Biomedical Engineering

About The College

The institute was established in the year 2006 under Kai. Sushilatai Gaikwad Bahuuddeshiya Sanstha , Solapur, Approved by AICTE New Delhi, Affiliated to Dr. Babasaheb Ambedkar Technological University, Lonere and Recognized by Government of Maharashtra. The college has grown from strength to strength in the last 16 years and is progressing towards Excellence in Engineering Education. The college started with one M.Tech in Civil Engineering Program, Six B.Tech courses (Bio-Medical, E&TC, CSE, Electrical, Civil and Mechanical) in Engineering with an annual intake of 360 students and Two Diploma programs (Electrical and Mechanical Engineering). The College is moving towards accreditation by the National Assessment and Accreditation Council (NAAC), National Board of Accreditation (NBA), National Institutional Ranking Framework (NIRF). Institute has installed Solar System for sustainable energy to fulfill the electrical requirements of the college.

About The Departments

The E&TC is the premier dept. and having state of art Labs, Faculty with PhD and vast experiences. Also having Digital class rooms, R & D lab and all B.E students will complete their final project work in dept. itself.

The Department of Biomedical Engineering is one of the Novel branch of this college. From the very inception, this department has established itself as an efficient, self-reliant & quality tie up with hospital conscious entity with the sole aim of producing them energetic, enthusiastic and professionally competent Biomedical Engineers to take up the challenges posed to them. Only branch in this region to fulfill this dream, the department is manned by a group of well qualified, conscientious and dedicated faculty and technical staff.

About the FDP:-

The python programming language was created by Guido van Rossumin and it is used for web, software development, mathematics and system scripting.

This FDP will cover python from beginner to expert level which deals with conceptual level and detail programming for science, engineering and technology applications, The FDP provides hands on training on python to have more practical expertise. On completion of FDP the participant will be skilled in python for various applications.

The Topics to be Covered:-

1. Introduction to Python
2. Modules and Packages
3. Numpy, Visualization, scipy
4. Pandas, Simpy
5. Scikit-learn, scikit- image.
6. Python for Biomedical Signal Processing.
7. Python for data science.
8. Python for data analysis
9. Python for image processing
10. Python applications in Healthcare/Biomedical
11. Python for Signal Processing
12. Python applications in Electrical Engineering.
13. Python applications in Civil Engineering.
14. Python applications in IIoT & Industry4.0.
15. Python application in mechanical Engineering
16. Python applications in sciences.
17. Hand on Training on Python

Resource Persons

Resource persons for this FDP are drawn from IITs, NITs, Central University and Industries.

About Institute:

Padm. Dr. V. B. Kolte College of Engineering was established in 2010. The institute is located at Malkapur and well connected by bus and train. The institute has been accredited by NAAC. The Institute runs the Engineering and Diploma programme in various fields.. The institute provides the challenging educational environment in which all members of culturally and geographically diverse community can realize their potential. It is located on Central railway line & is near to Shegaon (Sant Gajanan Maharaj) & Bhusawal Junction (CR).

About Department:

Department of Computer Science and Engineering was established in year 2010-11. The Department of Computer Science and Engineering at Padm. Dr. V. B. Kolte College of Engineering is committed for value added quality technical education in Computer Science and Engineering. The strong pillars of our department for UG and PG program- the highly educated faculty, infrastructure and effective teaching learning process. The first batch of B.E. (Computer Science) came out in the year 2013-14 with flying colors. The department runs B. E. (Computer Science and Engineering) and M.E. (Computer Engineering) courses. The department started the two years of Master of Engineering (M.E) in the year 2012. In addition to core academics, the student are provided with plenty of opportunities to develop and excel in curricular, co-curricular and extracurricular activities. The department has full-grown computer laboratories outfitting to the computing needs of the department as well as the institute, with the objective of imparting quality education in the field of Computer Science & Engineering Department. The department has defined the program outcomes and all good initiatives are undertaken to facilitate and fulfill the same.

Vision and Mission of Institute

Vision

To be an autonomous institution offering multidisciplinary quality education programs aligned with provisions of NEP 2020 and satisfy stakeholders' needs.

Mission
1. To achieve excellence in academics, research and services continuously improving the quality.
2. To ensure the wholesome development of students implementing the provisions of NEP 2020
3. To develop professional ethics, universal human values, constitutional values, and 21st century skills in students.
4. To observe provisions of quality education declared by the accreditation agencies.

