

The criterion of "Research and innovation" is one of the major challenges of quality assurance cell of higher educational institutions. Basic objective of this proposed workshop is to motivate faculty to spread knowledge and information about research methods through use of various open-source software, such as latex, scilab, linux etc. It is planned to provide hands on practice for the same during this workshop.

Approved by AICTE (New Delhi), Government of Maharashtra and DTE, Affiliated to University Of Mumbai & MSBTE.

Rana, Akshay

SS

Srirag Sreek... &

Is experience necessary to get in the university?

 No, It does help to get GTA/GRA and internship and job but to get into university it's not necessary.

What preparation needs to be done for the visa interview?

- Academic transcripts from the university
- DS 160 form filing
- SEVIS fees
- OFC (biometric) and VAC (final interview) appointment

When to go for interview?

Not before 4 months of your semester starts.

Recording has started. This meeting is being recorded. By joining, you are giving consent for this meeting to be recorded. Privacy policy.

What to do once we land in United States?

- Buy a new sim card (easily available in Walmart or any other nearby store) so you can have an US number.
- Consult your senior/professor to get a part-time job so you can get your SSN (Social Security Number).
- SSN is the most important card in US to get a job/ credit card/tax filing/driving license, etc.
- Apply for driving license and get it as soon as you can.

What is on campus and off campus job?

- On Campus GTA, GRA, library, ARAMARK and all the other jobs which your university allows you to do legally and provided you pay for that.
- Off Campus(Illegal job) Gas stations, Indian stores, Motels, Restaurants, etc.

Are we allowed to do out of campus job?

 No, it is illegal and serious action are taken if you get caught.

New conditions for innovation

- Small start-up entrepreneurs increasingly depend on large firms:
 - as suppliers or customers
 - for venture finance,
 - for exit opportunites,
 - for knowledge (production, markets and R&D)
 - and for opening new markets.