Vision and Mission of Department

Vision of Department

To provide high quality education and sustain in competitive environment in computer science and engineering to serve the needs of industry and society.

Mission of Department
1. To provide sound technical knowledge in discipline of computer science through extensive curriculum learning.
2. To empower the students with development of advance computing skills and accomplishment.
3. To provide quality based education towards science and technology to complete the fulfilment of industry and society.
4. To develop leadership quality, team work ability, ethical, human and constitutional values in students.

PROFILE OF THE INSTITUTE

Fr. C. Rodrigues Institute of Technology was established in 1994 as an extension of the pioneering efforts of the Agnel Ashram fathers in the arena of Technical Education. FCRIT in a short span of time established itself as a leading Engineering college in Mumbai. The Government of Maharashtra awarded FCRIT an A grade right from its inception. Electrical, EXTC, Mechanical and Computer engineering departments of the Institute have been awarded accreditation for three years by National Board of Accreditation up to June 2025. The Institute is also accredited by NAAC in February 2021. The Institute has been selected as the "Best College" in the category of best college amongst the Urban area under the "Best College Award" instituted by the University of Mumbai for the year 2020-21.

DEPARTMENT VISION

To evolve as a progressive center for modern technical education in the field of Electrical Engineering to produce self-sustainable professionals through value-based education.

DEPARTMENT MISSION

To provide modern technical education in the area of Electrical Engineering. To collaborate with industries and institutes of repute to grow progressively. To provide holistic environment for the development of socially responsible citizens.

ABOUT DEPARTMENT

1. Experienced and well qualified staff.
2. Excellent infrastructural facilities.
3. Very well-equipped laboratories.
4. Modern software for research and education.
5. Excellent student results.
6. Many UG/PG research grants to faculties.
7. Industrial consultancy and projects.

BACKGROUND

- Since the early 21st century, opportunities to integrate advancements in electronic communication technologies to facilitate the constraints and costs of the electrical grid have been apparent.
- Peak power rates are no longer forced to be averaged out and equally passed on to all consumers due to technological restrictions in metering. Simultaneously, growing concerns about the environmental impact of fossil-fueled power plants have facilitated a desire to employ greater amounts of renewable energy. Because dominant forms of energy such as wind and solar power are very variable, the necessity for increasingly sophisticated control systems to ease the interconnection of sources to the otherwise highly regulated grid became apparent. Power from solar cells (and, to a lesser extent, wind turbines) has also brought into question the necessity of huge, centralized power plants.
- The rapidly lowering costs suggest to a significant shift from centralized grid design to highly distributed grid topology, with power generated and consumed right at the grid's limitations.
- Also, AICTE has taken an initiative to promote new technology subjects which includes Microgrid as one of the honors course in engineering.

OBJECTIVES OF THE PROGRAM

1. To have knowledge of micro grid technology and the integration of renewable energy sources, in the electrical power system, as well as technologies linked to electric vehicle.
2. Learn about the background of Smart Grid and differences between the future Smart Grid and today's power system.
3. Resilient Energy Systems - Micro grids with locally produced renewables enable adaptable, and efficient energy networks.

TENTATIVE TOPICS TO BE COVERED

1. Present status of worldwide scenario of electricity generation.
2. Energy infrastructure-resilience and security
3. Major trends driving power system evolution.
4. State of the art technologies in power system.
5. Micro-grid: futuristic power system.
6. Microgrid as a building block of smart grid.
7. Smart grid versus conventional electrical networks.
8. Smart grid Infrastructure, communication system and its cyber security.
9. International standard IEC 61850 and its application to smart grid.
10. Micro grid /smart grid and Electric vehicles integration.
11. Environmental and social benefits on Micro grid operation.

THE INSTITUTION

The trust "Marathwada Mitramandal, Pune was established in 1967 by Hon. (Late) Shankarraoji Chavan as the Founder President. This trust is established through the inspiration of socially and educationally charged personalities, with motto (Welfare of Masses). The Marathwada Mitra Mandal Institute of Technology (MMIT) is established in year 2008. The institute runs under graduate engineering programs as Mechanical Engineering, Computer Engineering, Civil Engineering and Mechatronics Engineering. The institute is accredited with "A" grade by National Assessment and Accreditation Council (NAAC). The institute is also recognized as a nodal center for Virtual Laboratory from IIT Bombay. To impart employability skills in the students, MMCIII (Centre for Invention, Innovation and Incubation) is established through a joint collaboration with Tata Technologies and DST, Pune.

ABOUT CIVIL DEPARTMENT

The Department has offered a four-year degree program in Civil Engineering since the academic year of 2019-20, with student enrollment of 60. The Department is well equipped with modern infrastructural facilities and laboratories including ANSYS, MATLAB, Revit, 3ds Max & Etabs software's. Since its inception the department has actively participated in teaching, training, design & development, Research and extension activities. To ensure placement the department signs MOUs with different industries, engage in technical training, seminars and guest lectures by experts. Faculty members are dedicated and well qualified with specialization in various areas.

FDP SCHEDULE

11th to 14th March 2022
(Excluding Sunday)

Time: 2.00 pm to 4.00 pm daily
(Detail schedule will be sent on email of registered candidates)

WHO CAN ATTEND?

This FDP is open to all teaching faculty, research scholars, PG students and UG final year students, Entrepreneur.

This FDP will make the participants to understand the finer nuances involved in writing in research paper for to publish in a high quality referred journals.

Interested Candidates have to register prior to the date of FDP. Session link will be shared on registered mail ID.

OBJECTIVE OF IPR SESSION

This FDP is to aimed to build greater awareness and develop insights into the complex mechanism of creation, ownership and protection of Intellectual Property (IP)

The Main objective of this FDP is

- To create awareness on Intellectual Property Rights and Patents.
- To develop Academic and Industrial research perspective.
- To protect and explore IPRs.
- To improve the IP in the Marathwada region, Maharashtra state.
- To impart Hands-on training on Patent search technique and Patent specification drafting.
- To establish a link between industry and academia on IPR.

Department of Computer Engineering of Pillai HOC College of Engineering and Technology organized Five Day Faculty Development Program on "Research Methodology & IPR". The FDP was organized from 7th – 11th July, 2021. Total 120 faculty members from various parts of the country participated in the FDP. There was galaxy of eminent speakers for this five day FDP.

Date	7th – 11th July, 2021
Department	Computer Engineering
Resource Person	Dr. Rakesh Himte, Dr. Anil Maheshwari, Dr. Parakshit Mahalle, Dr. Satishkumar Verma and Dr. Rajesh Kulkarni
Coordinator	Ms. Babita Bhagat and Ms. Neetu Pillai

Day-1 session was based on Research Methodology & Publication by Dr. Rakesh Himte.

Dr. Rakesh Himte is working as a Dean student Counselling & HoD of Mechanical in Priyadarshini Institute of Engineering & Technology, Nagpur. The speaker enlightened the audience by sharing his knowledge in the field of research.

Day-2 session was based on Research Ethics by Dr. Anil Maheshwari.

Dr. Anil Maheshwari is working as Associate Dean at Sandip University, Nasik. The speaker explained what ethics is and which ethics we need to follow while doing research.

Day-3 session was based on Research Paper Writing by Dr. Parakshit Mahalle.

Dr. Parakshit Mahalle is working as Professor and Head of Department of Artificial Intelligence and Data Science in Bansilal Ramnath Agarwal Charitable Trust, Vishwakarma Institute of Information Technology, Pune. The speaker enlightened audience by explaining proper structure of research paper.

Day-4 session was based on Thesis writing using LaTeX by Dr. Satishkumar Verma.

Dr. Satishkumar Verma is working as Professor and Head of IT Department in Pillai College of Engineering, Panvel. The speaker highlighted importance of LaTeX over MS Word. How to use LaTeX, what all point we need to keep in mind while using LaTeX.

Day-5 session was based on IPR & Patenting by Dr. Rajesh Kulkarni.

Dr. Rajesh Kulkarni is an Associate Professor at MVSR College in Hyderabad, Telangana. The speaker enlightened the audience by showcasing real Patent documents through the website.

Individual Day and Overall Feedback was taken from all the participants. Participants gave good feedback for each day and congratulated co-ordinators and speakers in the end for all the efforts. E-Participation Certificate was given to all the participants.

ONE-WEEK
ONLINE FACULTY DEVELOPMENT PROGRAMME
on
Recent Trends in Artificial Intelligence and Machine Learning & its Applications

(*05th July – 09th July, 2021*)

In Association with CSI & IETE, Mumbai Chapter

Organized By:
Department of Information Technology & Computer Engineering

THEEM COLLEGE OF ENGINEERING

Accredited by NAAC-B+
Approved by AICTE, New Delhi and Affiliated to University of Mumbai
Boisar, Maharashtra-401501
+917769916109 www.theemcoe.org

About THEEMCOE:

Theem College Of Engineering is promoted by the H.J.Thim Trust, which has been founded to educate and empower the youth who play a decisive role in shaping the destiny of the nation. The College is located at Boisar (East) in serene and tranquil surroundings and was established in the year 2009 with an objective to impart quality education to students in the field of Technology. Theem COE has emerged as the only Premier Engineering College in Boisar with an overall intake of **480** students in graduate engineering programmes of **Computer, IT, Electronics & Telecom, Mechanical, Civil, Automobile, Electrical, Computer(AI & ML) Engg.**

In addition to this, the institute has the **240** intake in the Diploma Engineering programmes of **Computer, Mechanical, Civil and Electrical Engg.**
The institute well maintained infrastructure, rich academic excellence in Teaching Learning echo system steers students to achieve their career goals. To enhance multi-tasking growth, the institute equally focuses on co-curricular and extra-curricular activities which yielded university ranks holders and winners of various technical and sports events.

About the Department:

The Department of Computer Engg. and Information Technology was formed with the primary objective of providing quality education in the field of Technology. Right from its inception, the Department has been offering excellent infrastructural facilities with a variety of computing platforms to aspiring IT students to meet the rapidly increasing demands of the IT industry. Importance is given to quality teaching and learning process through faculty development programs for teachers and soft skill programmes for students.

About the Course:

Machine Learning (ML) is the scientific study of algorithms and statistical models that computer systems use to perform a specific task without using explicit instructions, relying on patterns and inference instead. The purpose of Machine Learning is to discover patterns in the data and then make predictions based on often complex patterns to answer business questions, detect and analyze trends and help solve problems. Machine Learning is effectively a method of data analysis that works by automating the process of building data models.

Topics to be covered:

- Introduction to AI, Data Science & Statistical Methods,
- Regression Models
- Introduction to Machine Learning, Supervised,
- Unsupervised Learning Techniques and
- Decision trees, R-programming, Feature
- Representation, Ensemble Methods,
- Real Time Applications.
- Dimensionality Reduction Method,
- Unsupervised Learning Methods & its applications.

Objectives of the FDP:

- To equip teachers with skills and knowledge in the field of AI and Machine Learning, this is essential for inculcating learning values in students and guiding & monitoring their progress towards their career.
- To make the faculties to train the students to create interest towards the field of AI & Machine Learning and also familiarize the students with the practical aspects of this field and gradually teach them the industrial usage of Machine Learning and its various applications.

Certification:

A quiz shall be conducted by the coordinator at the end of the program. The certificate is likely to be issued by AICTE-ATAL to those participants who have attended the program with **80%** attendance and scored minimum **60%** marks in the test.

THE INSTITUTION

The trust "Marathwada Mitramandal, Pune was established in 1967 by Hon. (Late) Shankarraoji Chavan as the Founder President. This trust is established through the inspiration of socially and educationally charged personalities, with motto (Welfare of Masses). The Marathwada Mitra Mandal Institute of Technology (MMIT) is established in year 2008. The institute runs under graduate engineering programs as Mechanical Engineering, Computer Engineering, Civil Engineering and Mechatronics Engineering. The institute is accredited with "A" grade by National Assessment and Accreditation Council (NAAC). The institute is also recognized as a nodal center for Virtual Laboratory from IIT Bombay. To impart employability skills in the students, MMCIII (Centre for Invention, Innovation and Incubation) is established through a joint collaboration with Tata Technologies and DST, Pune.

ABOUT CIVIL DEPARTMENT

The Department has offered a four-year degree program in Civil Engineering since the academic year of 2019-20, with student enrollment of 60. The Department is well equipped with modern infrastructural facilities and laboratories including ANSYS, MATLAB, Revit, 3ds Max & Etabs software's. Since its inception the department has actively participated in teaching, training, design & development, Research and extension activities. To ensure placement the department signs MOUs with different industries, engage in technical training, seminars and guest lectures by experts. Faculty members are dedicated and well qualified with specialization in various areas.

OBJECTIVE OF IPR SESSION

This FDP is to aimed to build greater awareness and develop insights into the complex mechanism of creation, ownership and protection of Intellectual Property (IP)

The Main objective of this FDP is

● To create awareness on Intellectual Property Rights and Patents.

● To develop Academic and Industrial research perspective.

● To protect and explore IPRs.

● To improve the IP in the Marathwada region, Maharashtra state.

● To impart Hands-on training on Patent search technique and Patent specification drafting.

● To establish a link between industry and academia on IPR.

WHO CAN ATTEND?

This FDP is open to all teaching faculty, research scholars, PG students and UG final year students, Entrepreneur.

This FDP will make the participants to understand the finer nuances involved in writing in research paper for to publish in a high quality referred journals.

Interested Candidates have to register prior to the date of FDP. Session link will be shared on registered mail ID.

Sant Gadge Baba Amravati University, Amravati

National Level Faculty Development Programme

On

G Suite and Allied Tools in Education, Teaching & E-Content Development

Organised by

Post-Graduate Department of Computer Science& Engineering

(29/06/2020 to 04/07/2020)

About the University:

Sant Gadge Baba Amravati University is established on 1st May 1983, the auspicious Maharashtra Day & International Workers' Day. This University serves for Western Vidarbha covering Amravati, Akola, Yavatmal, Buldhana and Washim districts of Maharashtra State. The University is accredited with Grade 'A' by NAAC with CGPA of 3.07. TheUniversity has a glorious past of imparting the education at levels of national and international standards. This record is maintained continuously at present with the help of latest technologies, ICT, ITeS, Online platforms, etc.

About PG Department of Computer Science & Engineering:

PG Department of Computer Science & Engineering was established in 1986 and involved in teaching & research in the faculty of science and technology. The department is running Post Graduate courses in computer science, computer engineering; and information technology. It is approved by AICTE and having funding collaborations with UGC, AICTE, DST, MHRD.The department is also having collaborations at National and International levels for academics and the conduct of various activities.

Aims and Objectives:

The aims and objective of the One Week FDPare to create awareness, to give hands-on practice and to develop skills using G Suite and some related software tools and components like Testmoz, Zoom etc for catering to the needs of education, teaching and e-content development.

About the FDP:

The scope of One Week FDP covers "G Suite and Allied Tools in Education, Teaching & e-Content Development" which provides awareness, training, hands-on practice and some other tools for imparting Online Education, Teaching, Learning, Research, e-content development etc.It provides a national forum for the exchange of ideas among interested teachers, researchers, students, developers, and practitioners in the areas of use of information technology,computing, communications and informatics to focusonline education.

In the era of advancement in ITeS, MICT & IICT mediums of imparting Education are changing rapidly. Due to COVID-10 pandemic methods of teaching and learning need to change. The objective of this faculty development programme is to create an IT based environment among teachers, researchers, IT users, professionals, and learners through various channels of educational delivery and this will fill the gap for the offsite learners. This will inspire the participants to use ITeS in education, research, extension, development activitiesthroughonline platforms and developing skills to design e-content.After successful completion of the program participant will be able to create its e-Content and deliver it.

Program Contents:

- ➢ **G Suite for Communication -**Connect, Share, Chat, Meeting, Video Conferencing.
- ➢ **G Suite for e Contents -** Create and Send, Share e-Contents through Google Tools.
- ➢ **G Suite for Education** -Creates Class andShare the Material With Students. Build automatically Graded Tests. Tool for Evaluation, Online Exam Conduction.
- ➢ **G Suite for new Creations -**Create own Google Sites, Insert Table of Content, Image Carousel, Button, Auto Send Certificates Instantly through Google Forms.
- ➢ **G Suite for Control -**Manage Users, Devices, and Data Securely and easily.
- ➢ **G Suite for Access-**Permanently Stores Photos, Videos, Documents, Share Files and Folders.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

ORGANIZES
AICTE SPONSORED
TWO WEEKS
FACULTY DEVELOPMENT PROGRAM On

"EMERGING TRENDS IN MEDICAL IMAGE PROCESSING AND ITS APPLICATIONS"

9TH - 21ST DECEMBER, 2019

About AIT:

Adichunchanagiri Institute of Technology (AIT) was established in 1980 at Chikkamagaluru (240 km from Bengaluru), with the blessings of revered Jagadguru Padmabhushana Sri Sri Sri Dr. Balagangadharanatha Mahaswamiji of Sri Adichunchanagiri Mahasamsthana Math. The present pontiff His Holiness Parama Poojya Jagadguru Sri Sri Sri Dr. Nirmalanandanatha Mahaswamiji is the guiding force for all our activities. The AIT campus is spread over 65 acres of land with green surroundings and picturesque hillocks. The college has conducive atmosphere for education. The institute is affiliated to Visvesvaraya Technological University (VTU), Belagavi recognized and approved by All India Council for Technical Education (AICTE), New Delhi and Government of Karnataka. All the Academic programs of Institute are accredited by National Board of Accreditation (NBA) New Delhi, ISO 9001-2008 Certified and accredited by NAAC during the year 2017.

About The Department:

The Department of Computer Science and Engineering is established in the year 1986. It was earlier affiliated to the Mysore University later to the Kuvempu University and at present it is affiliated to Visvesvaraya Technological University, Belagavi. The alumni of the department are working in various reputed organizations in India and abroad. The department is accredited twice by National Broad of Accreditation, New Delhi. The department offers UG, PG Courses with an intake of 120 and 18 respectively and facilitates R&D through VTU recognized research center. The department has received funds from different reputed agencies like AICTE, DRDO, VGST, KSCST, ISRO, ISTE etc., for various activities. The department has highly qualified and experienced faculty with reputation in their areas of specialization. The department conducts seminars, workshops, conferences and training programs every year for the benefit of students and staffs. The department provides facilities such as Wi-Fi, EDUSAT for the e-learning, well equipped seminar hall and department library with adequate number of books, journals and magazines. The students of the department have secured many university ranks in the past and recently Ms. Divya Prabhu K P has bagged second rank in VTU exams during 2016-17. Department has Conducted First IEEE International Conference on "Advances in Information Technology" during July 2019.

About FDP:

Image processing is a method to perform operations on an image, in order to get an enhanced image or to extract useful information. The advent of computer aided technologies and image processing techniques have become increasingly important in a wide variety of medical applications. Intervention between the protection of useful diagnostic information and noise suppression must be treasured in medical images. The rapid progress in computerized medical image reconstruction and the associated developments in analysis of methods and computer-aided diagnosis has boosted medical imaging into one of the most important sub-fields in scientific imaging. Ultrasound, MRI, CT-Scan, PET Scan are the medical techniques mainly used by the radiologist for visualization of internal structure of the human body.

Medical Image processing has become a key-Technology in high-tech Medical applications and is an ubiquitous part of modern imaging systems and selected processes of the clinical diagnosis. Over the past years, significant progress has been made in the field, both on methodological and at the application level. Despite this progress, there are still challenges to meet in order to establish routine use of Image Processing in health care. In this regard, selected contributions of this FDP on Medical Image Processing and its Applications are assembled to present latest advances in the field of Medical Image Processing.

Objectives Of FDP

1. To introduce the participants to the significance of Medical Image Processing and its Applications.
2. To explore new directions in the field of Medical Image Processing.
3. To provide the Hands-on experience to the participants and timely update on the most recent development in this area.
4. To continuously update the knowledge and skills for educators, researchers and participating delegates in the applications of Medical Image Processing.
5. To focuse mainly on Medical Image Processing in Clinical Research for image analysis.

Programme Contents:

1. Fundamentals of Medical Image Processing.
2. Pre-Processing techniques.
3. Image segmentation algorithms.
4. Medical image classification and prediction methods.
5. Medical image processing and its applications.
6. Emerging research areas in medical image processing.
7. Hands-on sessions on recent tools & techniques in medical image processing.

Important Notes:

- **Attending every session including hands-on is mandatory for 2 weeks.**
- **Attendance will be taken for every session including hands-on.**
- **All the participants will be issued participation certificate.**
- **Passing the qualification test is mandatory to issue qualifying certificate.**

Important Dates:

- **Last date for registration : 14/11/2019**
- **Date of Confirmation : 20/11/2019**

Selected candidates will be intimated through Email.

Accommodation:

- Accommodation will be provided for the out station participants on prior request.

Registration:

- **No Registration fee.**
- Registration is based on first come first serve (maximum of 40 participants).

Travelling allowance:

- Nominal travelling expenses will be provided on producing the actual tickets.

About the Institute

This institute having multifaculty, providing education through Arts, Commerce & Science stream including BSc.IT, B.Sc. Computer Science & B.M.S. for rural, hilly educationally backward region in Kokan of Maharashtra state. The primary purpose that the institute strives to drive is creating a knowledgeable and empowered rural India through quality education with the vision. "To make educate, earner & empower to rural India". This institute is trying to bring together the best global practices, corporate thinking, accountability & computer literacy. Last from 27 years this institute is providing higher education in this region which was included under educationally backward area, but as per current census this region is removed from educationally backward region, this what we believe our journey is towards vision.

in association with Spoken Tutorial, IIT Bombay.

Introduction:
        LaTeX is a document preparation system for high-quality typesetting. Often used for technical or scientific documents, it can be used for almost any form of publishing: letter, report, textbook, etc ...LaTeX lets authors get with writing documents without being bothered about document design.

FDP Details:
Instruction to the participants:
1.No registration fee .
2.Certification is free of cost from Spoken Tutorial, IIT Bombay.
3.The Participant registration link is as follows : https://forms.gle/H45rwtG6H3Jv3cwH8
4.Last date of registration - 14th June 2020 till 5.00 pm.

Our FDP program goes like this:
1.FDP begins on 15.06.2020 and ends on 19.06.2020 (5 days)
2. Everyday at 10 am, URL of video lectures will be posted in the E-mail / Telegram group.
3.You can watch this video at your convenient time.
4.The participants who successfully complete the assignment/ pass MCQ examination and submit the Feedback form will be eligible to get FDP Participation Certificate.
5.Participation certificates will be sent via email..

About the Institute

Theem College of Engineering (TCOE) is promoted by the H. J.Thim Trust, which is founded to educate and empower the youth who play a decisive role in shaping the destiny of the nation. The College is located at Boisar (East). In serene and tranquil surroundings and was established in the year 2009 with an objective to impart quality education to students in the field of Technology. The Institute is affiliated to Mumbai University (MU) and approved by AICTE (Delhi).

TCOE has emerged as the only Premier Engineering College in Boisar with an overall intake of 540 students in various fields of engineering viz. Computer, Information Technology, Electronics & Telecommunication, Mechanical, Civil, Electrical and Automobile. The institute has a rich tradition of pursuing academic excellence and overall personal growth. This is achieved by conducting regular examinations, providing excellent infrastructure and above all, with the presence of dedicated and highly qualified faculty members, who strive in ensuring the all-round development of the professionals emerging from this institute.

The college has also started Diploma courses in Computer, Mechanical and Civil Engineering from the year 2012. The total intake in the above fields of Diploma Engineering courses is 240 students

➢ Recognized by All India Council for Technical Education, New Delhi.

➢ National Board of Accreditation (NBA) accredited courses: 'Computer' Engineering, Mechanical Engineering and Electronics & Engineering

➢ Telecommunication. Permanently affiliated to University of Mumbai.

➢ 'A' Grade awarded by Govt. of Maharashtra.

➢ ISO: 9001-2008 Certified Institution.

➢ Offers 4-year Degree Engineering Courses in Mechanical Engineering, Electronics & Telecommunication, Information Technology, Computer Engineering & Instrumentation Engineering.

Theem College of Engineering, Boisar (MH-421)

Department of Automobile Engineering

The Department of Automobile Engineering has started B.E. degree programme in Automobile Engineering in the year 2012 with an intake of 60 students.

The department has CAD/CAM centre with updated commercial CAE softwares for better understanding in machine design. Other labs viz. I.C. Engine lab, Vehicle Maintenance lab, Autotronics lab and Theem Excellence Centre-Automobile (TECA) which is equipped with modern BMW engines and other components that are very beneficial to the students to get deep insight and practical knowledge of the subject. Industry-institute interaction is a regular phenomenon of this department. Talks, workshops and seminars on different technological aspects and emerging trends are conducted at regular intervals to keep students updated with industry requirements and practices.

The Department is supported with a team of dedicated, highly qualified and experienced Faculty. They strive for overall development of the students.

About the FDP

The FDP focuses on Finite Element Method (FEM) which is a numerical and computer- based technique for solving a variety of practical engineering problems involving structural, thermal and fluid flow domains. It is recognized by developers and users as one of the the most powerful numerical analysis tools ever devised to analyze complex problems of engineering. The underlying theory of the method is now well established, with many books and courses providing adequate explanations of the theory. However, most people using the method, via commercial software or in-house codes, do not often understand the method as applied to engineering problems, especially in generating output data and interpreting the results. As participants are expected from different institutions, this course would provide an excellent opportunity for the participants to interact with one another and discuss problems and solutions of mutual interest.

Objectives of Program:

The main objective of this faculty development program is to promote the basic and applications of finite element methods to solve the several types of engineering problems. Applicability of the method and different types of formulation procedures will be explained. Complete step-by-step details will be presented for typical 1D, 2D and three-dimensional analysis. The programme includes hands-on-sessions for solving engineering problems using ANSYS software.

Contents:

- Basic concepts of FEM
- Overview of FEM and its applications
- Structural Mechanics
- 1D,2D and 3D Simulations
- Dynamic Analysis
- Modal Analyses
- Random Vibration Analysis
- Thermal and Transient analysis
- Optimization using DOE
- Buckling and stress stiffening

ABOUT INSTITUTE

St. John College of Engineering and Management (SJCEM), is a Christian religious minority institute as notified by the Maharashtra State Minorities Development Department, approved by AICTE and affiliated to University of Mumbai. The college was established in the year 2008 for providing Professional education , developing the expertise and enhancing the creativity of youth of the Suburban and Rural population by the Philanthropic visionary and renowned industrialist MR. ALBERT W. D'SOUZA Chairman of Aldel Education Trust ,Managing Director, Printania Group of Industries and Chairman of Model Co-Op Bank Ltd,with the vision 'Excellence in Serving to Educate, Educating to Serve.

VISION

"To create high quality civil engineers with global perspective and to inculcate in them professionalism and work ethics for building a stronger society"

MISSION

- To nurture civil engineers with competent technical skills, professional and ethical values to serve the Nation
- To transform the department into a centre of excellence in the filed of civil engineering allied research.
- To provide knowledge base through consultancy services to the community in all areas of civil engineering
- To inculcate innovation and eco sustainable construction in the minds of budding civil engineers to face ever evolving challenges

QUALITY POLICY

To impart quality professional education with conducive environment for technology enabled teaching-learning and to nurture socially responsible professionals with enhanced employability skills.

ABOUT DEPARTMENT

The Department of Civil Engineering was established in the year 2008 with a vision to *create high quality Civil engineers with global perspective and to inculcate in them professionalism and ethics for building a stronger society.* Civil engineering discipline is involved actively in Consultancy, Material testing and Quality Assurance in accordance and collaboration with organization like CIDCO.

OBJECTIVE OF THE WORKSHOP

In the Recent development of the Civil engineering industry, significant evolvement has been observed. A number of Civil engineering softwares have been developed for the design and analysis. With availability of advanced tools and techniques, design phase has got simplified and many aspects of the design of high rise structure and complex civil engineering problems have been reformed. Presently it's a need that every Civil engineer studies, enhance their knowledge by upgrading their knowledge of softwares in Civil engineering like ETABS, Staad PRO, MIDAS, SAFE and many more. This STTP will cover an overview of softwares based on FEM and in detail design phase including Analysis of results. The different models can demonstrate actual working of design tasks carried out in Industry. The Session will benefit the Faculty, Students & Industry personnel related to the design of Civil engineering structures.

METHODOLOGY

The workshop will mainly include solving of complex engineering problems, the software used will be MIDAS Civil. The significance of modelling and analysis of structure followed by a moderate level training will be provided.

RESOURCE PERSONS

The sessions will be delivered by:
Mr. Omkar Salunkhe
Design Engineer, *AFCONS Infrastructure Ltd.*
Mr. Naresh Mistri
Design Engineer, *Mahimtura Consultants Pvt. Ltd.*

EXPECTED OUTCOMES OF THE WORKSHOP

- Participant will be able to understand the basics of the structural engineering design software.
- Participant will be able to analyse and design RCC structures based on Finite element method.
- Participant will be able to assess in detail' result interpretation of the modeling of structures in MIDAS software.
- Participant will be able to analyse the structure for Seismic effects.

REGISTRATION DETAILS

For 50 Seats of Participation (30 for Students)
UG/PG students/ Research Scholars: ₹500/-
Faculty from Degree/Polytechnic Colleges: ₹ 1000/-
Industrialist/Engineers: ₹ 1500/-
ISTE Members will get a concession of ₹ 300/-
The registration fees include registration kit, lunch and refreshments. Registration fees should be in **Cash.**
